Re: FTC File No. 101-0074  
Tops Markets Divestiture of Seven Penn Traffic Stores

Dear Secretary:

I am writing to let you know that I am not in favor of your decision to force Tops Markets to divest seven Penn Traffic stores. Your order that requires Tops to sell seven Penn Traffic supermarkets to an FTC-approved buyer within three months is hurting a company that has saved so many good paying jobs in our area. Requiring Tops to facilitate the sale and operation of the seven supermarkets in Bath, Cortland, Ithaca (two stores), and Lockport, New York; and Sayre, Pennsylvania (two stores) will result in 450 hard-working men and women being on the street and in the unemployment line.

The FTC should reconsider the decision because it does not protect the consumer one bit; in fact prices have come down since Tops purchased the store I shop in. Tops did the right thing by purchasing the bankrupt Penn Traffic stores; they protected workers' pensions, and health care. Now, this decision hurts the consumer, the company and the employees. Please reconsider this detrimental decision.

Very truly yours,

---

Note: Over 4,000 of the public comments that were filed in paper form with the Commission on this proceeding were part of a single mass mail campaign - i.e., letters that are based on all or part of one generic form letter template. Accordingly, the FTC is posting only one of these public comments as a representative example of the campaign. Appended to this representative comment is a list of the names of additional commenters who submitted a copy of this form letter. Form letters that include additional unique text are posted individually on the site, and can be found in the alphabetical index by commenter name.
