1 lot of you already know this, but I need you guys to  
2 help me. We literally just got shut off again. I  
3 just did a video and we have full bars, full strength,  
4 full power, full everything. We're ready to rock and  
5 roll, but we're going to get censored. So I want you  
6 guys to share this video, hit that share button. Let  
7 me know where you guys are watching from and let's  
8 have a conversation.

9 I was just talking about, you know, all the  
10 deaths and how the deaths were completely -- well,  
11 they've been fabricated and they've been pushed and  
12 they've been -- you've been lied to. The CDC's  
13 numbers clearly come out and say it. You know, it's  
14 crazy.

15 Hey, Tina.

16 Anybody -- was anybody on with me earlier,  
17 just a couple minutes ago, whenever I got completely  
18 shut down? Who was with us a few minutes ago when we  
19 did that?

20 It's just embarrassing. It's so sad.  
21 People need to wake up and realize, you know, what's  
22 going on. I had somebody on the first live that we  
23 did just a little while ago ask a question of why  
24 don't more doctors stand up and tell the truth. Well,  
25 they can't. I mean, we're -- we've got literally

7

1 don't want you to hear the truth. They don't want you  
2 to hear the messages that we've got or other doctors  
3 like myself have. I've already made mention of that.  
4 So I want to get back to the point, what I'm  
5 saying to you is that you're being fear-propagated  
6 into obeying. And that's what -- that's what this  
7 whole thing has been about. They wanted to control  
8 you. They found out how many of you they can control.  
9 Now they're like, cool, let's double-down on it.

10 So let me just say -- here's what I want you  
11 guys to hear. I got to publicly talk about this. I  
12 can't say this person's name, but he's allegedly going  
13 to become the President very soon. If I say the name,  
14 I'll get shut off social media. So I'm going to speak  
15 in code a little bit every once in a while.

16 Hello, Jersey. Hello, New York. I see you  
17 all. I do. I see you all, Pittsburgh. I see  
18 everybody there. I love and appreciate you all more  
19 than you know. Hit that share button. Hit that share  
20 button.

21 Nick and Amanda, are you a doctor or a  
22 chiropractor? I'm both. I don't know why that's  
23 confusing to people, you know. And here's another  
24 thing. Can I say this? Let me just -- let's cover  
25 this topic right now. The problem that people have is

6

1 millions of people that follow us and we can't get a  
2 Facebook live out to save our lives.

3 That's why we're telling everybody you got  
4 to go to our platform and go to freevitamindeals.com,  
5 freevitamindeals.com. Go there and register. Sign up  
6 for our newsletter and email. We send out one or two  
7 emails a day to millions of people with all this  
8 information of the truth because we have our own  
9 servers and platforms there. We don't -- we don't  
10 have to -- we don't have to deal with the Communist --  
11 oh, I just said a word that's going to get me  
12 censored. Watch, by the way. Somebody tell me how  
13 long before it starts freezing and shutting down.

14 But let me just get right into it. So here  
15 we go. Hello everybody in Florida. Hello everybody  
16 in Wisconsin, Switzerland. Guyana is in the house.  
17 We've got -- hello, good morning, New Delhi. How are  
18 you in New Delhi? Hope you guys are good. Illinois,  
19 I see you there. Michigan, Virginia, Wisconsin. West  
20 Virginia's in the house. Texas is in the house. I'm  
21 in the great state of Texas right now as well.

22 Listen, if you guys have any questions, let  
23 me know. I know -- Chrissy, I know in Wisconsin I  
24 keep getting cut off. It's actually comical that I  
25 keep getting cut off. But the reason why is they

8

1 that we believe that -- that degrees and letters  
2 behind or in front of someone's name determines their  
3 level of education. There's a guy on TV known as Tony  
4 Fauci, who is a doctor, but doesn't sound, act like  
5 one, talk like one. This person surely doesn't have a  
6 clue of how the immune system works, but yet the whole  
7 world listens to what he has to say.

