**NON-PARTY THE MOORE COMPANY'S MOTION FOR EXTENSION OF TIME
TO SEEK *IN CAMERA* TREATMENT OF DOCUMENTS
DESIGNATED BY RESPONDENT POLYPORE INTERNATIONAL, INC.**

Non-Party The Moore Company hereby seeks a brief extension of time, up to and until May 6, 2009, to seek *in camera* treatment of documents designated by Respondent Polypore International, Inc ("Polypore") as proposed trial exhibits. In support of this motion, The Moore Company states as follows:

By letter dated March 27, 2009, Polypore informed The Moore Company that it intended to introduce evidence containing "Confidential Material" as that term is defined in the Protective Order. See Letter from Eric Welsh dated March 27, 2009, attached hereto as Exhibit A. Contrary to the requirements of the Protective Order,¹ Polypore did not specifically identify which documents or records it intended to use at trial; instead, Polypore's letter merely stated that the Confidential Material "may be in the form of documents The Moore Company has produced to Polypore's Counsel, documents The Moore Company has produced to the Federal

¹ The Protective Order states that counsel who plans to introduce into evidence at a hearing any document containing Confidential Material produced by a third party is required to provide 10 days notice to the third party for purposes of allowing that party to seek *in camera* treatment of such documents. See Protective Order, paragraph 12.

Trade Commission, documents used in depositions of The Moore Company's witnesses, and/or the deposition testimony or transcripts of The Moore Company's witnesses." Id.

By Order dated April 8, 2009, Administrative Law Judge Chappell granted Polypore and Complaint Counsel's joint motion to modify the Scheduling Order to obtain an extension of time for filing *in camera* motions for designated non-party witness deposition transcripts. On April 9, 2009, The Moore Company filed a Motion For Extension of Time to Seek *In Camera* Treatment of the documents designated by Polypore as proposed trial exhibits. By Order dated April 14, 2009, this Court granted The Moore Company's Motion For Extension of Time to Seek *In Camera* Treatment, and directed Polypore to inform The Moore Company by April 17, 2009, with specificity, which documents in intended to introduce at trial. The Moore Company was directed to file its motion for *in camera* treatment for such documents, not including affidavits, by April 24, 2009 -- one week after Polypore was required to make its specific designations.

On April 17, 2009, Polypore provided The Moore Company with "a list identifying evidence" Polypore "may introduce at the May 12, 2009 hearing" in this matter. See Letter from Eric Welsh dated April 17, 2009, attached hereto as Exhibit B. According to Polypore's letter, this list specified "The Moore Company's documents and witness testimony which Polypore intends to introduce at trial" . . . "subject to information learned during the April 23, 2009 deposition of Mr. Guy Dauwe." Id. Polypore's list identified over 160 individual Bates ranges of documents, consisting of approximately 1566 pages of evidence. The sheer volume of documents designated by Polypore rendered it impossible for The Moore Company to comply with the one-week deadline for seeking *in camera* treatment, in part due to the strict standards governing *in camera* applications and the level of detail and specificity required to support such

applications. See, e.g., In re Hoechst Marion Roussel, Inc., 2000 FTC LEXIS 138 (Sept. 19, 2000).

On April 23, 2009, Complaint counsel and counsel for Polypore deposed Guy Dauwe, the Managing Director of Amer-Sil, in Washington, D.C. At the close of Mr. Dauwe's deposition (approximately 3:00 pm), counsel for The Moore Company was informed by Polypore's counsel that it had narrowed its proposed trial designations to the following documents:

The Moore Company is in the process of preparing a motion for *in camera* treatment relating to Polypore's revised trial designations. However, because of the late notice The Moore Company was given of Polypore's trial designations, The Moore Company requires additional time to prepare its motion.

Complaint Counsel, through Benjamin Gris, Esq., does not object to the requested extension. Counsel for Polypore, through Adam Shearer, Esq., does not object to an extension of time, but has not indicated a position with respect to the May 6th proposed date.

WHEREFORE, The Moore Company respectfully requests an extension time until May 6, 2009 to file its motion for *in camera* treatment of Polypore's proposed trial designations, amended as of April 23, 2009.

Respectfully submitted,

THE MOORE COMPANY

Docket No. 9327

PROTECTIVE ORDER GOVERNING DISCOVERY MATERIAL

For the purpose of protecting the interests of the Parties and Third Parties in the above-captioned matter against improper use and disclosure of confidential information submitted or produced in connection with this Matter:

IT IS HEREBY ORDERED THAT this Protective Order Governing Confidential Material ("Protective Order") shall govern the handling of all Discovery Material, as hereafter defined.

