**PETITION TO QUASH**  
**SUBPOENA *AD TESTIFICANDUM* DATED JULY 22, 2009**

Pursuant to 16 C.F.R. § 2.7(d), petitioner Paul M. Bisaro, President and Chief Executive Officer of Watson Pharmaceuticals, Inc. ("Watson" or the "Company") petitions the Federal Trade Commission ("FTC") to quash the Subpoena *Ad Testificandum* issued on July 22, 2009 (the "Subpoena") under Sections 6, 9, 10 and 20 of the FTC Act, 15 U.S.C. §§ 46, 49, 50 and 57b-1, as amended.<sup>1</sup> The FTC issued the Subpoena under an August 2006 resolution authorizing the investigation of settlement agreements between Cephalon, Inc. ("Cephalon") and several generic pharmaceutical companies relating to Provigil®, Cephalon's branded modafinil drug.<sup>2</sup> To date, Watson, its employees and its development partner Carlsbad Technologies, Inc. ("Carlsbad") have received four civil investigative demands ("CID"), one subpoena *duces tecum*, a request for a voluntary investigational hearing, and five subpoenas *ad testificandum* relating to

<sup>1</sup> See Subpoena *Ad Testificandum* dated July 22, 2009 (Exhibit A).

the modafinil investigation. Prior to the filing of this Petition, the Company has cooperated fully with each of the FTC's previous requests for information and documents.

After this long litany of investigatory burdens, FTC Staff now seek to compel the testimony of Watson's Chief Executive Officer, Mr. Bisaro. This Subpoena, however, must be quashed for three independent reasons. First, the FTC has already obtained all of the responsive information available from Watson, including through document submissions, narrative responses to interrogatories, discussions with FTC Staff, and the testimony of Watson's Senior Vice President and General Counsel, who was the primary point of contact and decision-maker responsible for the subject matter being investigated by the FTC. FTC Staff now insist on deposing Mr. Bisaro, who has *no* responsive documents, and *no* contacts with any third party, and whose knowledge about the subject matter is wholly indirect, learned only through "fewer than five" conversations with Watson's General Counsel. Subjecting Mr. Bisaro to an investigational hearing will not unearth information that the FTC does not already possess.

Even if on the margin Mr. Bisaro could provide any shred of new information, as the highest-ranking executive at Watson, he should not be compelled to undergo an investigational hearing unless he has personal knowledge of the relevant subject matter, and possesses information that is not obtainable through other means. Neither is true here, and FTC Staff cannot claim otherwise. Indeed, FTC Staff have *twice* deferred Mr. Bisaro's investigational hearing – once to determine whether such a hearing was "even necessary" in light of testimony establishing Mr. Bisaro's marginal familiarity with the subject matter, and a second time *indefinitely*, presumably after weighing the necessity of a hearing once in possession of the full evidentiary record. Nevertheless, FTC Staff now unreasonably insist that the individual at the apex of Watson's organization be burdened with a deposition.

The reason for the FTC's insistence is clear: the FTC is attempting to use its investigatory powers to pressure Watson into a business deal whereby it would relinquish legal rights associated with its Abbreviated New Drug Application (ANDA) for a generic version of modafinil. FTC Staff is apparently frustrated with the slow progress of its pending "reverse payment" litigation against Cephalon, and is using its privileged access to information from other government and private persons to engineer market entry by a third party. This is an improper use of the FTC's authority and the Subpoena should be quashed.

## **BACKGROUND**

### ***History of the '516 Patent Litigation and Settlements***

This Petition relates to the FTC's investigation of modafinil, a wakefulness-enhancing drug developed and marketed by Cephalon under the brand name Provigil®. At the time the Federal Food and Drug Administration (FDA) approved Provigil® on December 24, 1998, the FDA Orange Book listed two patents covering the product: US Patent No. 4,927,855 (the "'855 Patent") and U.S. Reissued Patent No. 37,516 (the "'516 Patent"). On December 22, 2002, four generic pharmaceutical companies – Barr Laboratories, Inc., Mylan Pharmaceuticals Inc., Ranbaxy Laboratories Ltd. and Teva Pharmaceutical Industries Ltd. (together, the "First Filers") – filed ANDAs seeking approval to market generic modafinil. Each of the ANDAs included a Paragraph IV certification relating to the listed patents. Thus, according to prevailing FDA rules at the time, each of the four First Filers shared the 180-day period of marketing exclusivity provided by the Drug Price Competition and Patent Term Restoration Act ("Hatch-Waxman") to the first generic challengers to file ANDAs with Paragraph IV certifications. On March 28, 2003, Cephalon filed a complaint in the United States District Court for the District of New Jersey charging each of the First Filers with infringement of the '516 Patent. Between December 9, 2005 and February 1, 2006, all four generic companies with first-filer status settled

their litigation with Cephalon and entered into licensing agreements providing for generic entry prior to the expiration of the patents covering Provigil®.

Watson and its development partner, Carlsbad, filed their ANDA for Provigil® in December 2004, approximately two years after the First Filers.<sup>3</sup> Watson and Carlsbad's ANDA also contained a Paragraph IV certification as to the then-listed patents.<sup>4</sup> Cephalon responded to the ANDA notification by suing Carlsbad for infringement of the '516 Patent in the United States District Court for the District of New Jersey on February 24, 2005.<sup>5</sup> On August 2, 2006, after all of the First Filers had reached settlements, Watson, Carlsbad and Cephalon settled their dispute and entered into a Settlement and License Agreement (the "Settlement Agreement") pursuant to which Watson obtained a license to market generic modafinil prior to the expiration of the listed patents.<sup>6</sup>

### *The Pre-Complaint Investigation*

Shortly thereafter, by resolution dated August 30, 2006, the FTC initiated a non-public inquiry "to determine whether Cephalon, Inc. [and others] engaged in any unfair methods of competition . . . by entering into agreements regarding any modafinil products."<sup>7</sup> The investigation focused on Cephalon's alleged use of patent settlements as a means of preventing generic competition, most immediately from the four First Filers – Teva, Barr, Mylan and Ranbaxy. In connection with its investigation, on November 9, 2006, the FTC issued a subpoena *duces tecum* to Watson, demanding voluminous documents relating to Provigil®, generic

modafinil, and the Settlement Agreement.<sup>8</sup> On May 18, 2007, the FTC issued a further request for information and documents – a CID consisting of 17 different specifications regarding generic modafinil, the Settlement Agreement and the '516 patent litigation.<sup>9</sup> Carlsbad received a similar request dated June 5, 2007 – a CID containing 7 different specifications on these same subjects.<sup>10</sup>

Watson and Carlsbad cooperated fully with each of the FTC's inquiries, providing thousands of documents and extensive information relevant to the investigation.<sup>11</sup> The FTC cited no deficiencies with Watson's response to either the November 9, 2006 subpoena or the May 18, 2007 CID. In addition, on August 7, 2007, Watson's Senior Vice President, General Counsel and Secretary, Mr. David A. Buchen, voluntarily appeared and provided sworn testimony in an investigational hearing requested by FTC Staff in connection with its inquiry.<sup>12</sup> Counsel for Watson also met with FTC Staff on May 8, 2007 and September 25, 2007, and provided detailed presentations regarding the Settlement Agreement in an effort to address the FTC Staff's questions and concerns.<sup>13</sup> In short, the FTC has had every opportunity to explore all aspects of the Settlement Agreement, which it has now had in its possession for nearly three years.

On February 13, 2008, the FTC brought an action against Cephalon, alleging that its settlements with the First Filers prevented generic competition to Provigil® in violation of Section 5 of the Federal Trade Commission Act, 15 U.S.C. § 45.<sup>14</sup> None of the First Filers – at least some of whom had maintained their Hatch-Waxman exclusivity – were named in the FTC's

complaint.<sup>15</sup> Watson and Carlsbad were also not named in the FTC's complaint. The FTC instituted the action against Cephalon in the District of Columbia, resisting transfer on the basis that consolidation with related class actions in Pennsylvania would contravene the public interest in expediting the FTC's case.<sup>16</sup> The case was nonetheless transferred to United States District Court for the Eastern District of Pennsylvania over the FTC's objection, where it has remained relatively dormant for over a year.

