## 23 ORDER

### 24 I. PROHIBITED REPRESENTATIONS: CLAIMS REGARDING 25 BREATHALYZER DEVICES

26 IT IS ORDERED that Defendants, Defendants’ officers, agents, employees, and all  
27 other persons in active concert or participation with any of them, who receive actual notice of  
28 this Order, whether acting directly or indirectly, in connection with the advertising, labeling,

1 promotion, offering for sale, sale, or distribution of any Breathalyzer Device are permanently  
2 restrained and enjoined from making, or assisting others in making, expressly or by implication,  
3 including through the use of a product or program name, endorsement, depiction, or illustration,  
4 any representation that the Breathalyzer Device:

5 A. Detects consumers' blood alcohol levels; or

6 B. Is comparable or superior to other Breathalyzer Devices or to devices for blood  
7 or breath alcohol concentration detection used by law enforcement,  
8 unless the representation is non-misleading and, at the time of making such representation, they  
9 possess and rely upon competent and reliable scientific evidence that is sufficient in quality and  
10 quantity based on standards generally accepted in the relevant scientific fields, when considered  
11 in light of the entire body of relevant and reliable scientific evidence, to substantiate that the  
12 representation is true.  
13  
14

15 For purposes of this Provision, competent and reliable scientific evidence means testing  
16 that demonstrates that the manufactured device meets the accuracy specifications set for  
17 evidential breath alcohol testers that have been tested and approved by the Department of  
18 Transportation as laid out in *Highway Safety Programs; Model Specifications for Devices to*  
19 *Measure Breath Alcohol*, 58 FR 48705, Sept. 17, 1993, that is, repeated testing (at least 10  
20 measurements per condition, at three decimal places) must demonstrate accuracy to within  $\pm$   
21 0.005 BAC, with a standard deviation within  $\pm$  0.0042, at 0.020, 0.040, 0.080; and to within  $\pm$   
22 0.008 BAC, with a standard deviation within  $\pm$  0.0042, at 0.160 BAC. Tests must demonstrate  
23 the same levels of accuracy after the device has "soaked" in a temperature control chamber of  
24 20° C ( $\pm$  1° C) for one hour, and also at 30° C ( $\pm$  1° C) for one hour. Further, to ensure stability  
25 of readings, the tests for accuracy at 0.080 must be repeated thirty days after the initial tests, to  
26 ensure that the device holds calibration.  
27  
28

1 Unless otherwise specified, all such tests must be performed in the absence of drafts and  
2 at prevailing normal laboratory temperature, humidity, and barometric pressure. Ethyl alcohol  
3 must be used to prepare the test samples. A Department of Transportation approved calibrating  
4 unit of the type that uses aqueous alcohol solutions thermostated at 34° C and a ratio of  
5 headspace concentration of 0.000393 must be used to provide the BAC samples. The  
6 calibrating unit must be capable of delivering 10 complete vapor samples with alcohol depletion  
7 of not more than 1%.

9 Tests must further demonstrate that the product does not suffer from acetone  
10 interference at .020 BAC under the following two conditions: 70 microliters acetone per 500 ml  
11 solution, and 115 microliters acetone per 500 ml solution.

13 In addition, repeated tests (at least 10 measurements) must show accuracy within  $\pm$  .005  
14 BAC at 0.000, with no single result greater than 0.005 BAC. These tests must be conducted on  
15 one or more persons who have not consumed alcohol in the past 48 hours nor smoked within the  
16 past 20 minutes, using his or own breath.