DEFINITIONS

For purposes of this Protective Order, the following definitions apply:

1. "Confidential Material" shall mean all Discovery Material that is confidential or proprietary information produced in discovery. Such material is referred to in, and protected by, section 6(f) of the Federal Trade Commission Act, 15 U.S.C. § 46(f); section 21 of the Federal Trade Commission Act, 15 U.S.C. § 57b-2, the FTC Rules of Practice, Sections 4.9, 4.10, 16 C.F.R. §§ 4.9, 4.10; and precedents thereunder. Confidential Material shall include non-public trade secret or other research, development, commercial or financial information, the disclosure of which would likely cause commercial harm to the Producing Party or to Respondent. The

following is a non-exhaustive list of examples of information that likely will qualify for treatment as Confidential Material: strategic plans (involving pricing, marketing, research and development, product road maps, corporate alliances, or mergers and acquisitions) that have not been fully implemented or revealed to the public; trade secrets; customer-specific evaluations or data (e.g., prices, volumes, or revenues); sales contracts; system maps; personnel files and evaluations; information subject to confidentiality or non-disclosure agreements; proprietary technical or engineering information; proprietary financial data or projections; and proprietary consumer, customer, or market research or analyses applicable to current or future market conditions, the disclosure of which could reveal Confidential Material. Discovery Material will not be considered confidential if it is in the public domain.

2. "Document" means the complete original or a true, correct, and complete copy and any non-identical copies of any written or graphic matter, no matter how produced, recorded, stored, or reproduced. "Document" includes, but is not limited to, any writing, letter, envelope, telegraph, e-mail, meeting minute, memorandum, statement, affidavit, declaration, transcript of oral testimony, book, record, survey, map, study, handwritten note, working paper, chart, index, tabulation, graph, drawing, chart, printout, microfilm index, computer readable media or other electronically stored data, appointment book, diary, diary entry, calendar, organizer, desk pad, telephone message slip, note of interview or communication, and any other data compilation from which information can be obtained, and includes all drafts and all copies of such Documents and every writing or record that contains any commentary, notes, or marking whatsoever not appearing on the original.

3. "Discovery Material" includes without limitation deposition testimony, exhibits, interrogatory responses, admissions, affidavits, declarations, Documents, tangible thing or

answers to questions produced pursuant to compulsory process or voluntarily in lieu thereof, and any other Documents or information produced or given to one Party by another Party or by a Third Party in connection with discovery in this Matter. Information taken from Discovery Material that reveals its substance shall also be considered Discovery Material.

4. "Commission" shall refer to the Federal Trade Commission, or any of its employees, agents, attorneys, and all other persons acting on its behalf, excluding persons retained as consultants or experts for purposes of this proceeding.

5. "Polypore" means Polypore International, Inc., and its predecessors, divisions, and subsidiaries, and all persons acting or purporting to act on its behalf.

6. "Respondent" means Polypore.

7. "Party" means the Commission or Polypore.

8. "Third Party" means any natural person, partnership, corporation, association, or other legal entity not named as a Party to this Matter and its employees, directors, officers, attorneys and agents.

9. "Producing Party" means a Party or Third Party that produced or intends to produce Confidential Material to any of the Parties. With respect to Confidential Material of a Third Party that is in the possession, custody or control of the FTC, or has been produced by the FTC in this matter, the Producing Party shall mean the Third Party that originally provided such material to the FTC. The Producing Party shall mean the FTC for purposes of any Document or Discovery Material prepared by, or on behalf of, the FTC.

10. "Matter" means the above captioned matter pending before the Federal Trade Commission, and all subsequent administrative, appellate or other review proceedings related thereto.

TERMS AND CONDITIONS OF PROTECTIVE ORDER

1. Any Document or portion thereof submitted by Respondent or a Third Party during the Federal Trade Commission ("FTC") investigation preceding this Matter or during the course of proceedings in this Matter that is entitled to confidentiality under the Federal Trade Commission Act, or any regulation, interpretation, or precedent concerning documents in the possession of the Commission, as well as any information taken from any portion of such document, shall be treated as Confidential Material for purposes of this Protective Order. For purposes of this Protective Order, the identity of a Third Party submitting such Confidential Material shall also be treated as Confidential Material where the submitter has requested in writing such confidential treatment.

