Dear Isaac,

I want to thank you from the bottom of my heart for the help you have given us over this past year. When my husband and I first contacted your company in January, we were truly at the very end of our respective ropes. We were so far in debt that we couldn't even pay the minimum balances for each card. I had to juggle the bills and pay the few that were either the most important or the oldest. We were using our credit cards for food because we had no money! We both would lie awake at night and wonder what was going to happen to us and our family.

Our first contact was with Teri Reichardt, and she was very helpful in explaining how your company works. She told us what we could expect with regard to creditors calling, and how we could best deal with them. All of the printed material that was sent to us was extremely helpful as well.

Isaac, you have helped us so much by negotiating with our creditors and arriving at some really great settlements. At this time, we are not done with settling our debts, but each month we get closer. It is such a good feeling to know that soon we will have no credit card debt at all.

I know that there have been quite a few times that I have called in a total panic, and every time, no matter who I spoke with or what the problem was, I felt better because I knew things were taken care of. Your company offers a great service to people who really need help, and I just can't thank you enough.

Most Sincerely,

Carol Fox