### *The Current Phase of the Investigation*

More recently, using the same August 30, 2006 resolution that culminated in a suit against Cephalon only, the FTC has taken steps to continue its investigation by issuing new demands for information and testimony to Watson and Carlsbad, and their respective senior executives. These requests arise out of Cephalon's listing of a new patent relating to modafinil – U.S. Patent No. 7,297,346 (the "'346 Patent") – in the FDA Orange Book on December 19, 2007.<sup>17</sup> Because Provigil® is now covered by a new patent, under prevailing rules the FDA requires every ANDA applicant to file a Paragraph IV certification as to the '346 Patent before approving any ANDA for generic modafinil. This requirement applies even to an applicant whose ANDA was already pending when the '346 Patent was listed. Watson and Carlsbad, whose ANDA was on file with the FDA when the new patent was listed, therefore filed a supplemental Paragraph IV certification, identifying their Settlement Agreement and the resulting license as the basis for non-infringement of the '346 Patent.<sup>18</sup>

<sup>15</sup> Commissioner Leibowitz dissented in part from the Commission's decision to bring suit, stating that he would have named as additional defendants any generic that "now refuses to relinquish their 180-day exclusivity." Statement of Commissioner Jon Leibowitz Concurring in Part and Dissenting in Part in the Matter of Cephalon, Inc., Matter Number 061-0182.

<sup>16</sup> See Opposition to Transfer, *F.T.C. v. Cephalon, Inc.*, Doc. No. 8, C.A. No. 1:08-cv-00244 (D.D.C. Mar. 6, 2008).

<sup>17</sup> Sunshine Decl. ¶ 13. The '346 Patent was issued by the United States Patent and Trademark Office (USPTO) on November 20, 2007.

<sup>18</sup> Sunshine Decl. ¶ 14.

Watson and Carlsbad filed their supplement on December 19, 2007, the same day that the '346 Patent was listed in the Orange Book.<sup>19</sup> Because the supplement was filed on the first possible day of filing, Watson knew it was not late to file on the '346 Patent. However, Watson did not know whether and/or which other generic companies had also filed on the first possible day, making the exclusivity status for Watson highly uncertain.<sup>20</sup> Moreover, because Watson and Carlsbad were late to file the original application challenging the '516 Patent, unless Watson was the lone first filer on December 19, 2007, and all of the four First Filers had relinquished their exclusivity as to the '516 Patent, according to FDA rules Watson would not be able to take advantage of its potential first filer status or even gain final approval of its ANDA. All of the facts required to make these determinations, however, are confidential information held by the FDA. Only in the event that Watson's ANDA received final approval would Watson learn whether it had marketing exclusivity relating to the '346 Patent.

Nevertheless, on March 4, 2009, Markus H. Meier, Assistant Director in the Health Care Division at the FTC, telephoned Steven C. Sunshine of Skadden, Arps, Slate, Meagher & Flom LLP, counsel for Watson, and indicated that he had been in contact with the FDA.<sup>21</sup> In the course of that conversation, Mr. Meier suggested that it might be in Watson's financial interest to relinquish or "waive" the exclusivity associated with its supplemental ANDA to clear the way for generic competition to Provigil®.<sup>22</sup> Messrs. Meier and Sunshine spoke again by telephone on March 10, 2009 and March 13, 2009, and Mr. Meier again pursued the question of whether Watson had determined to relinquish its marketing exclusivity.<sup>23</sup>

<sup>23</sup> *Id.* ¶ 16.

Within a week, Watson also received a telephone from a third party generic pharmaceutical company seeking to negotiate a transaction with Watson involving the Company's purported first-to-file rights.<sup>24</sup> At the time, Watson had no information regarding whether it possessed first filer status in connection with the '346 Patent.<sup>25</sup> Indeed, the FDA has still not made this information available to Watson.<sup>26</sup> Watson understood that FTC Staff had been in contact with this third-party generic company regarding modafinil.<sup>27</sup> In response to these contacts, Watson considered its alternatives. Responsibility for the business decisions lay with Mr. Buchen, Watson's Senior Vice President and General Counsel, and a member of the Executive Committee.<sup>28</sup> Mr. Buchen had not reached a conclusion by the time that the FTC issued compulsory process.<sup>29</sup>

Apparently frustrated by Watson's failure to relinquish quickly, Mr. Meier also indicated to Mr. Sunshine that Watson's failure to waive its rights in the near term would likely cause the FTC "Front Office" to initiate an investigation.<sup>30</sup> Shortly thereafter, on May 19, 2009, the FTC issued a new CID and a subpoena *ad testificandum* to Mr. Buchen.<sup>31</sup> On May 22, 2009, the FTC issued another subpoena *ad testificandum* to Mr. Bisaro.<sup>32</sup> The FTC also issued a CID and two subpoenas *ad testificandum* to Watson's development partner, Carlsbad, even though Carlsbad had no real participation in any of the relevant events.<sup>33</sup> The CIDs and subpoenas seek

information and documents relating to the '346 Patent and any associated marketing exclusivity, including any contacts Watson may have had with any company regarding these issues. Through discussions with FTC Staff, counsel for Watson learned that the FTC was primarily interested in understanding whether Watson has reached any agreements with Cephalon regarding relinquishment of any marketing exclusivity associated with the '346 Patent.<sup>34</sup>

Beginning on May 21, 2009, counsel for Watson contacted Saralisa C. Brau, Deputy Assistant Director in the Health Care Division at the FTC, to discuss the May 19, 2009 CID and subpoenas.<sup>35</sup> Watson's counsel informed Ms. Brau that Watson had not reached any agreements or decisions regarding relinquishment.<sup>36</sup> Watson's counsel further sought to limit Watson's response to the CID and subpoenas to narrative responses which would confirm that Watson had not reached any agreements whatsoever on relinquishment.<sup>37</sup> However, the FTC Staff declined to narrow the scope of its investigation.<sup>38</sup> Watson then agreed to respond to the CID fully, but sought a one-week extension of the return date; the CID as issued listed a return date of June 3, 2009 – less than one week after Watson was served.<sup>39</sup> Watson's counsel also sought a temporary deferral of the subpoenas until such time as the FTC could have the opportunity to review Watson's response to the CID and thereby confirm that Watson had not

reached any agreements or decisions regarding relinquishment.<sup>40</sup> The FTC declined to reach an agreement on a reasonable extension of time.<sup>41</sup>

Watson then informed FTC Staff that it would respond to the CID in its entirety by June 10, 2009, but absent an agreement on a short extension of the original return dates of June 10, 2009 for Mr. Buchen, and June 22, 2009 for Mr. Bisaro, the Company would in all likelihood seek to quash the subpoenas for testimony on the basis that the FTC should defer questioning Watson's senior executives until Staff had an opportunity to review the Company's CID response.<sup>42</sup> On June 1, 2009, the FTC and Watson agreed on new dates for the investigational hearings (June 25 and June 30, respectively), and one-week extensions on Watson's deadline to file a petition to quash the subpoenas.<sup>43</sup>

On June 10, 2009, Watson submitted its response to the May 19, 2009 CID.<sup>44</sup> In its response, Watson once again informed FTC Staff that it had not reached any agreements or decisions regarding relinquishment.<sup>45</sup> Watson also identified its limited contacts with one third-party generic company on the subject of relinquishment.<sup>46</sup> Moreover, Watson submitted all documents relevant to these topics together with its written response to the CID.<sup>47</sup> Notably, Mr. Bisaro had *no responsive documents*, and *did not have any contacts with any company on the subject of relinquishment*.

Counsel for Watson then met with FTC Staff on June 12, 2009 to discuss Watson's response to the CID, and to confirm once more that Watson had not reached any

agreements or decisions with respect to relinquishment.<sup>48</sup> Watson's counsel suggested that the subpoena for Mr. Bisaro's testimony should be withdrawn and informed Staff that Watson would in all likelihood resist Mr. Bisaro's investigational hearing on the basis that he had no responsive documents and had not participated in any third party discussions regarding relinquishment.<sup>49</sup> While deposing Mr. Buchen was also unlikely to yield significant additional information, in the interest of avoiding a dispute, Watson's counsel informed Staff that it would nonetheless proceed with Mr. Buchen's hearing.<sup>50</sup>

On June 25, 2009, Mr. Buchen provided sworn testimony in this matter in an investigational hearing conducted by Mr. Meier. Mr. Buchen testified that Watson had not reached any agreement or decision with any party relating to relinquishment.<sup>51</sup> In fact, Mr. Buchen testified that the FTC's CID and subpoenas caused Watson to suspend consideration of relinquishment.<sup>52</sup> Mr. Buchen also testified that he was the only individual at Watson involved in any discussions with third parties relating to this topic, that he had no discussions with Cephalon, and that he was the primary decision-maker with respect to relinquishment.<sup>53</sup> Moreover, Mr. Buchen testified that he spoke with Mr. Bisaro about relinquishment "fewer than five" times, and only for the purposes of keeping Mr. Bisaro informed.<sup>54</sup> Due to Mr. Buchen's role as General Counsel of the Company, however, these conversations would implicate legal advice.<sup>55</sup>

### *The Pending Subpoena*

At the time of Mr. Buchen's investigational hearing, the first subpoena *ad testificandum* issued to Mr. Bisaro was still pending. Therefore, in light of Mr. Buchen's testimony regarding Mr. Bisaro's marginal familiarity with the relevant topics, Mr. Meier and Mr. Sunshine reached an agreement on the record extending the return date for Mr. Bisaro's subpoena to July 2, 2009.<sup>56</sup> Mr. Meier further stated that, in the interim, he would "talk with people at the FTC about whether it's *even necessary* to do an investigational hearing of Mr. Bisaro."<sup>57</sup> Mr. Sunshine reiterated that Watson would petition to quash the subpoena issued to Mr. Bisaro if the FTC determined to enforce the subpoena.

