Mailing address: Contact Lens Rule, Project No. 411002,
The Federal Trade Commission/Office of the Secretary, Room 159-H (Annex A)
Washington DC

To whom it may concern, I am writing to provide feedback on the proposed legislation that would introduce a waiting time on the shipment of contact lenses. I am opposed to any delay in a consumers ability to get direct overnight shipments of lenses. As an Internet user, I find that the choice, convenience, selection and pricing available to Internet buyers is of great service. Many times we (the family of four - all contact wearers) need additional lenses or must change prescriptions when my children's eyes change and introducing a waiting period would impact my ability to procure needed supplies in a timely manner.

Please give this matter your utmost consideration and reject any waiting time constraints on the shipment of lense
