RE: 16 CFR Part 306; Automotive Fuel Ratings, Certification and Posting; Project No. R811005

To Whom It May Concern,

Please stop the damage your silly ethanol rules are causing to the recreation that I enjoy with my Grandchildren. We are simply trying to spend some quality family time together, as i was able to do with my own Grandfather. The needless destruction of our motorcycles with this ethanol rule is an assault on a family tradition dating back to the early 1920's. My Grandfather was able to ride with his Grandfather, and my Grandchildren should be able to carry on this tradition with their own Grandchildren.

Sincerely,  
William Meyer, CA