2. The Parties and any Third Parties, in complying with informal discovery requests, disclosure requirements, discovery demands or formal process in this Matter may designate any responsive document or portion thereof Confidential Material, including documents obtained by them from Third Parties pursuant to discovery or as otherwise obtained.

3. The Parties, in conducting discovery from Third Parties, shall provide to each Third Party a copy of this Protective Order so as to inform each such Third Party of his, her or its rights herein.

4. A designation of confidentiality shall constitute a representation in good faith and after careful determination that the material is not reasonably believed to be already in the public domain and that counsel believes the material so designated constitutes Confidential Material as defined in Paragraph 1 of the Definitions of this Protective Order. All deposition transcripts

shall be treated as Confidential Material.

5. If any Party seeks to challenge the Producing Party's designation of material as Confidential Material, the challenging Party shall notify the Producing Party and all other Parties of the challenge. Such notice shall identify with specificity (*i.e.*, by document control numbers, deposition transcript page and line reference, or other means sufficient to locate easily such materials) the designation being challenged. The Producing Party may preserve its designation by providing the challenging Party and all other Parties a written statement of the reasons for the designation within five (5) business days of receiving notice of the confidentiality challenge. If the Producing Party timely preserves its rights, the Parties shall continue to treat the challenged material as Confidential Materials, absent a written agreement with the Producing Party or order of the Commission providing otherwise.

6. If any conflict regarding a confidentiality designation arises and the Parties and Producing Party involved have failed to resolve the conflict via good-faith negotiations, a Party seeking to disclose Confidential Material or challenging a confidentiality designation may make written application to the hearing officer for relief. The application shall be served on the Producing Party and the other Parties to this Matter, and shall be accompanied by a certification that good-faith negotiations have failed to resolve the outstanding issues. The Producing Party and any other Party shall have five (5) business days after receiving a copy of the motion to respond to the application. While an application is pending, the Parties shall maintain the pre-application status of the Confidential Material. Nothing in this Protective Order shall create a presumption or alter the burden of persuading the hearing officer of the propriety of a requested disclosure or change in designation.

7. The Parties shall not be obligated to challenge the propriety of any designation or treatment of information as Confidential Material and the failure to do so promptly shall not preclude any subsequent objection to such designation or treatment, or any motion seeking permission to disclose such material to Persons not otherwise entitled to access under the terms of this Protective Order. If Confidential Material is produced without the designation attached, the material shall be treated as Confidential from the time the Producing Party advises Complaint Counsel and Respondent's Counsel in writing that such material should be so designated and provides all the Parties with an appropriately labeled replacement. The Parties shall return promptly or destroy the unmarked materials.

8. Material produced in this Matter may be designated as confidential by placing on or affixing to the document containing such material (in such manner as will not interfere with the legibility thereof), or if an entire folder or box of documents is confidential by placing or affixing to that folder or box, the designation "CONFIDENTIAL-FTC Docket No. 9327" or any other appropriate notice that considered to be confidential material. Confidential information contained in electronic documents may also be designated as confidential by placing the designation "CONFIDENTIAL-FTC Docket No. 9327" or any other appropriate notice that identifies this proceeding, on the face of the CD or DVD or other medium on which the document is produced. The foregoing designation of "CONFIDENTIAL-FTC Docket No. 9327" shall not be required for confidentiality to apply to documents and information previously produced voluntarily or pursuant to a Civil Investigative Demand or subpoena during the investigational phase preceding this Matter for which confidential treatment was requested. Masked or otherwise redacted copies of documents may be produced where the portions deleted

contain privileged matter, provided that the copy produced shall indicate at the appropriate point that portions have been deleted and the reasons therefor.

9. Confidential Material shall be disclosed only to: (a) the Administrative Law Judge presiding over this proceeding, personnel assisting the Administrative Law Judge, the Commission and its employees, and personnel retained by the commission as experts or consultants for this proceeding, (b) judges and other court personnel of any court having jurisdiction over any appellate proceedings involving this matter, (c) court reporters in this matter, (d) outside counsel of record for Respondent, its associated attorneys and other employees of its law firm(s), provided they are not employees of Respondent, (e) Michael Shor, Polypore Special Counsel, (f) anyone retained to assist outside counsel in the preparation of hearing of this proceeding including consultants, provided they are not affiliated in any way with Respondent and have signed Exhibit A hereto, (g) any witness or deponent who may have authored or received the information in question; (h) any individual who was in the direct chain of supervision of the author at the time the Discovery Material was created or received, except that this provision does not permit disclosure of Industrial Growth partner or Warburg Pincus International documents to Polypore or former Microporous personnel who would not otherwise have had access to the Discovery Material; (i) any employee or agent of the entity that created or received the Discovery Material; (j) anyone representing the author or recipient of the Discovery Material in this Matter; and (k) any other Person(s) authorized in writing by the Producing Party.