Shortly thereafter, Mr. Meier telephoned Mr. Sunshine and indicated that the FTC had no present intention of conducting an investigational hearing of Mr. Bisaro.<sup>58</sup> Mr. Meier agreed to indefinitely postpone the hearing, but preserved the right to seek to enforce the subpoena at a later date. Watson also preserved its right to petition to quash Mr. Bisaro's subpoena. A letter memorializing this agreement was provided to Mr. Meier for his countersignature on June 30, 2009.<sup>59</sup>

Weeks later, on the afternoon of Friday, July 17, 2009, Mr. Meier telephoned Mr. Sunshine to inform him that the FTC had determined to proceed with Mr. Bisaro's investigational hearing.<sup>60</sup> Mr. Meier acknowledged the testimony on the record that Mr. Bisaro had had "fewer than five" conversations with his General Counsel regarding the possibility of

While he was therefore unable to sign the letter, during subsequent telephone calls he twice reiterated that the parties had an agreement and that his workload was the only factor preventing him from providing a countersigned copy of the letter. relinquishment.<sup>61</sup> Notwithstanding Watson's claim that these discussions would certainly implicate privileged communications, Mr. Meier indicated that there might be portions of the conversations which could be disclosed.<sup>62</sup> Mr. Sunshine informed Mr. Meier that Watson would in all probability petition to quash the subpoena. Mr. Meier asked Mr. Sunshine to telephone Ms. Brau on the following Monday, July 20, 2009, to agree on a schedule.<sup>63</sup>

On Monday, July 20, 2009, counsel for Watson contacted Ms. Brau and proposed a return date of August 21, 2009.<sup>64</sup> Ms. Brau indicated that the FTC's preferred return date was Friday, July 24, 2009 (*i.e.*, four days later), and that a return period of roughly a month was a non-starter.<sup>65</sup> At best, Ms. Brau suggested a return date of August 3, 2009.<sup>66</sup> Counsel for Watson explained that due to vacation schedules during the month of August, and Mr. Sunshine's absence during this period, Watson would not be able to agree to these dates.<sup>67</sup>

On Tuesday, July 21, 2009, counsel for Watson telephoned Ms. Brau to propose August 17, 2009 as an alternative date.<sup>68</sup> However, Ms. Brau indicated that despite the existence of an indefinite extension on the return date for Mr. Bisaro's subpoena, the FTC did not need to negotiate this matter and could issue a new subpoena to unilaterally set its schedule.<sup>69</sup> Counsel for Watson then proposed August 14, 2009.<sup>70</sup> Ms. Brau declined to consider this new proposal, and notwithstanding the present agreement between the FTC and Watson, reiterated that Staff

felt no need to reach an agreement with Watson.<sup>71</sup> On July 22, 2009, the FTC issued a second subpoena *ad testificandum* to Mr. Bisaro. The subpoena was received on July 23, 2009 and carries a return date of July 31, 2009.<sup>72</sup>

### APPLICABLE STANDARDS

Congress has conferred upon the FTC investigative powers to fulfill its mandate under Section 5 of the Federal Trade Commission Act to prevent “unfair methods of competition in or affecting commerce, and unfair or deceptive acts or practices in or affecting commerce.”

15 U.S.C. § 45(a)(2). The FTC’s investigative authority includes the power to issue compulsory process, including civil investigative demands or subpoenas. 15 U.S.C. § 49. However, none of the FTC’s compulsory process is self-executing; rather, the FTC must seek enforcement of the subpoena in an appropriate district court. *Id.* In general, the mandate of the courts is to protect recipients of agency process from “unreasonable” inquiries. *See United States v. Morton Salt Co.*, 338 U.S. 632, 652-53 (1950) (citing *Okla. Press Publ’g Co. v. Walling*, 327 U.S. 186, 208 (1946)).

The Supreme Court has articulated four criteria which must be met for the FTC to obtain enforcement of a subpoena or other compulsory process: (i) the investigation must be conducted pursuant to a legitimate purpose; (ii) the inquiry must be relevant to the purpose of the investigation; (iii) the information sought must not already be within the agency’s possession; and (iv) the agency must have followed the administrative steps required by the applicable law. *See United States v. Powell*, 379 U.S. 48, 57-8 (1964). Moreover, the Supreme Court has held that even where these criteria are met, agency process may not be enforceable if it has been issued for an improper purpose, such as “to harass the [recipient] or to put pressure on him to

settle a collateral dispute, or for any other purpose reflecting on the good faith of the particular investigation." *Id.* at 58 (stating that "[i]t is the court's process which is invoked to enforce the administrative summons and a court may not permit its process to be abused").

### LEGAL OBJECTIONS

**1. The Subpoena Unreasonably Demands Information That the FTC Already Possesses.**

Where, as here, the FTC already possesses the information being sought by subpoena, enforcement of the subpoena is improper. *Id.*<sup>73</sup> The FTC is seeking oral testimony from Mr. Bisaro regarding marketing exclusivity related to the '346 Patent, and the basis for any decision by Watson regarding relinquishment. These topics have been covered at length – repeatedly – including under the CID issued contemporaneously with the original subpoena to Mr. Bisaro. Specifically, the FTC's CID sought the following categories of information:

- Whether Watson believes it is eligible to claim marketing exclusivity for its modafinil product;
- Which company – Watson or Carlsbad – has authority to relinquish any claim of exclusivity;
- Whether there is any agreement that prevents Watson or Carlsbad from relinquishing exclusivity;
- Information regarding contacts between Watson and any company regarding the '346 Patent, Watson's first filer status, eligibility to claim exclusivity or the relinquishment of exclusivity;
- Information regarding whether Watson has reached any agreement regarding relinquishment with any third party, and the basis for its decision; and
- Any documents constituting or relating to communications regarding the '346 Patent, Watson's first filer status, eligibility to claim exclusivity or the relinquishment of exclusivity.<sup>74</sup>

<sup>73</sup> Watson also objects to the Subpoena on the grounds that the Resolution authorizing compulsory process resulted in a lawsuit against Cephalon, and a public decision not to challenge any generic company. The Commission may not now resurrect this Resolution to burden Watson with more process.

<sup>74</sup> See Civil Investigative Demand dated May 19, 2009 (Exhibit F).

Watson has responded to each and every inquiry fully. To the extent it possessed documents that were responsive to the CID, Watson produced them. Notably, Mr. Bisaro had *no responsive documents*. Moreover, through written responses to interrogatories, Watson informed the FTC that:

- Watson does not have definitive information regarding whether it is eligible for exclusivity, and in fact believes that the FTC possesses better information regarding this issue through its contacts with the FDA;
- As between Watson and Carlsbad, Watson has the right to make all decisions regarding commercialization of generic modafinil;
- There is no agreement between Watson and any other party preventing Watson from relinquishing any first-to-file rights it may have;<sup>75</sup>
- Watson had only limited contacts with one third-party generic company regarding the '346 Patent and any associated exclusivity, which it described in its responses; and
- Watson has not reached any decision about whether or not to relinquish exclusivity.<sup>76</sup>

Mr. Buchen confirmed this information during his investigational hearing. In particular, he testified that Watson still does not definitively know whether it is eligible for marketing exclusivity.<sup>77</sup> He also reiterated that there is no agreement preventing Watson from relinquishing any exclusivity associated with the '346 Patent.<sup>78</sup> Finally, Mr. Buchen described Watson's limited contacts with a third-party generic manufacturer on these topics, and explained in detail

<sup>75</sup> Out of an abundance of caution, Watson cited the Settlement Agreement as 'possibly relating' to the issue of relinquishment. During his investigational hearing, Mr. Buchen explained that one possible example of the relationship between the Settlement Agreement and relinquishment was the very existence of the FTC's investigation, and the fact that it implicated the indemnification provision of the Settlement Agreement. (See Buchen Dep. at 43 – 44.) At no point did Watson say that the Settlement Agreement prevented relinquishment.