8 There are many, many, many types of health  
9 care providers that are highly educated individuals  
10 that are not the type of doctor that you would think  
11 you would hear from. There are also many, many, many  
12 doctors that are virologists and immunologists that  
13 are not very bright individuals. Just because  
14 somebody went to school and got some letters behind  
15 their name doesn't mean that they're very smart.

16 Remember this, and I say this all the time,  
17 God may have created all men and women equal, but  
18 definitely not all doctors. And that's for darn sure.

19 So let's talk about this plan that this  
20 individual has that's based off of fear and for  
21 getting you to obey what they want you to do. And  
22 please don't forget to share this and go to  
23 freevitamindeals.com. That's freevitamindeals.com.  
24 Because, well, they're going to suppress -- this video  
25 is going to get shut down in just a minute, okay? So

9

1 the truth will set you free if you let it. That's  
 2 what the Bible says. You're totally right.  
 3 Well, here you go. There's a plan that's  
 4 laid out on the table, that was just laid out earlier  
 5 this week, that's going to take effect. If this  
 6 individual becomes President of the United States, the  
 7 first 100 days, he wants to put 100 million vaccines  
 8 in the arms of Americans. Well, he said that he is  
 9 going to have to move heaven and earth to do this.  
 10 Well, I believe that's a very biblical thing. That is  
 11 a very biblical thing. That is not just a metaphor.  
 12 There is no question in order to do that, that is good  
 13 versus evil, and on a whole different level. On a  
 14 whole level.  
 15 And if you want to hear more about that, you  
 16 guys have got to go to freevitamindeals.com. That's  
 17 our website. It takes you back where you can go and  
 18 register for our newsletter. Hit that share button.  
 19 Now, listen, there's a \$1.9 trillion plan  
 20 that's been laid out by this gentleman. And what it  
 21 is, it's supposed to stop the virus and steady the  
 22 economy. All right. Well, here's what I'm going to  
 23 say. We're fighting an -- an invisible enemy right  
 24 now because it's not real. It's not real. The CDC  
 25 has come out clearly again and said that less than 6

10

1 percent of individuals that died during the COVID  
 2 outbreak truly died of COVID-19. Everybody else died  
 3 from heart disease, cancer, diabetes, stroke, car  
 4 accidents, motorcycles, da, da, da, all this stuff.  
 5 And by the way, those real numbers are  
 6 already out there, and the real, real numbers are  
 7 supposed to be laid out by the CDC. Typically, by the  
 8 end of January, they have to put true causes of death  
 9 of individuals from the years before. And then now  
 10 there's this big narrative out there saying that  
 11 you've got a -- two million people have died globally  
 12 from COVID-19. Well, please remember that we're  
 13 mislabeling and falsifying the datas and a lot of  
 14 places are doing it on purpose because they get paid  
 15 for it more.  
 16 The CARES Act and all these other acts that  
 17 are out there have set aside extra money that Medicare  
 18 can pay doctors and, um -- and, um, pay doctors and  
 19 hospitals 20 percent higher, which is a fact -- I  
 20 mean, nobody can deny that. I'm in the hospital  
 21 system. I'm in the health care business. I know if  
 22 we label people with COVID-19, we get paid faster and  
 23 we get a 20 percent bump on our stuff. So it's greed,  
 24 and hospitals and the health care industry is -- are  
 25 really damn good at that. You think it really costs

11

1 \$200 for a blanket or \$100 for a Tylenol? Are you  
 2 kidding me? We need real health care reform and  
 3 that's putting health and care back into health care.  
 4 We're just not there right now.  
 5 So here you go, guys, check this out. Hit  
 6 that share button and tag people because they're going  
 7 to want to hear this.  
 8 Here's the deal. So they want 100 million  
 9 vaccines in the next 100 days of, you know, the  
 10 presidency coming up. Well, how do you do that?  
 11 Well, there's only two ways you can do that. Really,  
 12 actually, there's three. Number one, it has to be  
 13 fear propagated, so people will only obey if they're  
 14 scared. People are moved away from pain and towards  
 15 pleasure.  
 16 So how are we going to move them away from  
 17 pain? Well, everybody thinks that if they get this  
 18 vaccine, they're not going to get infected when the  
 19 research really clearly states that it doesn't stop  
 20 the spread of the infection and the best that it can  
 21 do is minimize your symptoms of the disease, not stop  
 22 it, but minimize the symptoms of the disease. That's  
 23 a fact.  
 24 Everybody's who's in the know knows that and  
 25 has said that publicly. They just say it in a way

