ABOUT TOMMIE COPPER

Tommie Copper is the leader in innovative therapeutic copper compression wear designed to be comfortably worn all day and night by anyone looking to find relief from everyday aches and pains, chronic pain or sports injuries.

Having reached the milestone of helping 100,000 people find relief, we are confident and excited to help give you your life back.

Tommie Copper was founded by Tom Kallish, a middle-aged and self-professed weekend warrior who suffered a traumatic water skiing accident requiring multiple surgeries on his back, knees and hips leaving him with chronic debilitating arthritic pain. Finding only uncomfortable, restrictive and bulky medical compression available, he created Tommie Copper compression wear.

TECHNOLOGY

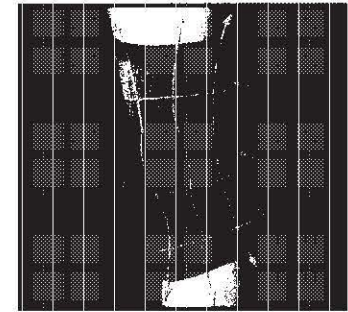

Copper has been used for thousands of years to aid in reducing inflammation, growing and sustaining connective tissues and aiding in blood flow and oxygen transport.

Therapeutic copper compression (TCC) works by combining a patented 56% copper-infused nylon yarn with a proprietary multi-directional compression technology.

Copper Oxide Infused Fabric

Multi-Directional Compression

By placing the copper at the source of discomfort, it provides immediate relief from inflammation, starts to stimulate blood flow and harnesses the other well-known health benefits of copper.

The multi-directional gentle compression is designed to be comfortably worn **24 hours a day**. Therapeutic compression promotes pain relief, muscle recovery and blood flow while countering swelling and inflammation for unmatched comfort and relief throughout the entire day and while asleep.

3 TOMMIE COPPER ADVERTISEMENT - ATHLETES AND MOMS

4 MALE ANNOUNCER: More than 75 million Americans
5 are living with pain.

6 ED GARRETT: I had grade four bone-on-bone
7 arthritis in both my knees. It was pretty unbearable.

8 PHIL WRIGHT: Excruciating pain in my left
9 forearm as soon as I started hitting balls.

10 UNIDENTIFIED FEMALE: When I bend down to pick
11 up Ava or to do anything, I experience a tremendous
12 amount of shoulder and knee pain.

13 MALE ANNOUNCER: Are you one of them?

14 ED GARRETT: I've bought braces, muscle rubs,
15 anti-inflammatories, didn't give me any relief.

16 MALE ANNOUNCER: There is a simple solution.

17 ED GARRETT: I got a Tommie Copper compression
18 sleeve for my knee and for my elbow and it is an absolute
19 miracle.

20 PHIL WRIGHT: I play with a Tommie Copper
21 sleeve on. It's easy to put on. It doesn't get in the
22 way of my golf swing. The pain that I had before is no
23 longer there.

24 UNIDENTIFIED FEMALE: After a day of gardening,
25 I'm really limping badly. I came across the Tommie

1 Copper sleeve and there was no pain at all. At all.

2 STEVE OWENS: I have a torn cuff in my left
3 shoulder. Usually I can only lift my arm up to here and
4 it would stop. Now I have full range. I'm 62 years old.
5 I feel like I'm 40.

6 MONTEL WILLIAMS: Tommie Copper is the leader
7 in innovative copper compression, designed to be
8 comfortably worn all day long by athletes and non-
9 athletes alike, anyone who wants relief from everyday
10 aches and pains.

11 UNIDENTIFIED FEMALE: It's totally comfortable
12 to wear. You just don't even notice that it's there.

13 UNIDENTIFIED FEMALE: After wearing it for two
14 weeks, I could totally feel the difference, especially in
15 my knees, and that's huge for me because I can't afford
16 to let pain slow me down.

17 MONTEL WILLIAMS: Tommie Copper compression
18 wear is made with an exclusive patented copper-infused
19 fabric. Copper is well known for its anti-inflammatory
20 properties and inflammation is one of the major causes of
21 pain.

22 ED GARRETT: I wear it every day. I haven't
23 taken an anti-inflammatory in two months. I can't believe
24 the relief I have.

25 STEVE OWENS: This has given me a rebirth in my

1 career. I don't know how it does it, why it does it, but
2 it works.

3 UNIDENTIFIED FEMALE: The Tommie Copper
4 compression sleeve has really changed my life.

5 MALE ANNOUNCER: Get moving again. Go to
6 TommieCopper.tv or call 1-800-800-8000 right now. All
