FEDERAL TRADE COMMISSION

16 CFR Part 305

RIN 3084-AA26

Rule Concerning Disclosures Regarding Energy Consumption and Water Use of Certain Home Appliances and Other Products Required Under the Energy Policy and Conservation Act ("Appliance Labeling Rule"); Correction to Ranges of Comparability for Clothes Washers

AGENCY: Federal Trade Commission.

ACTION: Final rule.

SUMMARY: The Federal Trade Commission amends its Appliance Labeling Rule by issuing corrections to the ranges of comparability used on required labels for clothes washers that were published on April 21, 1995.¹ Properly labeled clothes washers manufactured prior to the effective date of this document (including clothes washers labeled in accordance with the ranges published on April 21, 1995)

¹ 60 FR 19845. The ranges were to become effective on July 20, 1995.

need not be relabeled. Catalogs printed prior to the effective date in accordance with 16 CFR 305.14 need not be revised. Those manufacturers who have already printed or purchased labels in reliance on the April 21 document may use those labels until the label stock is exhausted; they must use labels based on the ranges published today after that.

EFFECTIVE DATE: August 23, 1995.

FOR FURTHER INFORMATION CONTACT: James Mills, Attorney, 202-326-3035, Division of Enforcement, Federal Trade Commission, Washington, D.C. 20580.

SUPPLEMENTARY INFORMATION: This notice publishes the corrected range figures, which, under Sections 305.10, 305.11 and 305.14 of the rule, must be used on labels on clothes washers manufactured on and after August 23, 1995 and in advertising of clothes washers in catalogs printed after August 23, 1995.

Estimated annual energy consumption figures for 1995 for clothes washers have been submitted by manufacturers and analyzed by the Commission. New ranges of comparability based upon them were published in the **Federal Register** on April 21, 1995. The staff of the Commission has learned since publication of the ranges that there was an inadvertent error in the ranges. The staff has corrected the error, and the new ranges published today reflect the correction. For the sake of clarity, the Commission is republishing the complete set of ranges in their correction form.

Although this corrected notice is being published prior to the effective date of the April 21, 1995 notice, which is now rescinded, manufacturers need not relabel any appliances already labeled and may use any labels that were ordered or printed before the date of this notice in good faith reliance on the April 21 notice. After this initial stock of labels is exhausted, however, labels based on today's notice must be used.

In consideration of the foregoing, the Commission amends Appendix F of its Appliance Labeling Rule by publishing the following ranges of comparability for use in the labeling and advertising of clothes washers beginning August 23, 1995.

Adoption of Updated EDGAR Filer Manual

AGENCY: Securities and Exchange Commission.

ACTION: Final rules.

SUMMARY: The Commission is adopting an updated edition of the EDGAR Filer Manual and is providing for its incorporation by reference into the Code of Federal Regulations.

EFFECTIVE DATES: The amendment to Regulation S-T will be effective on June 7, 1995. The new edition of the EDGAR Filer Manual (Release 4.30) will be effective on June 7, 1995. The incorporation by reference of the EDGAR Filer Manual is approved by the

Director of the Federal Register as of June 7, 1995.

FOR FURTHER INFORMATION CONTACT: In the Office of Information Technology, David T. Copenhafer at (202) 942-8800; in the Division of Corporation Finance, Sylvia J. Reis or Serena C. Swegle at (202) 942-2940; in the Division of Investment Management, Anthony A. Vertuno at (202) 942-0591 or Ruth Armfield Sanders at (202) 942-0633.

SUPPLEMENTARY INFORMATION: The Commission today announces the adoption of an updated EDGAR Filer Manual (“Filer Manual”), which sets forth the technical formatting requirements governing the preparation and submission of electronic filings through the Electronic Data Gathering, Analysis, and Retrieval (“EDGAR”) system.¹ Compliance with the provisions of the Filer Manual is required in order to assure the timely acceptance and processing of filings made in electronic format.² Filers should consult the Filer Manual in conjunction with the Commission’s rules governing mandated electronic filing when preparing documents for electronic submission.³ In this update, new form types have been added in order to implement solutions to prospectus delivery issues arising in connection with the change to T+3 securities transaction settlement.⁴ The updated manual also contains some minor additional changes to reflect improvements requested by the filer community and SEC staff, such as the extension of the length of time that temporary passwords remain active. Rule 301 of Regulation S-T also is being amended to provide for the incorporation by reference of the Filer Manual into the Code of Federal

¹ The Filer Manual originally was adopted on April 1, 1993, and became effective on April 26, 1993. Release No. 33-6986 (April 1, 1993) [58 FR 18638]. Updates to the Filer Manual were adopted in July and September of 1994, and January of 1995. Release No. 33-7073 (July 8, 1994) [59 FR 36262], Release No. 33-7094 [59 FR 49572] and Release No. 33-7123 [59 FR 68068], respectively.

² See Rule 301 of Regulation S-T (17 CFR 232.301).

³ See Release Nos. 33-6977 (February 23, 1993) [58 FR 14628], IC-19284 (February 23, 1993) [58 FR 14848], 35-25746 (February 23, 1993) [58 FR 14999], and 33-6980 (February 23, 1993) [58 FR 15009] for a comprehensive treatment of the rules adopted by the Commission governing mandated electronic filing. See also Release No. 33-7122 (December 19, 1994), in which the Commission made the EDGAR rules final and applicable to all domestic registrants and adopted minor amendments to the EDGAR rules.

⁴ Securities Act Release No. 7168 (May 11, 1995) [60 FR 26604]. Additional programming related to this rulemaking will be completed at a later date. Notice will be provided in the SEC News Digest and the **Federal Register**, and on the EDGAR Bulletin Board.

Regulations, which incorporation by reference was approved by the Director of the Federal Register in accordance with 5 U.S.C. 552(a) and 1 CFR Part 51. The revised Filer Manual and the amendment to Rule 301 will be effective on June 7, 1995.

Paper copies of the updated Filer Manual may be obtained at the following address: Public Reference Room, U.S. Securities and Exchange Commission, Mail Stop 1-2, 450 Fifth Street, N.W., Washington D.C. 20549. Electronic format copies will be available on the EDGAR electronic bulletin board. Copies also may be obtained from Disclosure Incorporated, the paper and microfiche contractor for the Commission, at (800) 638-8241.

Since the Filer Manual relates solely to agency procedure or practice, publication for notice and comment is not required under the Administrative Procedure Act.⁵ It follows that the requirements of the Regulatory Flexibility Act⁶ do not apply.

The changes in the Filer Manual are effective June 7, 1995, in accordance with the Administrative Procedure Act, which allows for effectiveness in less than 30 days after publication, if, *inter alia*, “otherwise provided by the agency for good cause found and published with the rule.” 5 U.S.C 553(d)(3). The Commission finds that there is good cause for the updated Filer Manual to become effective on June 7, 1995 since the changes are designed to allow market participants to comply with the T+3 settlement cycle. The Commission adopted final rules to facilitate prospectus delivery within the T+3 settlement cycle. See Release No. 33-7168 (May 11, 1995). Those rules, as well as overall implementation of T+3 settlement, will become effective on June 7, 1995. The changes made by the updated Filer Manual are designed to permit electronic filing of the appropriate forms consistent with Release No. 33-7168 (May 11, 1995). Therefore, it is appropriate to make the updated Filer Manual effective on the same date as the newly adopted rules. Moreover, effectiveness of the new rules and the new Filer Manual on the same date will ensure that potential market disruption relating to prospectus delivery would be avoided.