<sup>76</sup> See Watson Pharmaceuticals, Inc., Responses to Civil Investigative Demand, FTC File No. 061-0182 (June 10, 2009).

<sup>77</sup> Buchen Dep. at 28.

<sup>78</sup> *Id.* at 52.

that Watson had not reached any agreement or decision with any party relating to relinquishment.<sup>79</sup>

It is clear, moreover, that there is nothing more on these subjects for the FTC to unearth. Mr. Buchen testified that he was the *only* individual at Watson involved in any discussions with third parties relating to this topic.<sup>80</sup> He also testified that he was the primary decision-maker with respect to relinquishment, and that he only spoke with Mr. Bisaro about relinquishment “fewer than five” times for the purposes of keeping Mr. Bisaro informed.<sup>81</sup> Due to Mr. Buchen’s role as General Counsel of the Company, Mr. Buchen also explained that these conversations likely were privileged.<sup>82</sup> In short, enforcing Mr. Bisaro’s subpoena can only yield information that the FTC already possesses.<sup>83</sup>

## **2. The Subpoena Unreasonably Seeks Testimony from the Apex of Watson’s Organization.**

FTC Staff’s insistence on questioning Mr. Bisaro under these circumstances is particularly unreasonable in light of the fact that he is the President and Chief Executive Officer of Watson. Courts routinely hold that it is improper to depose a high-ranking or “apex” employee unless the requesting party has reason to believe that he has personal knowledge of

<sup>79</sup> *Id.* at 35 – 37, 40, 67.

<sup>80</sup> *Id.* at 29, 40, 51, 66 – 67. Nor can the FTC claim that persons outside Watson may have had relevant discussions that Mr. Bisaro is uniquely aware of; the FTC also deposed Carlsbad’s Chief Executive Officer, Robert Wan, regarding these issues. Mr. Wan testified that he had not discussed relinquishment with any party, and he did not even know who Mr. Bisaro was. See Transcript, *In the Matter of Cephalon, Inc.*, FTC File No. 061-0182, dated July 15, 2009, at 10.

<sup>81</sup> Buchen Dep. at 37.

<sup>82</sup> *Id.* at 37 – 38.

<sup>83</sup> This is not a situation in which there is merely “some redundancy” between the information the agency already has and the information expected to be provided under the challenged subpoena. See *Adamowicz v. United States*, 531 F.3d 151, 159 (2d Cir. 2008) (finding that “if the bulk of the materials” requested are not in the possession of the agency, then some overlap between what is requested and what the agency already possesses does not render the subpoena unenforceable). Nor is this a situation in which the FTC issued the subpoena to help it isolate relevant facts among huge volumes of information it already possesses. See *United States v. Berkowitz*, 355 F. Supp. 897, 901 (E.D. Pa. 1973) (finding that although the information was already in the agency’s possession, it was “impossible or unjustifiably difficult and expensive to identify”); see also *United States v. Monumental Life Ins. Co.*, 440 F.3d 729, 734-35 (6th Cir. 2006) (where information was already in government’s possession, agency must prove that its interests in requesting such information outweighed hardship on defendant in producing it).

relevant information that cannot be obtained through other means. *See, e.g., Thomas v. IBM*, 48 F.3d 478, 483 (10th Cir. 1995) (upholding protective order to prevent apex deposition where potential deponent lacked personal knowledge of relevant facts and the requesting party had made no attempt to demonstrate it could not obtain the requested information elsewhere); *Salter v. Upjohn Co.*, 593 F.2d 649, 651 (5th Cir. 1979) (upholding a lower court's interim prohibition of the deposition of a company president until depositions of lower-level employees revealed whether the president had personal knowledge of facts that could not be obtained elsewhere); *Baine v. Gen. Motors Corp.*, 141 F.R.D. 332, 335 (M.D. Ala. 1991) (finding apex deposition inappropriate because the requesting party failed to establish that the information sought could not be obtained from lower-level employees without imposing burden and inconvenience on the company's top executive).<sup>84</sup>

The FTC cannot claim that Mr. Bisaro has personal knowledge of facts that could not be obtained elsewhere. FTC Staff has already deposed Mr. Buchen – the only individual at Watson who participated in the limited communications between Watson and one third-party generic company regarding relinquishment. Mr. Buchen testified that while he kept Mr. Bisaro informed, Mr. Bisaro did not participate in any discussions first-hand.<sup>85</sup> Any non-privileged information told to Mr. Bisaro by Mr. Buchen was discoverable during Mr. Buchen's investigational hearing. Finally, as General Counsel of Watson, much of the substance of Mr. Buchen's conversations with Mr. Bisaro are attorney-client communications and constituted

<sup>84</sup> Federal Rule of Civil Procedure 26 provides the underlying justification for the "apex" doctrine. Rule 26 proscribes discovery that is obtainable "from some other source that is more convenient, less burdensome, or less expensive," Fed. R. Civ. P. 26(b)(2)(C)(i), or that will result in "annoyance, embarrassment, oppression, or undue burden or expense," Fed. R. Civ. P. 26(c)(1). The *Powell* criteria address many of the same concerns underlying restrictions on private party discovery requests in Rule 26, *see generally United States v. Powell*, 379 U.S. 48, 57-58 (1964), and apply with equal force to assess the reasonability of an apex deposition in this context.

<sup>85</sup> Buchen Dep. at 67.

attorney work product, and as such are protected from disclosure by privilege.<sup>86</sup> Under these circumstances, there is no reasonable basis to expend valuable time and resources on the deposition of Watson's Chief Executive Officer. Watson further objects that FTC Staff is seeking to compel Mr. Bisaro to travel to the District of Columbia to sit for an investigational hearing. If the Staff insists on burdening Mr. Bisaro, it should travel to his place of residence.

### **3. The Subpoena Was Likely Issued for an Improper Purpose.**

According to long-standing Supreme Court precedent, a subpoena is unenforceable if it has been issued for an improper purpose, such as "to harass the [recipient] or to put pressure on him to settle a collateral dispute, or for any other purpose reflecting on the good faith of the particular investigation." *Powell*, 379 U.S. at 58. FTC Staff is aware that subjecting Mr. Bisaro to an investigational hearing will not yield any new or different information than it already possesses. Indeed, Mr. Meier indefinitely deferred Mr. Bisaro's hearing, *after* deposing Mr. Buchen, ostensibly because the hearing no longer appeared to be necessary or reasonably calculated to lead to new information.<sup>87</sup>

The only conceivable reason for the FTC to insist on an apex deposition at this stage is to pressure Watson to relinquish any exclusivity rights it may have, and thereby attempt to engineer generic entry into the modafinil market. The FTC Staff has been unable to achieve this result through its pending litigation against Cephalon, and now appears to be using its investigatory power and access to confidential information to accomplish its goals.<sup>88</sup> The FTC's intentions have been evident since FTC Staff first contacted Watson's counsel. In particular,

<sup>86</sup> Even if the FTC could articulate a good-faith basis for believing Mr. Bisaro has personal information that is discoverable, a simple interrogatory would have been more appropriate than subjecting the CEO of the company to provide testimony. *See, e.g., Baine v. Gen. Motors Corp.*, 141 F.R.D. 332, 334-35 (M.D. Ala. 1991).

<sup>87</sup> *See* June 30, 2009 Letter (Exhibit M).

<sup>88</sup> Document and testimonial discovery of relevant persons may yield clarity as to the extent of such disclosures and the propriety of its use.

FTC Staff suggested hypothetical regulatory scenarios to encourage Watson to relinquish its legitimate intellectual property rights.<sup>89</sup> It further acted as a go-between with a third party generic company seeking to enter the market.<sup>90</sup> More disturbingly, notwithstanding the FTC's decision ultimately not to sue any of the First Filers, FTC Staff *told* Watson's counsel that the FTC would renew its investigation of Watson if the Company did not make the business decision the FTC Staff desired.<sup>91</sup> When Watson did not comply, the CID and subpoenas to Messrs. Buchen and Bisaro followed, and despite repeated attempts by Watson to provide what limited information exists on this subject matter in an efficient manner, FTC Staff continue to issue new process. Most recently, Staff jettisoned an agreement between the FTC and Watson to indefinitely postpone Mr. Bisaro's hearing and preserve both parties' rights in connection with the May 19, 2009 subpoena.<sup>92</sup> Rather than engage in a good faith negotiation on a revised return date, the FTC simply issued a new subpoena.

Under these circumstances, the FTC's insistence on deposing Mr. Bisaro can only be characterized as harassment. It is amply clear that the FTC has learned all it can regarding this subject matter and is seeking merely to achieve the arguably desirable – but nonetheless improperly conceived and *ultra vires* goal – of generic entry into the modafinil market.

