My Eye Dr.'s office tries to pressure me

This is a necessary law

Dear Sirs,

It is very important to me that I be allowed to have my contact lens prescription & to buy them wherever I want. My own eye doctor wanted me to buy them from her @ \$49.95 per box and ~~that~~ the same thing is available at Sam's Club for \$13.49, Walmart @ \$19.99, Eye Doctors are ripping us off.

This note is to inform you that I support the law which gives people the right to their contact lens prescriptions. I would like the freedom to choose where I can buy my contact lenses and want buying my lenses to be easy and convenient. I have had difficulty in the past in buying my contacts, as my doctor was hesitant in releasing a prescription for me to purchase them at a wholesale distributor. I believe patients are entitled to receive a copy of their prescription for contact lenses. In the past, we have been charged excessive rates to obtain a minimum six month supply from our eye doctor. We have then ordered additional lenses (based on the printed prescription on the mailing container) for as much as 50% savings over that charged by the eye doctor. One doctor charged an extra \$75 to "fit" the lenses even though they never performed the service. Help the consumer save money!

I am in total support of patients receiving a copy of their contact lens prescription. It should be our right since we are paying for it anyway. But the main reasons are that it would allow us to purchase quality lens at the vendor of our choice and having a prescription with us when traveling would allow us to get lens when away from home. Personally, my doctor wants me to purchase lens only from him and he is very expensive compared to other sources.

I wear both contacts + glasses. The eye doctor has always given me a written copy of my glasses prescription - which I carry on vacation, etc. With the prescription I can go anywhere I'd like to order my glasses. But when it comes to ordering contacts I am not afforded the same option. The eye doctor has never given me my prescription + has always insisted I order my lenses through him. When I mention having a place I'd prefer to purchase them, he swears he's the same price - although he's not - and it takes over a week to get lenses. Contact lens wearers should receive their prescription with no questions asked! I SUPPORT THE NEW CONTACT LENS LAW THAT GIVES ME THE RIGHT TO KNOW MY CONTACT LENS PRESCRIPTION AND THUS THE FREEDOM TO CHOOSE WHERE I BUY THEM.

FOR MANY YEARS, MY OPTOMETRIST (DR. ELLIOT STENDIG) REFUSED TO DO THIS, AND HE WOULD OVERCHARGE ME FOR EYE EXAMS IF I DID NOT BUY MY CONTACT LENSES FROM HIM. HE IS MY FORMER OPTOMETRIST.

The freedom to choose is imperative.
If a person seeks medical attention

choice. It is fundamental to a

Dear Federal Trade Commission:

I support the new Contact Lens Law! It is important to me that buying my contacts be easy & convenient. Plus, I should be able to choose whom I buy my contacts from!

A few years back, I tried to obtain a copy of my Rx from my eye doctor. The receptionist was extremely unpleasant and said she wouldn't release it to me because I hadn't come back for a "follow-up visit" (which was to purchase my contacts from them!) I told them they were overpriced & I wanted to order from elsewhere. It was a struggle, but I finally talked this woman into sending me a copy of my Rx. It shouldn't be that way! I should be able to choose where I want to buy my contacts! - Judy Lucas

Freedom... The American Dream

Intelligent people want to be able to choose for themselves. We have evolved, we want to be able to care for ourselves.

More & more we see that sabotage.

Try cancelling AOL - to stop the billing - people have had to cut up their credit card for new ones. Computers cut us off from anyone who could possibly help.

The power⁺ of lobbying strips the average man of any choice.

I want the freedom to choose where & who I get my contacts from:

Dear Agency Representatives

I am writing in support of the "Fairness to Contact Lens Consumers Act of 2003." I have been wearing contact lenses for over 20 years now. My prescription has not changed in the past 5 years. I have had to pay for an additional eye exam to obtain a prescription so that I could continue to mail order my lenses. This is a waste of time & money. I should be able to buy my lenses anywhere without being penalized for not buying them from the people who do eye exams or their affiliates. This area
