RE: Business Opportunity Rule R5 11993

To whom it may concern;

I am VERY CONCERNED and UPSET after being informed about the FTC's proposed Business Opportunity Rule R511993! How could a division of the Federal government attempt such a subversive and blindsided rule against an American right to free enterprise? The Federal government is supposed to protect our RIGHTS not take them away! **YOU SHOULD BE ASHAMED!**

This rule in it's present form would put me and thousands of other independent contractors out of business very, very quickly. Are you OUT OF YOUR MINDS!

As small business owners most of us don't have the time and financial resources to comply with these uncompromising regulations. WHAT PLANET ARE YOU FROM?!

In the news we AMERICANS are constantly bombarded by the news media about how good this economy is supposed to be, but if this rule is allowed to become law you will quickly see an end to prosperity in this country.

FINALLY an excellent opportunity comes along with a outstanding company, XANGO LLC wherein I can see a way to create a substansial income and retirement and help others to achieve the same. While at the same time helping others to better their health. I ask you "what could be better"?

What's up with this proposed waiting period of seven days anyway?

Are you going make EVERY business in America that sells a product or service have the same waiting period or is this selective persecution to do away with the direct selling industry in America?

Can you imagine making some one who wants to buy a car, TV, clothes, furniture, computer, groceries or whatever wait SEVEN DAYS----- of course not that would create havoc in the free trade marketplace. So why in the world would you go after hard

working, honest Americans who are only trying to better themselves and their lot in life with and awesome company such as **XANGO LLC**. Which I might add has a 100% money back guarantee.

Anyway the bottom line is still the same. The crooks will still rip people off no matter what rule you create and can't enforce. You only stop the honest network marketers and marketing companies from doing business and helping to create a better world for all people.

You know I could go on for quite a while about how ridiculous and destructive this rule is but I think that by now you know how I feel.

PLEASE VOTE NO, AGAINST, AND DO NOT IMPLEMENT THIS ABSURD RULE R5119933.

Sincerely, Jeff Hollowell