### CONCLUSION

For all of the foregoing reasons, the subpoena *ad testificandum* issued on July 22, 2009 for the investigational hearing of Mr. Paul Bisaro should be quashed.

## **REQUEST FOR CONFIDENTIAL TREATMENT**

Watson requests that this entire Petition, as well as all supporting Exhibits, be maintained by the FTC as highly confidential. The information contained herein includes sensitive and proprietary business information of Watson. Accordingly, Watson requests that the Petition and all of its Exhibits receive the highest level of protection for confidentiality available under the Federal Trade Commission Act, including 15 U.S.C. § 57b-2, the Commissions' Rules of Practice (including 16 C.F.R. §§ 2.7(g) and 4.10(a)), the Freedom of Information Act (including 5 U.S.C. § 552(b)), and all other applicable statutes, rules and regulations.

Given that the May 19, 2009 and July 22, 2009 compulsory processes relate to commercially sensitive information regarding Watson's ANDA and the terms of its agreements with Carlsbad and Cephalon, any disclosure by the Commission regarding this Petition has the potential to cause competitive harm to Watson. In particular, Watson's filing of a Paragraph IV certification relating to the '346 Patent is competitively sensitive information. Watson has not made the filing of the Paragraph IV public. Moreover the filing of the Paragraph IV, and the identify of the potential first filer is highly sensitive information given the 180-day exclusivity period available under Hatch-Waxman. Disclosure by the Commission of any part of this Petition would reveal the subject matter of the May 19, 2009 and July 22, 2009 compulsory process, including the ANDA supplement and related potential first-filer rights, thereby causing severe harm to Watson.

At a minimum, however, the Commission should limit disclosure of the Petition and its Exhibits to the redacted non-confidential version submitted with this Petition. The redacted information is exempt from disclosure under 16 C.F.R. § 4.10(a), 5 U.S.C. § 552(b) and other applicable statutes, rules and regulations.

SUBPOENA *AD TESTIFICANDUM*  
DATED JULY 22, 2009

**DECLARATION OF STEVEN C. SUNSHINE**

Pursuant to 28 U.S.C. § 1746, Steven C. Sunshine, Esq. declares as follows:

1. I am an attorney and a member of the bars of New York and the District of Columbia. I am a partner in the firm of Skadden, Arps, Slate, Meagher & Flom LLP. I am counsel to Watson Pharmaceuticals, Inc. ("Watson") in connection with the FTC's modafinil investigation. I am also counsel to Paul M. Bisaro in connection with the Petition to Quash the Subpoena *Ad Testificandum* dated July 22, 2009.

2. I submit this declaration in support of the Petition to Quash the Subpoena *Ad Testificandum* dated July 22, 2009. The facts set forth herein are based on my personal knowledge or information made known to me in the course of my duties.

3. Watson is a leading generic pharmaceutical company engaged in the research, development, manufacture, sale, marketing and distribution of generic versions of branded pharmaceutical drugs.

4. Watson and its development partner, Carlsbad Technology, Inc. ("Carlsbad"), filed an ANDA for generic Provigil®, Cephalon Inc.'s ("Cephalon") branded modafinil drug, in December 2004.

5. Watson and Carlsbad's ANDA contained a Paragraph IV certification as to certain patents then listed in the Federal Food and Drug Administration (FDA) Orange Book, including U.S. Reissued Patent No. 37,516 (the "'516 Patent").

6. Cephalon responded to the ANDA notification by suing Carlsbad for infringement of the '516 Patent in the United States District Court for the District of New Jersey on February 24, 2005.

7. On August 2, 2006, Watson, Carlsbad and Cephalon settled their dispute and entered into a Settlement and License Agreement (the "Settlement Agreement") pursuant to which Watson obtained a license to market generic modafinil prior to the expiration of the listed patents.

8. Shortly thereafter, by resolution dated August 30, 2006, the Federal Trade Commission (FTC) initiated a non-public inquiry to investigate whether Cephalon engaged in any unfair methods of competition by entering into a series of settlements agreements regarding its modafinil products. The investigation culminated in the FTC bringing a complaint against Cephalon. None of the four generic companies with first-to-file rights as to the '516 Patent were sued.

9. Watson was investigated but not sued in connection with the FTC's investigation.

10. Watson complied with an FTC subpoena *duces tecum* issued on November 9, 2006 by producing volumes of responsive documents to the FTC.

11. Watson and Carlsbad likewise complied with Civil Investigative Demands ("CID") for additional categories of information issued on May 18, 2007 and June 5, 2007.

12. Other cooperation provided by Watson included voluntary participation on August 7, 2007 in an investigational hearing by Watson's Senior Vice President, General Counsel and Secretary, Mr. David A. Buchen; and counsel presentations to FTC Staff on May 8 and September 25, 2007.

13. On December 19, 2007, Cephalon listed a new patent relating to modafinil – U.S. Patent No. 7,297,346 (the "'346 Patent") – in the FDA Orange Book.

14. Also on December 19, 2007, Watson and Carlsbad filed a supplemental ANDA containing a Paragraph IV certification as to the '346 Patent. Watson and Carlsbad's ANDA supplement identified a license from Cephalon as the basis for non-infringement of the '346 Patent.

15. On March 4, 2009, Markus H. Meier, Assistant Director in the Health Care Division at the FTC, telephoned me to discuss the modafinil matter. Mr. Meier suggested that Watson should consider relinquishment or "waiver" of the exclusivity associated with its supplemental ANDA and that this might clear the way for generic competition to Provigil®. At the time, Watson had no information regarding whether it possessed first filer status in connection with the '346 Patent. Mr. Meier indicated that he discussed the regulatory status with the FDA. During the call, he posited certain hypothetical regulatory scenarios under which Watson could profit from relinquishment.

16. Mr. Meier telephoned me again on March 10, 2009 and March 13, 2009, and both times reiterated that Watson should consider relinquishing its marketing exclusivity. During one conversation, Mr. Meier stated that Watson's failure to waive its rights would likely cause the FTC "Front Office" to reopen the modafinil investigation.

17. Mr. Meier also acknowledged that he was in communication with a third-party generic company regarding these issues, and later that company contacted Watson seeking an agreement relating to Watson's relinquishment.

18. On May 19, 2009, the FTC issued a CID and a subpoena *ad testificandum* to Mr. Buchen, and on May 22, 2009 the FTC issued a subpoena *ad testificandum* to Mr. Bisaro.

19. Watson complied with the May 19, 2009 CID by producing all responsive documents and relevant information.

20. Mr. Buchen complied with the May 19, 2009 subpoena issued to him by participating in an investigational hearing conducted by Mr. Meier on June 25, 2009.

21. On June 29, 2009, Mr. Meier informed me by telephone that the FTC had no present intention of conducting an investigational hearing with respect to Mr. Bisaro. During that conversation, Mr. Meier and I reached an agreement to indefinitely postpone Mr. Bisaro's hearing. On June 30, 2009, a letter memorializing this agreement was provided to Mr. Meier for his countersignature. On subsequent telephone calls, Mr. Meier twice reiterated that the parties had an agreement and that his workload was the only factor preventing him from providing a countersigned copy of the letter.

22. On July 17, 2009, Mr. Meier telephoned to inform me that the FTC had determined to proceed with Mr. Bisaro's investigational hearing. Mr. Meier acknowledged the testimony on the record that Mr. Bisaro had had "fewer than five" conversations with his General Counsel regarding the possibility of relinquishment. Notwithstanding Watson's claim that these discussions would certainly implicate privileged communications, Mr. Meier indicated that there might be portions of the conversations which could be disclosed.

I declare under the penalty of perjury under the laws of the United States that the foregoing is true and correct.

Signed on this 30<sup>th</sup> day of July, 2009 at Washington, D.C.

SUBPOENA *AD TESTIFICANDUM*  
DATED JULY 22, 2009

DECLARATION OF MARIA A. RAPTIS

Pursuant to 28 U.S.C. § 1746, Maria A. Raptis, Esq. declares as follows:

1. I am an attorney and a member of the bar of New York. I am an associate in the firm of Skadden, Arps, Slate, Meagher & Flom LLP. I am counsel to Watson Pharmaceuticals, Inc. ("Watson") in connection with the FTC's modafinil investigation. I am also counsel to Paul M. Bisaro in connection with the Petition to Quash the Subpoena *Ad Testificandum* dated July 22, 2009.

2. I submit this declaration in support of the Petition to Quash the Subpoena *Ad Testificandum* dated July 22, 2009. The facts set forth herein are based on my personal knowledge or information made known to me in the course of my duties.