## 17 **II. PROHIBITED REPRESENTATIONS: OTHER DEVICE CLAIMS**

18 IT IS FURTHER ORDERED that the Individual Defendant, his agents, employees, and  
19 all other persons in active concert or participation with any of them, who receive actual notice  
20 of this Order, whether acting directly or indirectly, in connection with the advertising, labeling,  
21 promotion, offering for sale, sale, or distribution of any Covered Product, are permanently  
22 restrained and enjoined from making, or assisting others in making, directly or by implication,  
23 including through the use of a product or program name, endorsement, depiction, or illustration,  
24 any representation about the absolute or comparative safety, health benefits, performance, or  
25 efficacy of any Covered Product, unless the representation is non-misleading, and, at the time of  
26 making such representation, they possess and rely upon competent and reliable scientific  
27  
28

1 evidence that is sufficient in quality and quantity based on standards generally accepted by  
2 experts in the relevant disease, condition, or function to which the representation relates, when  
3 considered in light of the entire body of relevant and reliable scientific evidence, to substantiate  
4 that the representation is true.

5  
6 For purposes of this Provision, competent and reliable scientific evidence means tests,  
7 analyses, research, or studies that (1) have been conducted and evaluated in an objective manner  
8 by experts in the relevant disease, condition, or function to which the representation relates; (2)  
9 that are generally accepted by such experts to yield accurate and reliable results; and (3) that are  
10 randomized, double-blind, and placebo-controlled human clinical testing of the Covered  
11 Product when such experts would generally require such human clinical testing to substantiate  
12 that the representation is true. In addition, when such tests or studies are human clinical tests or  
13 studies, all underlying or supporting data and documents generally accepted by experts in the  
14 field as relevant to an assessment of such testing as described in the Provision of this Order  
15 entitled Preservation of Records Relating to Competent and Reliable Human Clinical Tests or  
16 Studies must be available for inspection and production to the Commission.  
17

### 18 **III. PROHIBITED MISREPRESENTATIONS REGARDING TESTS**

19  
20 IT IS FURTHER ORDERED that the Individual Defendant, his agents, employees, and  
21 all other persons in active concert or participation with any of them, who receive actual notice  
22 of this Order, whether acting directly or indirectly, in connection with the advertising, labeling,  
23 promotion, offering for sale, sale, or distribution of any Covered Product, are permanently  
24 restrained and enjoined from misrepresenting, or assisting others in misrepresenting, expressly  
25 or by implication, including through the use of a product name, endorsement, depiction, or  
26 illustration:  
27

28 A. That the performance or benefits of the Covered Product are scientifically or

1 clinically proven or otherwise established;

2 B. That the performance or benefits of the Covered Product have been proven by  
3 government lab-grade testing; or

4 C. The existence, contents, validity, results, conclusions, or interpretations of any  
5 test, study, or other research.  
6

7 **IV. PRESERVATION OF RECORDS RELATING TO COMPETENT AND**  
8 **RELIABLE HUMAN CLINICAL TESTS OR STUDIES**

9 IT IS FURTHER ORDERED that, with regard to any human clinical test or study  
10 (“test”) upon which the Individual Defendant relies to substantiate any claim covered by the  
11 Provision of this Order entitled Prohibited Representations: Other Device Claims, the  
12 Individual Defendant must secure and preserve all underlying or supporting data and documents  
13 generally accepted by experts in the field as relevant to an assessment of the test, including:

14 A. All protocols and protocol amendments, reports, articles, write-ups, or other  
15 accounts of the results of the test, and drafts of such documents reviewed by the test sponsor or  
16 any other person not employed by the research entity;

17 B. All documents referring or relating to recruitment; randomization; instructions,  
18 including oral instructions, to participants; and participant compliance;

19 C. Documents sufficient to identify all test participants, including any participants  
20 who did not complete the test, and all communications with any participants relating to the test;  
21 all raw data collected from participants enrolled in the test, including any participants who did  
22 not complete the test; source documents for such data; any data dictionaries; and any case report  
23 forms;

24 D. All documents referring or relating to any statistical analysis of any test data,  
25 including any pretest analysis, intent-to-treat analysis, or between-group analysis performed on  
26  
27  
28

1 any test data; and

2 E. All documents referring or relating to the sponsorship of the test, including all  
3 communications and contracts, between any sponsor and the test’s researchers.

