RE: 16 CFR Part 306; Automotive Fuel Ratings, Certification and Posting; Project No. R811005

To Whom It May Concern:

Please help protect 22 million motorcycles and all-terrain vehicles in America -- and the riders who depend on their safe operation -- from inadvertent misfueling. All we want is safe access to fuel for our motorcycles and ATVs.

Failure of motorcycle engines on our streets, highways and interstates is a disaster waiting to happen. The engine failure would cause accidents which would cause more fatalities for anyone involved and your loved ones would not be exempt.

Wake up, please.

Sincerely,
Regina Wilson, MO