3. I have read the Petition to Quash the Subpoena *Ad Testificandum* dated July 22, 2009 and the exhibits attached thereto, and verify that Exhibits A through O are true and correct copies of original documents.

4. On May 19, 2009, the FTC issued a Civil Investigative Demand and a subpoena *ad testificandum* to David A. Buchen, Senior Vice President, General Counsel and Secretary of Watson.

5. On May 22, 2009, the FTC issued a subpoena *ad testificandum* to Mr. Bisaro, President and Chief Executive Officer of Watson.

6. On May 21, 2009, together with Mr. Steven C. Sunshine, a partner at Skadden, Arps, Slate, Meagher & Flom LLP, I spoke with Ms. Saralisa C. Brau, Deputy Assistant Director in the Health Care Division at the FTC, by telephone to discuss the May 19, 2009 CID issued to Watson and the May 19, 2009 and May 22, 2009 subpoenas *ad testificandum* issued to Mr. Buchen and Mr. Bisaro. The CID and subpoenas seek information and documents relating to the '346 Patent and any associated marketing exclusivity, including any contacts Watson may have had with any company regarding these issues. Through discussions with Ms. Brau, we learned that the FTC was primarily interested in understanding whether Watson has reached any agreements regarding relinquishment of any marketing exclusivity associated with the '346 Patent, and the basis for any decision by Watson not to waive exclusivity. We informed Ms. Brau that Watson had not reached any agreements or decisions regarding relinquishment.

7. On May 26, 2009, Mr. Sunshine and I contacted Ms. Brau by telephone and sought to limit Watson's response to the CID and subpoenas to narrative responses which would confirm that Watson had not reached any agreements on relinquishment. Ms. Brau initially indicated that she would consider this proposal, but later declined to narrow the scope of the FTC's investigation.

8. On May 28, 2009, Mr. Sunshine and I contacted Ms. Brau by telephone to confirm that Watson would respond to the CID fully, but also to seek a one-week extension of the return date; the CID as issued listed a return date of June 3, 2009 – less than one week after Watson and its senior executives were served on May 28, 2009. We also sought a temporary deferral of the subpoenas until such time as the FTC could have the opportunity to review Watson's response to the CID and thereby confirm that Watson had not reached any agreements

or decisions regarding relinquishment. Later that day, Ms. Brau telephoned me and declined to reach an agreement on an extension of time for either the CID or the subpoenas.

9. On May 29, 2009, I informed Ms. Brau that we would respond fully to the CID by June 10, 2009. In addition, I again suggested deferring the subpoenas until such time as FTC Staff would have the opportunity to review Watson's responses to the CID. Absent an agreement on a short extension of the original return dates of June 10, 2009 for Mr. Buchen, and June 22, 2009 for Mr. Bisaro, I informed Ms. Brau that the Company would in all likelihood seek to quash the subpoenas for testimony. Later that day, Ms. Brau proposed allowing a one-week extension on the return dates if Watson provided certain firm dates for investigational hearings for Mr. Buchen and Mr. Bisaro.

10. On June 1, 2009, Ms. Brau and I spoke by telephone and agreed on new dates for the investigational hearings of Mr. Buchen (June 25, 2009) and Mr. Bisaro (June 30, 2009), and a one-week extension (to June 17 and June 29, respectively) on Watson's deadline to file a petition to quash the subpoenas. A letter memorializing this agreement is dated June 2, 2009.

11. On June 10, 2009, Watson submitted its response to the May 19, 2009 CID. In its response, Watson confirmed that it had not reached any agreements or decisions regarding relinquishment. Watson also identified its limited contacts with third parties on the subject of relinquishment. Moreover, Watson submitted all documents relevant to these topics together with its written response to the CID.

12. On June 12, 2009, Mr. Sunshine and I met with FTC Staff, including Mr. Bradley S. Albert, Deputy Assistant Director in the Health Care Division at the FTC, and Ms. Brau, to discuss Watson's response to the CID. We informed Mr. Albert and Ms. Brau that

Watson would proceed with Mr. Buchen's hearing, but suggested that the subpoena for Mr. Bisaro's testimony should be withdrawn.

13. On June 29, 2009, Mr. Meier and Mr. Sunshine agreed to indefinitely postpone the hearing of Mr. Bisaro. A letter memorializing this agreement was provided to Mr. Meier for his countersignature on June 30, 2009.

14. On the afternoon of Friday, July 17, 2009, Mr. Meier telephoned Mr. Sunshine to inform him that the FTC had determined to proceed with Mr. Bisaro's investigational hearing.

15. On Monday, July 20, 2009, I contacted Ms. Brau to agree on a schedule and proposed a return date of August 21, 2009. Ms. Brau indicated that the FTC's preferred return date was Friday, July 24, 2009 (*i.e.*, four days later), and that a return period of roughly a month was a non-starter. At best, Ms. Brau suggested a return date of August 3, 2009. I explained that due to vacation schedules during the month of August, and Mr. Sunshine's absence during this period, Watson would not be able to agree to these dates.

16. On Tuesday, July 21, 2009, I telephoned Ms. Brau to propose August 17, 2009 as an alternative date. However, Ms. Brau stated that the FTC did not need to negotiate the matter and could issue a new subpoena to unilaterally set its schedule. I then proposed August 14, 2009. Ms. Brau declined to consider this new proposal and reiterated that Staff felt no need to reach an agreement with Watson.

17. On July 22, 2009, the FTC issued a second subpoena *ad testificandum* to Mr. Bisaro. The subpoena was received at Watson's Corona location on July 23, 2009 rather than in New Jersey, where Mr. Bisaro resides, and carries a return date of July 31, 2009.

I declare under the penalty of perjury under the laws of the United States that the foregoing is true and correct.

Signed on this 29<sup>th</sup> day of July, 2009 at Washington, D.C.

#### INSTRUCTIONS

1. Unless otherwise indicated, each specification in this subpoena covers any and all Documents prepared, created, sent, or received during, and all Documents relating to, the period from January 1, 2002, to present. This subpoena is continuing in nature and requires the production of all documents written or obtained by You up to fourteen (14) days prior to the time of the final response to this request.

2. Documents requested are those in actual or constructive possession, custody, or control of Watson, and its representatives, attorneys, and other agents, including but not limited to, consultants, accountants, lawyers, or any other persons retained, consulted by, or working on behalf or under the direction of Watson, wherever they may be located.

3. Documents shall be accompanied by an index that identifies: (i) the name of each person from whom responsive Documents are submitted (e.g., files of "X", Vice President of Watson); and (ii) the corresponding consecutive document control number(s) used to identify that person's Documents.

4. Produce all Documents in complete, unredacted form, unless privileged. Submit Documents as stored by the Company or individual. Mark in a color other than black each page of each Document with a corporate identification and consecutive Bates numbers, except that bound pamphlets or books with numbered pages may be marked with corporate identification and a single Bates number. Provide a translation of non-English Documents into English; submit the foreign language Document, with the English translation attached.

5. The Company shall discuss the form and method of production of responsive documents with the Commission representative identified in paragraph 10, or with the representative's designee. The Company shall be permitted to use any form and method of production of responsive documents that the Commission representative specifically approves.

- A. You may, with the prior approval from the FTC, submit copies of original hard copy Documents as either hard copies or electronic copies in lieu of original Documents, provided that such copies are accompanied by an affidavit of an officer of the Company stating that the copies are true, correct, and complete copies of the original Documents.
- (1). Hard copies. Provide color photocopies where the original Document is in color. Submit copies in sturdy cartons not larger than 1.5 cubic feet. Number and mark each box with corporate identification. Produce all Documents as they are kept in the ordinary course of business (e.g., produce Documents that in their original condition were stapled, clipped, or otherwise fastened in the same form).
  - (2). Electronic copies. You may submit original hard copy Documents as fully text-searchable electronic copies in single-page, 300 DPI (dots per inch) - Group IV TIFF (tagged image file format) files, named for the Bates number of the Document, and accompanied by a Summation image load file (\*.dii), which denotes the appropriate information to allow the loading of the images into Summation with all Document breaks (Document delimitation) preserved, and a corresponding text file containing the optical character recognition (OCR) for either each page or each Document.
- B. Electronically Stored Information. You may, with the prior approval of the FTC, produce Electronically Stored Information in the following forms and formats, provided that such copies are true, correct, and complete copies of the original Documents:
- (1). Microsoft Excel and Access files must be submitted in native format. Documents provided in native format shall be accompanied by a Summation Class III DII file containing document control numbers for each file submitted.
  - (2). TIFF files. Submit files as single-page, 300 DPI - Group IV TIFF files, with a corresponding file containing the extracted text from the Document. Name each file, comprised of both images and text, for the Bates number of the Document. Include a Summation DII file that denotes the appropriate information and allows the loading of the images into Summation, while preserving all Document breaks (Document delimitation). Include metadata and other

information about the Documents in delimited ASCII format. Produce Microsoft PowerPoint presentations in "Notes Pages" format. "Notes Pages" includes a small version of the slide that appears at the top of the page with any notes appearing directly below.