4 *Provided, however,* the preceding preservation requirement does not apply to a reliably  
5 reported test, unless the test was conducted, controlled, or sponsored, in whole or in part by:

6 (1) Individual Defendant; (2) his officers, agents, representatives, or employees; (3) any other  
7 person or entity in active concert or participation with him; (4) any person or entity affiliated  
8 with or acting on his behalf; (5) any supplier of any component contained in the product at issue  
9 to any of the foregoing or to the product’s manufacturer; or (6) the supplier or manufacturer of  
10 such product. For the purposes of this Provision, “reliably reported,” for a human clinical test  
11 or study (“test”), means a report of the test has been published in a peer-reviewed journal, and  
12 such published report provides sufficient information about the test for experts in the relevant  
13 field to assess the reliability of the results.

14  
15 For any test conducted, controlled, or sponsored, in whole or in part, by Individual  
16 Defendant, he must establish and maintain reasonable procedures to protect the confidentiality,  
17 security, and integrity of any personal information collected from or about participants. These  
18 procedures must be documented in writing and must contain administrative, technical, and  
19 physical safeguards appropriate to his organization’s size and complexity, the nature and scope  
20 of his activities, and the sensitivity of the personal information collected from or about the  
21 participants.

22  
23 **V. PROHIBITED CONDUCT REGARDING THE BREATHOMETER APP**

24  
25 IT IS FURTHER ORDERED that Defendants, Defendants’ officers, agents, employees,  
26 and all other persons in active concert or participation with any of them, who receive actual  
27 notice of this Order, are permanently restrained and enjoined from re-enabling the Breathometer  
28

1 app's breathalyzer functions, which were disabled prior to entry of this Order.

2 **VI. CONSUMER NOTICE**

3 IT IS FURTHER ORDERED that Defendants must provide adequate and timely notice  
4 of this Order to owners of both Original and Breeze by email and on the Breathometer website  
5 homepage.  
6

7 A. For the purposes of this paragraph, adequate and timely notice means:

8 1. An email, sent within five days of entry of this Order, in the exact wording and  
9 format set forth in Attachment A, with the subject line "Your Breathometer Breathalyzer Refund," and  
10 without any other materials accompanying the email; and

20 Breathometer Brand Breathalyzer Devices as follows:

21 A. Refunds must be for the full amount claimed by the owner in the online Claim  
22 Form (set forth in Attachment C), unless Defendants have already fully refunded such owner.

25 Form within 125 days after entry of this Order; such refund must be provided within 90 days of  
26 Defendants' receipt of a completed Claim Form from an owner.

27 C. Defendants must not require owners to submit any documentation other than the  
28

1 completed Claim Form nor impose any condition on owners seeking refunds.

2 D. Within 230 days of entry of this Order, Defendants must provide the FTC with  
3 records sufficient to show the dates, times, and form of notifications to each owner, the refunds  
4 requested and paid to each such owner, any refund requests that were denied due to a prior full  
5 refund, and any refunds paid by Defendants to individual consumers after June 9, 2016.

20 remaining money for such other equitable relief (including consumer information remedies) as  
21 it determines to be reasonably related to Defendants' practices alleged in the Complaint. Any  
22 money not used for such equitable relief is to be deposited to the U.S. Treasury as

25  
26

27 H. The facts alleged in the Complaint will be taken as true, without further proof, in  
28 any subsequent civil litigation by or on behalf of the Commission, including in a proceeding to

1 enforce its rights to any payment or monetary judgment pursuant to this Order, such as a  
2 nondischargeability complaint in any bankruptcy case.

3 I. The facts alleged in the Complaint establish all elements necessary to sustain an  
4 action by the Commission pursuant to Section 523(a)(2)(A) of the Bankruptcy Code, 11  
5 U.S.C. § 523(a)(2)(A), and this Order will have collateral estoppel effect for such purpose.  
6

19 within 14 days.  
20

21 **IX. ORDER ACKNOWLEDGMENTS**

22 IT IS FURTHER ORDERED that Defendants obtain acknowledgments of receipt of this  
23 Order:
