Re: Business Opportunity rule R51193

To Whom it May Concern:

I am concerned about the proposed Business Opportunity Rule R511993. I am afraid it could destroy my small business.

I have been an independent distributor for the Xango company for over a year now. Initially I became a member because I liked the product and wanted to earn some additional money - - but now I have become dependent on the extra income it provides me. I live in a small rural town where the wages are low and prospects of new work are limited. Xango provides me an opportunity to help myself and my family.

This company is very conscientious and honorable. There are a lot of "scam" companies out there in the marketplace, but Xango is not one of them.

I am unhappy about the proposed 7 day waiting period, I think that will place an unnecessary burden. If people have to wait 7 days to join a company that costs \$35 then I think it should take much longer to be able to purchase a gun, with which I could kill or maim someone!

We are just trying to help ourselves and others out by promoting an excellent product. Many people are benefitting from our small business. Please don't make our lives more difficult!!

Thank you.