- (i). Include the following metadata fields for electronic files other than email: creation date/time; modified date/time; last accessed date/time; size; location or "path"; file name; and custodian.
  - (ii). Include the following metadata fields for emails: to; from; CC; BCC; subject; date and time sent; attachment (range or begin attach, end attach); file name of attachments; and custodian.
- (3). Native format. Submit files, accompanied by a Summation Class III DII file containing Document control numbers for each Document. Provide any Documents that are originally stored in ZIP format, or any other compressed format, as extracted, uncompressed files. Microsoft Outlook files may be produced as Outlook .PST files. Each .PST file should contain e-mails from only one custodian, and should be accompanied by a Summation Class III DII file containing a Bates number and Message ID for each e-mail. Please note that any .MSG files located on a file system should be treated as an electronic Document and not as an e-mail. All other e-mail formats must be produced in TIFF or PDF formats. Any PDF files produced must be searchable and include all metadata and attachments.

- C. Data productions as ASCII text files. You may submit database files, with prior approval, as delimited ASCII text files, with field names as the first record, or as fixed-length flat files with appropriate record layout. For ASCII text files, provide field-level Documentation and ensure that delimiters and quote characters do not appear in the data. All database files should include or be accompanied with the definitions of the field names, codes, and abbreviations used in the database and, upon request from the FTC, the instructions for using the database. The FTC may require that a sample of the data be sent for testing. File and record structures must conform to the following requirements:

- (1). File structures. The FTC will accept sequential files only. Convert all other file structures into sequential format.
  - (2). Record structures. The FTC will accept fixed-length records only. Include all data in the record as it would appear in printed format: viz, numbers unpacked, and decimal points and signs printed.
- D. Submit electronic files and images in any combination of the following forms:
- (1). For any production over 10 gigabytes, use IDE and EIDE hard disk drives, formatted in Microsoft Windows-compatible, uncompressed data.
  - (2). For productions under 10 gigabytes, CD-R CD-ROMs formatted to ISO 9660 specifications, DVD-ROM for Windows-compatible personal computers, and USB 2.0 Flash Drives are also acceptable storage formats.
- E. All documents produced in electronic format shall be scanned for and free of viruses. The FTC will return any infected media for replacement.

6. You are to produce entire Documents including all attachments, cover letters, memoranda, and appendices, as well as the file, folder tabs, and labels appended to or containing any Documents. Copies which differ in any respect from an original (because, by way of example only, handwritten or printed notations have been added) should be produced separately. Each Document requested herein must be produced in its entirety and without deletion, abbreviation, redaction, expurgation, or excisions, regardless of whether You consider the entire Document to be relevant or responsive to these Requests. If You have redacted any portion of a Document, stamp the word "redacted" where the redacted material originally appeared, on each page of the Document which You have redacted. Privileged redactions must be included in a privilege log prepared pursuant to Paragraph 7; any non-privileged redactions must also be included in a log describing the basis for redaction, prepared pursuant to Paragraph 8.

7. If any privilege is claimed as a ground for not producing a Document or tangible thing, provide a privilege log describing the basis for the claim of privilege and all information necessary for the FTC to assess the claim of privilege. Separately, for each Document and attachment withheld or redacted, the log shall include the following: (i) specific grounds for the claim of privilege; (ii) the title of the Document or attachment; (iii) the date of the Document or attachment; (iv) the author of the Document or attachment; (v) the addressees and recipients of the Document or attachment or any copy thereof (including persons "cc'd," or "bcc'd," or "blind

cc'd"); (vi) a description of the subject matter of the Document or attachment in sufficient detail to assess the claim of privilege; (vii) the Bates range or page length of the Document or attachment; and (viii) the Requests to which the Document or attachment are responsive. Additionally, for each Document withheld under a claim of attorney work product immunity, state whether the Document was produced in anticipation of litigation or for trial, and, if so, identify the anticipated litigation or trial upon which the assertion is based. Any attachment to a Document withheld under a claim of privilege or immunity shall be produced unless the attachment is also subject to a claim of privilege or immunity, and the basis for such claim is described in a privilege log.

8. If any Documents are redacted on a basis other than privilege, provide the information and reason for redacting that Document per instruction 7.

9. Whenever necessary to bring within the scope of a Request a response that might otherwise be construed to be outside its scope, the following constructions should be applied:

- A. Construing the terms "and" and "or" in the disjunctive or conjunctive, as necessary, to make the Request more inclusive;
- B. Construing the singular form of any word to include the plural and the plural form to include the singular;
- C. Construing the past tense of the verb to include the present tense and the present tense to include the past tense;
- D. Construing the masculine form to include the feminine form; and
- E. Construing the term "Date" to mean the exact day, month, and year if ascertainable; if not, the closest approximation that can be made by means of relationship to other events, locations, or matters.

10. You are required to submit all documents specified in the subpoena on or before the formal return date together with the attached executed affidavit stating that the attached submission constitutes full compliance with the subpoena. You should comply with this subpoena by submitting all responsive documents on or before the return date to Kelly Vaughan, Federal Trade Commission, Bureau of Competition, 601 New Jersey Avenue, N.W., Room 6148, Washington, D.C. 20001. Please contact Saralisa Brau at (202) 326-2774 with any questions.

Re: Cephalon, Inc., FTC File No. 061-0182

Dear Maria:

I write to confirm our agreement to the following modifications to the May 19, 2009 Civil Investigative Demands (CIDs) and Subpoenas Ad Testificandum (SATs) issued to Watson Pharmaceuticals, Inc., and Carlsbad Technologies, Inc. in the above-referenced investigation.<sup>1</sup>

The FTC agrees to your request to extend the date for the CID responses from June 3, 2009 to June 10, 2009 with the understanding that Watson and Carlsbad intend to produce substantially all relevant, non-privileged documents and narrative responses by that date. The FTC is willing to defer the production of a privilege log by June 10, 2009, but reserves the right to request the production of such log at a future date.<sup>2</sup> We have discussed, and will continue to discuss, potential limitations to the scope of CID Specification 6, as necessary.

---

<sup>1</sup>The first set of CIDs and SATs were served on Watson and Carlsbad care of counsel at Skadden Arps. Because you indicated concern about whether you were authorized to accept investigative demands on behalf of your clients, for the avoidance of doubt about perfection of service, the FTC issued the same set of CIDs and SATs to Watson and Carlsbad directly on May 26, 2009.

<sup>2</sup>You have indicated that Watson and Carlsbad aim to produce the privilege log on June 10, 2009, and that this extension may not be necessary.

Maria Raptis, Esq.

June 2, 2009

Page 2

The FTC also agrees to your request for new hearing dates and, in two cases, new locations for the SATs. You have agreed to abide by new deadlines for filing any petitions to quash the SATs. Our agreements are reflected in the following chart:

Name	Title	Original Hearing Date & Quash Deadline/ Location	New Hearing Date /Location	New Deadline for Petition for Motion to Quash
David Buchen	Watson General Counsel	June 10 in DC	June 25 in LA	June 17
Paul Bisaro	Watson CEO	June 22 in DC	June 30 in NJ	June 29
Robert Wan	Carlsbad CFO	June 18 in DC	July 2 in DC	June 29

Based on your representation that Lanie Wang, the Carlsbad Supervisor of Regulatory Affairs, has not been employed by Carlsbad since September 2007, we hereby withdraw our SAT for her hearing (originally scheduled for June 11, 2009).

Please let me know at your earliest convenience if this letter misstates any aspect of our agreement. Please feel free to call me with any questions.

Sincerely,

Dear Markus:

I write to confirm our agreement to modify the subpoena *ad testificandum* issued on May 19, 2009 to Mr. Paul Bisaro, President and Chief Executive Officer of Watson Pharmaceuticals, Inc. ("Watson"), in connection with the above-referenced investigation.

The Federal Trade Commission ("FTC") agrees to indefinitely postpone the hearing date for Mr. Bisaro. This agreement is without prejudice to all the rights of both parties, including our right to petition to quash Mr. Bisaro's subpoena at a later date. Re: FTC File No. 0610182

Dear Saralisa:

I write on behalf of Watson Pharmaceuticals, Inc. ("Watson") to reiterate our attempt to reach a mutually acceptable agreement with regard to the subpoena *ad testificandum* issued to Mr. Paul Bisaro, President and Chief Executive Officer of Watson, in connection with the Federal Trade Commission's ("FTC") investigation relating to the modafinil patent settlements.

