"Connecting San Antonio & Music For Over 18 Years"

Federal Trade Commission:

I am a small, family owned independent music store that has been doing business since 1982. My struggles to stay in business have been long and hard. I saw many of my fellow independents go out of business, especially during 1994-1996 when the Best Buy/Circuit City price wars went on. San Antonio, the 8th largest city in the nation went from about 20 independent stores to about 4 in a matter of 3 or 4 years. HELLOOO!!! After the elimination of M.A.P. we should go down to 0!

"Small business is the heart of the economy in the U.S.", I'm not sure, but I think it's the government who said that. Back it up by proving it.

Thanks,
