Subject: Proposed Rule Change

TO WHOM IT MAY CONCERN:

1800CONTACTS reported to me that the Federal Trade Commission is proposing changing the rules regarding ordering contacts from alternative sources that would delay the shipment of contacts by days. Is this true, and if so, what would the possible reason be for the delay? It is important to me to be able to receive my contacts quickly, and unless there is a good reason to change the rules, I would be strongly opposed to such a rule change.
