EXHIBIT A
ERCA is a non-profit corporation that conducts a voluntary survey of high school students throughout the United States. The survey is designed to help students further their education and professional development by enabling institutions of higher learning to identify potential students and to provide them with information about curricula, extracurricular activities and financial aid programs. The ERCA survey results are available free of charge, on the ERCA web site. ERCA will also provide a minimum of 25 scholarships per year to deserving students. Participation in the survey is not a prerequisite to receiving an ERCA scholarship.

ERCA’s Privacy of Student Information Policy
Dear Teacher,

As the school year begins, it's time for ERCA's annual survey of high school students. We appreciate the cooperation from nearly 60,000 high school educators, who previously have helped administer our survey. We urge you to join in and be equally cooperative. Previous student surveys have been successful because of the cooperation and help from high school educators just like you. Thank you.

As you may know, ERCA is administering this annual poll to more than 14 million students and will compile the information into a survey report that details the interests and trends among today's students. This information will be used by universities and colleges nationally in their ongoing efforts to communicate and keep in touch with the interests and trends among today's high school students. University financial aid offices and scholarship foundations may also utilize the information to evaluate and make funding available for students' post-secondary education.

**Your participation is critical to your students’ post-secondary future.** Upon compilation, a copy of this survey’s results will be reserved for your review. Simply fill out and send in the reservation card enclosed with your students’ completed forms, and the report will be made available to you immediately upon its completion.

ERCA is a nonprofit organization. This year we have set an aggressive goal of collecting completed surveys from at least 3 million high school students. Please help us meet this goal by distributing the enclosed forms to all of your students, in all of your classes. We encourage you to visit our website at www.Studentresearch.org to learn more about the results from last year’s high school student survey, and the ERCA scholarships that were awarded.

Please ask each of your students to fill out the survey **clearly and completely** and then place them in the postage-paid envelope and mail.

**Please distribute the survey forms to all seniors and juniors. Remaining forms should then be distributed to sophomores and freshmen.**

We cannot compile our final report and make it available to the colleges and universities that will rely upon it until we receive your response. In order to achieve our goal, we may be writing to you several times to request your cooperation. Please have your students complete the enclosed survey within the next week, so that our nonprofit organization can save the costs associated with contacting you again.

On behalf of the Educational Research Center of America, and the universities and colleges that will rely upon the information collected, I want to thank you in advance for your cooperation.

Sincerely,

Marian Sanjana M.Ed.
Director of Student Research

P.S. Reserve your ERCA annual survey report. Fill out and return the reservation card enclosed along with your students’ completed surveys.
Dear Teacher,

At the beginning of each school year, high school educators nationally have administered an annual survey of senior high school students. In the last 2 years nearly 60,000 teachers and 4,000,000 students participated. The results are tabulated into a survey report that is utilized by colleges and universities in their ongoing efforts to keep in touch with the interests and trends among today's students.

As the trend toward colleges' student recruitment has moved earlier and earlier into the student's high school career, we must begin to administer this poll at the middle and junior high school level in order to provide a complete report. I am writing to request your cooperation in doing so.

ERCA is administering this annual poll to more than 14 million students and will compile the information into a survey report that details the interests and trends among today's students. This information will be used by both public and private universities and colleges. University financial aid offices and scholarship foundations may also utilize the information to evaluate and make funding available for students' education.

Your participation is critical to your students' future. Upon compilation, a copy of this survey's results will be reserved for your review. Simply fill out and send in the reservation card enclosed with your students' completed forms, and the report will be made available to you immediately upon its completion.

ERCA is a nonprofit organization. This year we have set an aggressive goal of collecting completed surveys from at least 1 million middle and junior high school students. Please help us meet this goal by distributing the enclosed forms to all of your students, in all of your classes. Ask them to fill out the survey clearly and completely and then place them in the postage-paid envelope and mail.

Please distribute the survey forms to every student in each of your classes.

We cannot compile our final report and make it available to the colleges and universities that will rely upon it until we receive your response. We encourage you to visit our website at www.Studentresearch.org to learn more about the results from last year's high school student survey, and the ERCA scholarships that were awarded.

We are very concerned with paper (and tree) conservation and not wasting this natural resource needlessly! ERCA will utilize over 750,000 pounds of paper in the administration of this survey. Many forms are wasted and trees needlessly killed as some teachers choose not to participate. Please pitch in, and have your class participate, and not let the enclosed forms go to waste. On behalf of the Educational Research Center of America, and the universities and colleges that will rely upon the information collected, I want to thank you in advance for your cooperation.

Sincerely,

Marian Sanjana M.Ed.
Director of Student Research

P.S. Reserve your ERCA annual survey report. Fill out and return the reservation card enclosed along with your students' completed surveys.
