Please keep the Contact Lens
Laws. It should be given as freely
as an eye glass prescription so
I may shop where I please.

Federal Trade Commission:

I support the law which gives me the right to my contact lens prescription. I want buying my lenses to be easy and convenient and I want the freedom to choose where to buy them. It should be the same for contact lens wearers as it is for eyeglass wearers.

Sincerely,

I support the law which gives me the right to obtain my contact lens prescription.

I want to be able to buy my contact lenses anywhere I choose.

I don't want to lose the freedom of choice of where I want to buy my lenses. The doctor who usually writes the Rx charges more money than other ^{places} Please do not print below this line ~~USA~~ ~~late~~

I am completely in

agreement with 1800 contacts.

They are priced reasonably
and I don't feel like I'm being
ripped off like I do at the
Eye Drs. office. The eye dr. is
only out to make \$.

We should have a right to
choose where to buy our contacts.
Dr's should be required to give both

To The Federal Trade Commission -
Re: The Contact Lens Rule:

I would like to let you know that as a contact lens wearer, I support the law that gives me the right to my contact lens prescription. I feel I should have the right to choose where to buy my contact lenses, & I would be very troubled if this choice was denied to me.

I do support the Fairness to Contact Lens Consumers Act of 2003, & urge the FTC to keep this law in effect.

Thank you - Kathleen Noel

I support legislation that allows me to purchase contacts from vendors other than my optometrist. It gives me the freedom to shop for the best price. I have experienced difficulty in obtaining prescription info. from a Doctor.

I support the New Contact lens Law. It is important to me to buy my contact lenses at a time which is very convenient for me and I do not have to pay outrageous prices for the same lenses when I can buy them at a cheaper price when ever I need to buy them. I once went to a local eye doctor not only did the charge \$100.00 for the exam fee for contact lenses he wanted me to purchase the lenses for \$300.00 and when I told them what I would buy them elsewhere ^{Please do not print below this line} he refused to give me the prescription I copied my prescription down on my hand and the same lenses for $\frac{1}{2}$ the price

- 1.) I support the law which gives me the right to obtain my contact lens prescription.
- 2.) I would like to buy my lenses in a convenient way - to choose where to buy them .

To whom it may concern:

I support the new contact
Len Law. I like the freedom
of buying my lenses whenever
I want to and at the best price.
With my frequent insurance change,
new prescriptions and new doctors
don't work for me. I want the
freedom to choose. Sue Fulton