12

1 that you don't understand it properly. They say it's  
 2 going to protect you. Protect you how? It's kind of  
 3 more like a Tamiflu than it is a vaccine.  
 4 Now, the only thing that clearly has shown  
 5 that it can stop the spread or the infection -- not  
 6 even social distancing, not even wearing a mask,  
 7 because if you look at states like California and New  
 8 York, well, they've had 97 percent compliance this  
 9 whole time with mask wearing, social distancing, and  
 10 shutting down businesses and, yet, they have more  
 11 infections and more disease than any other states that  
 12 are out there. So that ain't working out. You  
 13 understand that?  
 14 Now, I'm probably going to get shut off in a  
 15 minute, so hit that share button or go to -- go to  
 16 freevitamindeals.com so you can follow us and all that  
 17 stuff. Because here's the deal. They don't want you  
 18 to know the truth. I'm about ready to start talking  
 19 some common sense and all they want to hear is COVID  
 20 sense. So here you go.  
 21 How do you do that? Well, you mandate it.  
 22 You have to make a mandate. Well, they said they're  
 23 not going to mandate it. Well, they also said they're  
 24 not going to mandate wearing a mask, but you can't go  
 25 to the grocery store, you can't go to a doctor's

13

1 office, you can't go on an airplane, you can't travel  
 2 the world. You can't do things that bring you  
 3 pleasure.  
 4 Now, I just told you people are moved away  
 5 from pain and towards pleasure. So they're going to  
 6 scare you to try to move you away from, um, uh, pain,  
 7 which, you know, a lot of people -- there's 54,000  
 8 adverse reactions that have been noted in the vaccine  
 9 adverse reaction site on the CDC of COVID-19 and  
 10 deaths have occurred from it. And you all are seeing  
 11 the videos circulating on the internet. That's sad  
 12 whenever you see these videos of these nurses and  
 13 these first responders that are really sick,  
 14 neurological problems and et cetera, people that have  
 15 dystonic co-kinesthesia where the body is just shaking  
 16 uncontrollably and yet, they -- and yet, they -- they  
 17 -- they shut down those people's video on social media  
 18 and say they're not real. These are people dealing  
 19 with real disease.  
 20 And they're saying that it's perpetuating  
 21 fear. Well, no, it's not. It's perpetuating facts.  
 22 It takes away your fear. And that's the problem.  
 23 They want you to be scared. They want you to be  
 24 scared so that you'll obey. And you understand that,  
 25 don't you?

14

1 Listen, I'm all about freedom to choose, but  
 2 how can you possibly choose something if you don't  
 3 know the risk and the benefits?  
 4 Now, again, how do we mandate a vaccine?  
 5 Well, it's real simple. They give you a soft mandate.  
 6 Well, a soft mandate is a mandate that basically says,  
 7 well, you can't go to school, you can't go to work,  
 8 you can't get a job, you can't get your tax return,  
 9 you can't fly in an airplane if you don't have the  
 10 vaccine. You guys, anybody who thinks that this isn't  
 11 real is absolutely crazy. They've already starting  
 12 rolling out the vaccine passports in certain countries  
 13 and airports. It's coming to America. It's actually  
 14 here already. They're just waiting for the right time  
 15 to roll it out.  
 16 Now, please understand this. What else did  
 17 this potential person do that's potentially going to  
 18 be president to get his 100 million vaccines into --  
 19 his vaccines into 100 million people over the next 100  
 20 days? He brought in FEMA.  
 21 Now, let me say something about that. Wow.  
 22 Now, you ever heard of something called a FEMA camp?  
 23 Well, they're already being built all across the  
 24 country. That's for sure. We're going to be seeing a  
 25 lot more of them and a lot more martial law and

