Subject: Contact Lense Perscription Disclosure

As a US consumer, I would like to request that you continue to enforce the law requiring eye doctors to provide me with a copy of my prescription. While it is easy to get a prescription for glasses, on several occasions opticians have refused to give me one for contact lenses. This is inspite of my paying for the eye exam. Please continue to enforce the newly passed law requiring them to do so. The eye doctors lobbying against this is self serving and against the interests of the American consumer.

Regards,
