I Am Fed Up With Spyware And Adware,I pay Good Money to UseThe Web And Plenty Of TAXES,This Money Greedy Companies Have No Right To make me see what they want, Maybe if we all start suing them for damages caused to our systems We can put them out of service and if not at least we can cause them and there money greedy lawers more Grief and plenty of expence,maybe we should pass a law making them pay for our monthly cost on our internet services plus hourly wages for having to veiw there CRAP! I keep forgetting it is about that DAM bottom LINE,its never enough-is It?