15

1 lockdowns. They're already doing it in DC and a  
 2 couple other cities as well. But the fact remains is  
 3 they're going to force you to do this.  
 4 And FEMA -- how -- what do you think's going  
 5 to happen if the Federal Government, which means it's  
 6 a nat- -- it's a national emergency. FEMA only gets  
 7 brought in in national emergency situations. They're  
 8 going to force you to get this thing whether you like  
 9 it or not. So you got to learn how to protect  
 10 yourself. You got to learn what people supposedly  
 11 voted for. This is what you voted for. This is what  
 12 -- what people supposedly voted for was that.  
 13 Now, let me talk about this vaccine just for  
 14 a second, which is not really a vaccine. It's more of  
 15 a -- it's more of a genetic therapeutic. Because a  
 16 vaccine normally is a live, unattenuated or weakened  
 17 version of a virus with a bunch of adjuvants. It goes  
 18 into your body and then -- I'm definitely calling --  
 19 I've been red-listed for a long time.  
 20 Let me tell you something. One of my good  
 21 friends said to me, if you're not on a government  
 22 watch list, you're some kind of sissy. And I -- let  
 23 me tell you something, I'm definitely not a sissy.  
 24 One of my best friends just got labeled as a domestic  
 25 terrorist because he was talking about the benefits of

16

1 vitamin D3. By the way, vitamin D3 is the only  
 2 chemical that's out there and that's shown to reduce  
 3 the spread -- sorry, to minimize the chances of  
 4 getting infected.  
 5 Journal of Pathogens -- sorry, Journal of --  
 6 Journal of -- Nature Journal 2020 showed that if your  
 7 vitamin D level is adequate, that you have a 77  
 8 percent less chance of contracting COVID-19 in the  
 9 first place, which is why every human man and woman  
 10 should be taking between 5,000 and 10,000  
 11 international units a day of vitamin D3. And I've got  
 12 a free guide -- if you guys go to freevitamindeals.com  
 13 -- it's freevitamindeals.com -- we've got a whole list  
 14 of stuff you can do to prevent sickness and disease,  
 15 viruses, and prevent and treat when -- when you have  
 16 symptoms. And I've had millions of people download it  
 17 and use it and it's -- it's very effective and it  
 18 works.  
 19 You got to be taking D3 and zinc every day.  
 20 You should take it, your children should take it.  
 21 Vitamin D blocks the virus. That's a fact. Nobody  
 22 can argue that. The FTC tried to shut me down over  
 23 it. I showed them the papers and they're like,  
 24 (snapping fingers) shoot, this guy's right, we can't  
 25 censor him for that because he's right. So you should

17

1 be taking vitamin D3 every day and you should be  
 2 taking zinc, but you got to take the right stuff that  
 3 gets absorbed, that gets used and et cetera in the  
 4 right combination. Because D3 blocks it and zinc  
 5 doesn't allow the virus to continue to proliferate.  
 6 So it actually works better than the -- than any  
 7 vaccine and you don't really need a vaccine. But if  
 8 you want one, you should be able to go get one, but  
 9 you need to know what's in it.  
 10 Now, let me talk about this vaccine just  
 11 for a minute while I'm getting into the 100-day plan  
 12 that this person has rolled out. So check this out.  
 13 You guys can follow me. Just go to -- just do this.  
 14 Go to freevitamindeals.com, freevitamindeals.com.  
 15 That's a -- that's a site that goes to my website,  
 16 which is ericnepute.com. Nobody can remember how to  
 17 spell Nepute, but everybody can remember  
 18 freevitamindeals.com. You should go there, register  
 19 for our emails and register for our daily info we give  
 20 out because there's a lot of info we give out.  
 21 So you should be taking D3, zinc,  
 22 probiotics, vitamin C every day. I've got a protocol  
 23 on there for a nebulizer that helps with respiratory  
 24 stress. It's amazing. I can't tell you how many -- I  
 25 mean, now, hundreds of thousands of people that have

