To Whom It May Concern:

I am writing on behalf of myself and other contact lens wearers to voice my opinion! I do not believe that anyone has the right to tell me who to buy my contacts from.

I would be very inconvenienced and unhappy if this were true. At the present time with a physician prescription I am able to buy my contacts from whom I please.

As a nurse and mother I have a very hectic schedule and am very pleased that I can pick up the phone to call who I please and have contacts mailed to me. That is the most time I have to devote to this. It would seem to be very unfair and inequitable for a physician to try to tell me who I can and cannot buy contacts from. Does this mean that I now cannot go to a optical shop and buy eyeglasses unless it belongs to that physician?

Sincerely,

Kathryn LaRussa, R.N., B.S.N., C.C.R.C.