Background

By resolution dated August 30, 2006, the FTC initiated a non-public inquiry "to determine whether Cephalon, Inc. [and others] engaged in any unfair methods of competition...by entering into agreements regarding any modafinil products." Watson cooperated fully with all phases of the FTC's inquiry, including responding to one subpoena *duces tecum* issued on November 9, 2006 and one Civil Investigative Demand ("CID") issued on May 18, 2007 in connection with the matter. Watson also made its Senior Vice President, General Counsel and Secretary, Mr. David Buchen, available for an investigational hearing on a voluntary basis during the pre-complaint stage of the FTC's investigation. On February 13, 2008, the FTC brought an action against Cephalon, Inc. ("Cephalon"), alleging anticompetitive conduct in preventing generic competition to its branded modafinil product. None of the first filers – at least some of whom had maintained their Hatch-Waxman exclusivity – were named in the FTC's complaint. Watson, and its development

partner Carlsbad Technology, Inc. – the actual ANDA applicant – were also not named in the complaint.

More recently, using the same August 2006 resolution that culminated in a suit against Cephalon only, the FTC has taken steps to continue its investigation in response to the listing of a new patent relating to modafinil – U.S. Patent No. 7,297,346 (the “’346 Patent”). On May 19, 2009, the FTC issued a new CID requesting information and documents pertaining to the ’346 Patent and any marketing exclusivity Watson may have obtained as a result of filing a Paragraph IV certification with respect to the patent. In addition, the FTC issued two subpoenas *ad testificandum*, one to Mr. Buchen, and one to Mr. Bisaro. Through discussions with FTC Staff, Watson learned that the FTC is interested in understanding whether Watson has reached any agreements regarding relinquishment of any marketing exclusivity associated with the ’346 Patent, and the basis for any decision not to waive exclusivity.

Watson submitted its response to the May 19, 2009 CID on June 10, 2009. In its response, Watson confirmed that it had not reached any agreements or decisions regarding relinquishment. Watson also identified and described the full extent of its limited contacts with third parties on the subject of relinquishment. Moreover, Watson submitted all documents relevant to these topics together with its written response to the CID. Notably, Mr. Bisaro had no responsive documents, and did not have any contacts with any company on the subject of relinquishment. For these reasons, we informed you that Watson would in all likelihood resist an investigational hearing with respect to Mr. Bisaro. We also informed you that deposing Mr. Buchen was unlikely to yield significant additional information, but in the interest of avoiding a dispute, agreed to go forward with his hearing.

On June 25, 2009, Mr. Buchen provided sworn testimony in this matter in an investigational hearing conducted by Mr. Markus H. Meier, Assistant Director in the Health Care Division at the FTC. Mr. Buchen testified that Watson had not reached any agreement or decision with any party relating to relinquishment.<sup>1</sup> Mr. Buchen also testified that he was the only individual at Watson involved in any discussions with third parties relating to this topic, and that he was the primary decision-maker with respect to relinquishment.<sup>2</sup> Moreover, to the extent Mr. Buchen kept Mr. Bisaro informed of his discussions relating to relinquishment,

they had had "fewer than five" conversations, all of which would implicate legal advice because of Mr. Buchen's role as General Counsel of the company.<sup>3</sup>

The Subpoena Ad Testificandum Issued to Mr. Bisaro

At the time of Mr. Buchen's investigational hearing, the subpoena *ad testificandum* issued to Mr. Bisaro was still pending. Therefore, Mr. Meier and Mr. Steven C. Sunshine, Watson's counsel at Skadden, Arps, Slate, Meagher & Flom LLP, reached an agreement on the record extending the return date for Mr. Bisaro's subpoena to July 2, 2009. Mr. Meier further stated that, in the interim, he would "talk with people at the FTC about whether it's even necessary to do an investigational hearing of Mr. Bisaro."<sup>4</sup> Mr. Sunshine reiterated that Watson would petition to quash the subpoena issued to Mr. Bisaro if the FTC determined to enforce the subpoena.

Shortly thereafter, Mr. Meier telephoned Mr. Sunshine and indicated that the FTC had no present intention of conducting an investigational hearing of Mr. Bisaro. Mr. Meier agreed to indefinitely postpone the hearing, but preserved the right to seek to enforce the subpoena at a later date. Watson also preserved its right to petition to quash Mr. Bisaro's subpoena. A letter memorializing this agreement was provided to Mr. Meier for his countersignature or comment.<sup>5</sup> We understand that Mr. Meier was traveling when the letter was transmitted on June 30, 2009. While he was therefore unable to sign the letter, during subsequent telephone calls he twice reiterated that the parties had an agreement and that his workload was the only factor preventing him from providing a countersigned copy of the letter.

On the afternoon of Friday, July 17, 2009, Mr. Meier telephoned Mr. Sunshine to discuss the status of Mr. Bisaro's subpoena. Mr. Sunshine was traveling but returned the call late that same afternoon. Mr. Meier stated that the FTC had determined to proceed with Mr. Bisaro's investigational hearing. Mr. Sunshine informed Mr. Meier that Watson would in all probability petition to quash the subpoena. Mr. Meier asked Mr. Sunshine to telephone you on the following Monday, July 20, 2009, to agree on a schedule.

On Monday, July 20, 2009, we spoke by telephone and I proposed that we set a return date of August 21, 2009. You indicated that the FTC's preferred

return date was Friday, July 24, 2009 (*i.e.*, four days later) or Monday, July 27, 2009, and that a return period of roughly a month was a non-starter. At best, you suggested a return date of August 3, 2009. I explained that due to vacation schedules during the month of August, and Mr. Sunshine's absence during this period, Watson would not be able to agree to this date.

On Tuesday, July 21, 2009, I telephoned you to propose August 17, 2009 as an alternative date. However, you indicated that despite the existence of an indefinite extension on the return date for Mr. Bisaro's subpoena, the FTC did not need to negotiate this matter and could issue a new subpoena more in line with its preferred timing. I then proposed August 14, 2009. You declined to consider this new proposal, and notwithstanding the present agreement between the FTC and Watson, indicated you felt no need to reach an agreement with Watson. You further stated that FTC Staff would recommend to the Commission that it issue a new subpoena and that the FTC would act unilaterally to achieve an acceptable return date. Nevertheless, I write to reiterate our proposal that we reach an agreement on a return date of August 14, 2009. Please call me at (212) 735-2425 if you wish to discuss this proposal further.

Very truly yours,

Dear Maria:

I write to express disagreement with the characterizations in your letter of July 21, 2009 in the above-referenced matter, including but not limited to those relating to the subpoenas ad testificandum issued to Mr. Paul Bisaro, President and Chief Executive officer of Watson Pharmaceuticals, Inc.

We believe that a two week period – from the date FTC staff called Mr. Sunshine on July 17, 2009 informing him of the decision to conduct an investigational hearing of Mr. Bisaro, until July 31, 2009 – is a reasonable amount of time for Watson to file a petition to quash Mr. Bisaro's subpoena. This is particularly true here, where Watson has been on notice of the FTC's potential interest in speaking with Mr. Bisaro for two months (since mid-May),<sup>1</sup> and counsel from your

---

<sup>1</sup>Watson has been on notice concerning the FTC's interest in speaking with Mr. Bisaro since May 19, 2009, when the Commission issued the first subpoena for Mr. Bisaro's testimony. The first subpoena ad testificandum to Mr. Bisaro was issued care of counsel at Skadden Arps. Because you expressed concern about your firm's authorization to accept service, for the avoidance of doubt about perfection of service, the FTC issued the same subpoena to Mr. Bisaro directly on May 26, 2009. Because we were unable to come to an agreement on a date in this matter after our conversations of July 17, 20, and 21, 2009, the Commission issued a third subpoena to Mr. Bisaro dated July 21, 2009 with a "return date" of July 31, 2009.

firm informed FTC staff on multiple occasions that Watson would petition to quash any subpoena to Mr. Bisaro.<sup>2</sup> In light of these circumstances and the ongoing harm to consumers of Provigil, FTC staff is not prepared to accept your proposal that Watson enjoy a prolonged four-or-five week period to file a petition to quash.

Of course, if Watson were willing to allow Mr. Bisaro to appear and testify at an investigational hearing, FTC staff would be willing to discuss a mutually convenient return date.

Please feel free to call me with any questions at (202) 326-2774.