18

1 emailed us and told us how well they did by doing this  
 2 protocol.  
 3 But, anyway, here's back on the vaccine.  
 4 It's not really a vaccine. It's more of a genetic  
 5 therapeutic. This is an mRNA -- this is an mRNA  
 6 chemical that goes in your body with something called  
 7 polyethylene glycol, PEG. And this PEG -- if you go  
 8 back and look at the animal studies that were done by  
 9 Moderna and Pfizer back in 2012, they showed that when  
 10 they give the injection in the arm, that that  
 11 polyethylene glycol that they tell us that goes away  
 12 and dissolves, that the vast majority of people are  
 13 allergic to. I mean, very allergic to to the point  
 14 where they're having -- it's ten times more allergic  
 15 than the flu shot. Y'all know that, don't you?  
 16 Guys, hit that share button. I can see  
 17 our numbers are starting to drop, which means we're  
 18 about ready to get cut off because that's the way it  
 19 happens with us. So you guys got to go to  
 20 freevitamindeals.com to watch these -- these -- these  
 21 products or watch these videos and check out the  
 22 products that you need. And by the way, we're giving  
 23 away another million bottles of D3 and zinc. Why?  
 24 Because, well, they told us we can't. So I said,  
 25 let's double down and we'll give another million

19

1 bottles of D3 and zinc. So we're giving that stuff  
 2 away for free, plus educational classes for free to  
 3 get healthier. You guys got to go to that site and  
 4 get it.  
 5 So here's the -- here's the deal on the  
 6 vaccine. The studies I just talked to you guys about  
 7 with Pfizer and Moderna and all that kind of stuff,  
 8 the deal is this, is, um, uh -- no, listen, if you go  
 9 to freevitamindeals.com, Diana. Freevitamindeals.com.  
 10 Go check that one out.  
 11 So what they found was the polyethylene  
 12 glycol actually crosses the blood-brain barrier. So  
 13 it gets in the brain, which is why people are getting  
 14 Bell's palsy, why they're getting that dystonic co-  
 15 kinesthesia, which is that uncontrollable shaking.  
 16 I'm sure you've all seen those videos of the nurses  
 17 and medical assistants on the internet that have been  
 18 taken down because they don't want you to know the  
 19 truth.  
 20 But think about this, they're going to put  
 21 FEMA involved with this rollout of these vaccines.  
 22 That means it's a national emergency. Who's going to  
 23 pay for this, by the way? Like -- like that's \$1.9  
 24 trillion. Do you guys know where that money comes  
 25 from? You know we don't have that money. We've been

20

1 off the fiat -- we've been on a fiat currency and off  
 2 the gold standard for a long time, which means -- fiat  
 3 means fugazi (whistling), it's fake. It's all paper.  
 4 It's all zeroes and ones. It's not real. There's  
 5 nothing backing that -- that -- that -- that money.  
 6 So where do we buy -- where do we borrow the  
 7 money from? Does anybody know where we borrow the  
 8 money from? I know. We borrow it from China and the  
 9 central banks. And so when China and the central  
 10 banks loan money to the United States -- let me ask  
 11 you this. Have any of you ever gone and got a loan  
 12 before? Any of you ever go get a loan? You know,  
 13 what do they ask you to put up as collateral? They  
 14 ask you to put something up, whether it's your house,  
 15 whether it's your, you know, money, whether it's your  
 16 stuff, whatever.  
 17 The bottom line is this, the United States  
 18 of America has put up collateral and that collateral  
 19 is our future. What do you mean by that? Well --  
 20 well, you got to put up our land. I mean, look at --  
 21 look at all the land that's being bought up by the  
 22 Chinese nationalists. I mean, Texas is getting bought  
 23 up, Oklahoma is getting bought up. I mean, it's crazy  
 24 what's really happening. And that's a fact, by the  
 25 way. And it's completely deflating our dollar. I

21

1 mean, it's going to -- I mean, it -- it might cost 100  
2 bucks for a gallon of gas when now the new president  
3 wants you to have \$15 an hour minimum wage. That's  
4 not going to do anything other than make people not be  
5 able to have more jobs.

