Redacted I'm glad others have had positive experiences. I've been told an online degree from UOP is useless. I've applied for many jobs, only heard back from a few only to be told my degree isn't as recognized or as worthy as a degree from a traditional school. I wish UOP would just forgive my student loans so I could go back to a traditional university and do this all over again.

University of Phoenix Hi **Redacted** I'm really concerned about this. We have over 3000 educational and industry partnerships and there are over 600K Phoenixes who've found success with their careers on LinkedIn: <http://uof.ph/61848TaEK>. We also have many career resources available for students and alumni on eCampus (<http://uof.ph/61056TaEz>). If you need assistance, I'm happy to help, just let me know!