10. Disclosure of confidential material to any person described in Paragraph 9 of this Protective Order shall be only for the purposes of the preparation and hearing of this Matter, or any appeal therefrom, and for no other purpose whatsoever; provided, however, that the

Commission may, subject to taking appropriate steps to preserve the confidentiality of such material, use or disclose confidential materials as provided by its Rules of Practice; Sections 6(f) and 21 of the Federal Trade Commission Act; or any other legal obligation imposed upon the Commission.

11. In the event that any Confidential Material is contained in any pleading, motion exhibit or other paper filed or to be filed with the Secretary of the Commission, the Secretary shall be so informed by the Party filing such papers, and such papers shall be filed under seal. To the extent that such material was originally submitted by a Third Party, the Party including the Materials in its papers shall immediately notify the submitter of such inclusion. Confidential Material contained in the papers shall remain under seal until further order of the Administrative Law Judge; provided, however, that such papers may be furnished to persons or entities who may receive Confidential Material pursuant to Paragraphs 9 or 10. Upon or after filing any paper containing Confidential Material, the filing party shall file on the public record a duplicate copy of the paper that does not reveal confidential material. Further, if the protection of any such material expires, a Party may file on the public record a duplicate copy which also contains the formerly protected material.

12. If counsel plans to introduce into evidence at the hearing any document or transcript containing Confidential Material produced by another Party or by a Third Party, they shall provide ten (10) days advance notice to the other Party or Third Party for purposes of allowing that Party or Third Party to seek an order that the document or transcript be granted in camera treatment. If that Party or Third Party wishes in camera treatment for the document or transcript, the Party or Third Party shall file an appropriate motion with the Administrative Law

Judge. Where in camera treatment is granted, a duplicate copy of such document or transcript with the Confidential Material deleted therefrom may be placed on the public record.

13. If any Party receives a discovery request in another proceeding that may require the disclosure of Confidential Material submitted by another Party or Third Party, the recipient of the discovery request shall promptly notify the submitter of receipt of such request. Unless a shorter time is mandated by an order of a court, such notification shall be in writing and be received by the submitter at least 10 business days before production, and shall include a copy of this Protective Order and a cover letter that will apprise the submitter of its rights hereunder. Nothing herein shall be construed as requiring the recipient of the discovery request or anyone else covered by this Order to challenge or appeal any order requiring production of Confidential Material, to subject itself to any penalties for non-compliance with any such order, or to seek any relief from the Administrative Law Judge or the Commission. The recipient shall not oppose the submitter's efforts to challenge the disclosure of confidential material. In addition, nothing herein shall limit the applicability of Rule 4.11(e) of the Commission's Rules of Practice, 16 C.F.R. §4.11(e), to discovery requests in another proceeding that are directed to the Commission.

14. At the time that any consultant or other person retained to assist counsel in the preparation of this action concludes participation in the action, such person shall return to counsel all copies of documents or portions thereof designated confidential that are in the possession of such person, together with all notes, memoranda or other papers containing judicial review, the parties shall return documents obtained in this action to their submitters, provided, however, that the Commission's obligation to return documents shall be governed by the provisions of Rule 4.12 of the Rules of Practice, 16 C.F.R. §4.12.

15. The inadvertent production or disclosure of any Discovery Material, which a Producing Party claims should not have been produced or disclosed because of a privilege, will not be deemed to be a waiver of any privilege to which the Producing Party would have been entitled had the privileged Discovery Material not inadvertently been produced or disclosed. The inadvertent production of a privileged document shall not in itself be deemed a waiver of any privileged applicable to any other documents relating to the subject matter.

16. This Protective Order shall not apply to the disclosure by a Producing Party or its counsel of its own Confidential Material.

17. The provisions of this Protective Order, insofar as they restrict the communication and use of confidential discovery material, shall, without written permission of the submitter or further order of the Commission, continue to be binding after the conclusion of this proceeding.