6 We're literally moving towards a culture of  
7 -- I can't say the word, but it ends in "ism" and it  
8 starts with "social." And then I can't say the other  
9 word, but it ends with "ism" and it starts with  
10 "commu." So because if I say those words, I'll get  
11 shut off immediately, which is crazy.

12 So that's what's happening. So, you know,  
13 if you look at this thing, a couple other things that  
14 are really absolutely just unbelievable -- and I think  
15 I've really laid out more of it. But, you know,  
16 where's the money come from? I already told you guys,  
17 it's coming from the central banks, so it's coming  
18 from China. Man, we are completely FUBAR if that deal  
19 goes through.

20 How are we going to repay this? You guys,  
21 it's not going to affect my generation, our generation  
22 as much, but our kids' kids' kids, they're screwed.  
23 They're -- they're never going to be able to pay this  
24 back. I mean, that's just the way it is. Unless we  
25 have a complete reset, they're never going to pay this

22

1 back. And that's just -- that's just unfortunate, but  
2 that's the deal. We're literally looking at a world  
3 economic crash because of mismanagement.

4 And what's going to happen is this. You  
5 know, with these mandates that are happening -- just  
6 mark my words, I'm going to prognosticate to you right  
7 now, and I've been right about all this stuff from the  
8 beginning, but here's what's going to happen. What's  
9 going to happen is this, is there's going to be a  
10 federal mandate for masks for the next 100 days and  
11 there's going to be a soft and eventually a hard  
12 mandate for vaccines.

13 Well, the state law overcedes federal law  
14 except for you can't go to state parks, you won't be  
15 able to go in state federal buildings, all that stuff.  
16 That will be mandated there. But what will happen is  
17 you're going to see a huge divide. You're going to  
18 see Republican states that are not going to do the  
19 mandates and you're going to see Democratic states  
20 that do it. And you're going to see those Democratic  
21 states, their economies are going to shut down,  
22 they're going to be living in filth.

23 They're going to basically turn into like  
24 what's happened in California, the wealthiest -- you  
25 know, the wealthiest state in the Union. I mean, my

23

1 gosh, what is California, like the third or fourth  
2 highest economy, period. And it's gone away and it's  
3 going away. And, you know, you think about that, it's  
4 absolutely -- it's crazy and it's scary, and that's  
5 what's happening.

6 So, you know, our -- those economies, those  
7 governors that say we're going to definitely go ahead  
8 with the mandates and all this, those economies are  
9 going to shut down, people are leaving. I mean, look  
10 at -- look at like New York. Look at how many people  
11 are moving to Texas, look at how many people are  
12 moving to Florida. I mean, the East and West Coast  
13 are done. Everybody's moving south now. And that's  
14 what's happening because they want to get away from  
15 the -- the -- the tyrannical governments.

16 And so, you know, what do we do?  
17 People always ask, what do we do? Well, you got  
18 to share this message, number one. Number two,  
19 you got to -- you got -- guys, I need you to go to  
20 freevitamindeals.com. That's freevitamindeals.com.  
21 Protect yourself. Stop being so scared. Because  
22 when you get the truth and understand the facts and  
23 understand how to reduce your health -- or, sorry,  
24 reduce your -- your risk for sickness, which is  
25 getting your body to a good weight.

24

1 That's why we created that reset plan.  
2 We've had literally tens of thousands of people just  
3 over the last couple months lose thousands and  
4 hundreds of thousands -- actually, tens of thousands  
5 of pains, which is really cool.

6 But you got to protect yourself, because  
7 when the next thing comes -- because what they're  
8 saying right now is if you don't -- the modelers are  
9 telling us, the same ones that were wrong about the --  
10 the 2.2 million people that are going to die in  
11 America, that obviously didn't happen. They're saying  
12 now that if we don't hurry up and rush up and get  
13 everybody a vaccine, then -- then, well, by March and  
14 April, the world's going to shut down again. They're  
15 fearing you into that. They're saying, if you don't,  
16 then this is going to happen. They have no idea.  
17 They're just trying to push an agenda toward you and  
18 fear you.

