Subject: Spyware Workshop - Comment, P044509

To whom it may concern:

Spyware has been a plague to my computer even with spyware killer software. I feel it is an uninvited intrusion to my privacy and against the law. I can't opt in or out without spyware killer software. Pop ups and adware are a big annoyance and invasion of my personal property which I can't post a no trespassing sign on. Please do something to stop this intrusion if at all possible.
