Re: *In the Matter of TALX Corporation, File No. 0610209*

Dear Ms. Quon:

Thank you for your comments on behalf of Corporate Cost Control, Inc. ("CCC") regarding the proposed consent order in the above-captioned matter. Your letter explains numerous ways in which CCC believes additional relief provisions should be added to the Order. The Commission has reviewed your comment in connection with its decision whether to give final approval to the proposed consent order and has placed the comment on the public record.

After considering CCC's comment, the Commission has determined to amend the Order to add, as per your request, CCC to the listing in subsection 2 of Section I (P), defining Designated UCM Services Provider. The Commission has also determined that the public interest would be served best by issuing the Decision and Order in final form without making several of the other changes you request, although the Order has been amended to clarify certain provisions and correct typographical errors. The main operative provisions remain essentially unchanged.

We appreciate your interest in this matter. A copy of the final Decision and Order is enclosed for your information.

By direction of the Commission.

Donald S. Clark
Secretary
