- Formulated containing 16 hand selected herbal extract strains, Whole Leaf Organics Thrive is a unique wellness and immune boosting supplement perfect for individuals seeking to be proactive and preventative in their care.
- Cultivated using natural full spectrum components, Thrive offers immune support while assisting the body in defending itself from immune invaders, viruses, and harmful internal fungi and bacteria, promoting optimal microbial balance and strengthening mucous membranes.
- The ultimate detoxification supplement, Thrive is beneficial for people battling Candida, fungal overgrowth, weakened

immune systems, viral infections, systemic bacterial infections, and even beneficial for women struggling with consistent urinary tract infections. Guaranteed pure and high in potency, Thrive delivers results supporting the body's natural defense by boosting the immune system, restoring microbial balance, and killing immune invaders like viral components and Candida.

- For best results, we recommend taking Thrive with both WholeLeaf Organics Cleanse and Immunity. Cleanse works to break down indigestible reactionary substances in the body, while Immunity boosts the immune system restoring Flora, two important factors in regards to balancing the body and promoting overall health.