19 You guys, hit that share button, pretty  
20 please. People need to hear this. And tag folks on  
21 it as well.

22 Those of you that don't me, I'm Dr. Eric  
23 Nepute. You guys can follow our real stories at  
24 vita -- at freevitamindeals.com or you can go to  
25 ericnepute.com or share this message and we'll --

25

1 we'll send you a private message on this stuff.  
 2 Now, let me tell you what I do and what my  
 3 patients do. I literally have hundreds of thousands  
 4 of people across the country now that are taking high-  
 5 dose vitamin D3 every day -- by the way, high-dose  
 6 vitamin D3 helps with energy, helps your immune  
 7 system, helps your brain function better, helps your  
 8 body grow, helps your hormones produce, and it's -- it  
 9 stops viruses from attaching to your cells in the  
 10 first place.  
 11 We put everybody on high-dose vitamin zinc  
 12 as well. It's a mineral that's the number one  
 13 deficiency on the planet. Uh, and when you are  
 14 deficient in this, your testosterone and hormones go  
 15 down and your brain can't function. There's 300  
 16 different enzymatic functions that -- that -- that  
 17 zinc does that you need to -- you need to have in your  
 18 system. Zinc also stops viruses from proliferating,  
 19 which means they can't regenerate and grow.  
 20 And then -- and that helps keep your brain  
 21 and your mind right. If your brain and your mind,  
 22 right, are good and you -- and you have energy, then  
 23 you can fight back, right? You don't have to -- you  
 24 don't have to be scared if your brain and -- you're  
 25 like, well, of course this is stupid and it doesn't

26

1 make sense to you and that's because you're balanced.  
 2 You should be doing, uh, vitamin C every day  
 3 to bowel tolerance. You should be doing, um -- you  
 4 should be doing, um, probiotics. And then if you go  
 5 to that protocol, that freevitamindeals.com -- it's  
 6 freevitamindeals.com -- you can go there and there's a  
 7 free flu and cold and virus prevention and treatment  
 8 protocol. Every man, woman, and child should have  
 9 that. They should print that off, put it on your  
 10 refrigerator. Give copies to your friends and family.  
 11 Take a text of it. Send it to people. Picture of it  
 12 and send it. Because people need to know what they  
 13 can do. I've got hundreds of thousands of people that  
 14 are doing it and doing amazing with that.  
 15 And then I put together a free course. It's  
 16 a 12-video series on how to de-stress and how to get  
 17 yourself healthier. That's the key. Man, it's so  
 18 important to do that. Twelve-video series for free to  
 19 teach you how to get better. That really ticked off a  
 20 lot of doctors because, well, if you're not sick --  
 21 fat, sick and nearly dead, then you're not living in  
 22 fear. So I'm just trying to help get rid of the fear.  
 23 And then, you know, 99 percent of my  
 24 patients take this immune system pack that I created  
 25 that has Quercetin in it. High levels of Quercetin is

27

1 an "iontofer." It allows minerals to get in your  
 2 system. That's important.  
 3 Jennifer, if you have questions about  
 4 nutrients, go to that freevitamindeals.com. Go  
 5 download that -- that protocol there.  
 6 But that's what's happening right now. It's  
 7 absolutely crazy and we just decided to up our game  
 8 again because, you know, if the world is ending, I  
 9 want to make everybody as healthy and happy and joyful  
 10 as we can. And so we just decided we're going to --  
 11 we just purchased another million bottles of D3 and a  
 12 million bottles of zinc to give to everybody for free.  
 13 Y'all can have that because I need you to understand  
 14 how much better you're going to feel and how much  
 15 better you do if that's there.  
 16 So think about all this crazy stuff  
 17 happening in the world and how much you've been lied  
 18 to. You know, let me read one more thing because  
 19 every time I read this, I get shut off. So this is  
 20 going to happen. I'm going to get shut off here in a  
 21 minute. But I'm going to read this because this is  
 22 important.  
 23 The 350,000 deaths that you've been told  
 24 that have happened from COVID-19 that have been over-  
 25 labeled, over blown out, blown out of proportion, the

28

1 CDC even claims that only 6 percent of people really  
 2 died from COVID-19, not just with it. So let me read  
 3 this list to you. Here's the list. Write this down  
 4 or share this, you guys.  
 5 Here's what we have. 87,000-plus people on  
 6 this list from the CDC died from pneumonias and flus,  
 7 17,000-plus died of chronic respiratory disease;  
 8 26,000-plus people died of respiratory distress  
 9 syndrome; 44,000-plus people died of hypertensive  
 10 disease but were labeled as death of COVID; 25,000-  
 11 plus people died of heart disease that were labeled as  
 12 a COVID death; 28,000 people plus died of  
 13 cardiovascular risk or heart attacks that was labeled  
 14 as COVID. If you look, 15,000 people actually on the  
 15 list from the CDC, on the list from the CDC actually  
 16 died in hospice care that were labeled as a death from  
 17 COVID-19.  
 18 Again, the CARES Act that was put in in  
 19 March gives a 20 percent bump in bonus to doctors and  
 20 -- I told you it was going to freeze because I started  
 21 talking about the CDC. This cracks me up. Y'all  
 22 understand the suppression is real? You guys see  
 23 that, don't you? I told you.  
 24 So go to freevitamindeals.com. I am the  
 25 most suppressed doctor in the world and I'm proud of

1 it. I wear it like a badge. I'm the wellness  
 2 warrior. I love it, love it, love it. I'm Dr. Eric  
 3 Nepute. Go to freevitamindeals.com. Join the  
 4 movement. Join the people. Let's stand up because  
 5 it's we, the people, and we need more peace, love,  
 6 joy, and happiness, and less lies, deceit, and devil.  
 7 I'm going to rebuke it right now.  
 8 And here's what we're going to do. Let me  
 9 tell you something. Can we pray together just for a  
 10 second? Let's just pray together. Can we do that?  
 11 Here we go. This will really tick them off because  
 12 the devil gets so mad whenever we pray and I'm just  
 13 going to do it. So here we go. Let everybody just  
 14 pray with me right now.  
 15 Dear Heavenly Father, we just come to You  
 16 right now in Your mighty name, God. We just ask and  
 17 declare right now peace, love, joy, happiness,  
 18 clarity, vision, and cleansing on this amazing place,  
 19 in this planet, God. You said wherever two or more  
 20 people come together, God, that You would make it so.  
 21 And I just say right now in the name of Jesus that we  
 22 bind up sickness, disease, ignorance, stupidity. We  
 23 bind up lack and disease and we loose happiness,  
 24 health, wealth, abundance, prosperity, freedom, and  
 25 joy in Your mighty name. Amen, amen, amen.

1 Boy, they don't like when we pray either.  
 2 So listen, here's what I want you to do. Share this  
 3 video. I love and appreciate you more than I --  
 4 you can even imagine. I'm humbled that you guys  
 5 join me all the time. I'm humbled that we're in  
 6 this together. And if you guys go -- go to  
 7 freevitamindeals.com -- that's freevitamindeals.com --  
 8 join the movement. Share that with your friends and  
 9 family. Get on our email list. Forward our emails to  
 10 other people. Get on these nutritional products that  
 11 your body needs because that's -- it's really just  
 12 that simple. It's just that simple, okay?  
 13 You need D3, you need zinc, you got to get  
 14 on the immune boosting pack. We can show you how to  
 15 get some weight off your body so you can stay  
 16 healthier and get those stinking co-morbidities, like  
 17 type 2 diabetes, which is totally reversible, gone.  
 18 And I declare you can have it.  
 19 So go to freevitamindeals.com. That's free  
 20 vitamindeals.com. Join the movement.  
 21 Until we meet again, everybody, I'm Dr. Eric  
 22 Nepute. God bless you, God bless America, and God  
 23 bless the world. Bye, everybody.  
 24 (The recording was concluded.)
