Docket No. 9347
Public Document

COMPLAINT COUNSEL'S FIRST REQUEST FOR ADMISSIONS TO RESPONDENT

Pursuant to Commission Rule of Practice 3.32, the Court's Scheduling Order dated May 12, 2011, Complaint Counsel hereby requests that Respondent admit the truth of the statements set forth below within ten (10) days after service of this Request.

INSTRUCTIONS

1. For the purposes of this Request for Admissions, each paragraph constitutes a separate statement and is to be admitted or denied separately.
2. Pursuant to Rule 3.32, you must specifically admit or deny the requested admission, or set forth in detail the reasons why you cannot admit or deny the matter. A denial must fairly meet the substance of the requested admission, and when good faith requires that you qualify your answer or deny only a part of the requested admission, you must specify what portion of it is true and qualify or deny the remainder. In addition, you may not give lack of information or knowledge as a reason for failure to admit or deny unless you state that you have made reasonable inquiry and that the information known or readily obtainable by you is insufficient to

enable you to admit or deny. Pursuant to Rule 3.32(b), these Requests will be admitted if not responded to.

3. Rule 3.32(b) requires that your responses be sworn to under oath.
4. It is not grounds for objection that the requested admission relates to opinions of fact or the application of law to fact. Your belief that the matter on which an admission is requested presents a genuine issue for trial does not, on that ground alone, provide a valid basis for objection.

DEFINITIONS

1. "Covered product" includes refrigerators, refrigerator-freezers, freezers, dishwashers, clothes washers, room air conditioners, and water heaters, as those products are described in 16 C.F.R. § 305.3.
2. "EnergyGuide information" means an appliance's capacity and its estimated annual operating cost.
3. "EnergyGuide label" means the label described in 16 C.F.R. § 305.11.
4. "Estimated annual operating cost" has the same definition as provided in 16 C.F.R. § 305.2(q)(2).

ADMISSION REQUESTS

Complaint Counsel requests the following admissions:

1. From May 21, 2009 until at least November 1, 2010, Respondent owned and operated www.appliancebestbuys.com.

GE Monogram ZBD8920PSS

Fully Integrated Dishwasher with Variable Wash Cycles, Steam Prewash, ExtranClean Sensor, Hard Food Disposer and 48 dBA Silence Rating: Stainless Steel

Features

- Hidden, Integrated Electronic Controls
- Maintains the overall clean appearance of the exterior.
- Bulk-Dispense Technology
- Automatically dispenses the right amount of detergent based on soil level and water hardness, with every cycle.
- Even during every pre-wash.
- The bulk dispense system is located on the inner door and holds up to 47 fluid ounces of liquid dishwashing detergent.
- Enough detergent for up to 2 months of washing.
- Bulk-dispense technology provides detergent at optimum times of the wash cycles for better wash performance.
- High-Intensity Xenon Lights
- Illuminates the entire interior, leaving no question as to whether or not dishes have been cleaned.
- Steam Prewash Option
- Helps loosen tough soils before any cycle.
- Automatically runs with the selection of the Scour Wash cycle.
- Or can be selected as an option before any cycle.
- Quiet Operation (48 dBA)
- Is made possible by advanced sound-absorbing materials and a smooth-running motor.
- Meets 2008 ENERGY STAR Standards
- As an ENERGY STAR partner, GE has determined that all Monogram full-size dishwashers meet the ENERGY STAR guidelines for energy efficiency and water conservation.
- Scour Wash Cycle
- Uses bulk dispense to inject the precise amount of detergent multiple times throughout the main wash.
- Along with steam, scrubs away hard-to-remove foods, like eggs, oatmeal and rice.
- Generously Sized Interior
- Provides the space and loading flexibility necessary to accommodate 16 place settings.

Ask a question about this product

Haier HWD1000 Washer Dryer Combo 1.5 cft. 11 lbs 1000 RPM 7-cycle SS drum Front Load - (HWD1000)

The Haier Ventless Washer / Dryer Combo HWD1000 is the simple and compact laundry solution for small spaces with no venting capabilities, making it the perfect companion for small homes, apartments, cabins, RVs, and boats. Plus this versatile Energy Star rated machine both washes and dries clothing in a single stainless steel tub! Simply choose from 7 Fabric Care Wash Cycles and 4 Dry Setting, and clothing is automatically washed then dried, with

moisture condensed and released into your drain rather than through a hot vent. The specially-designed Ultra-Quiet construction of the HWD1000 ensures whisper-soft operation, and the automatic dispensers for detergent, fabric softener, and bleach release each product into the machine at just the right time so you don't have to.

Key features include: auto select wash and rinse temperatures; water-saving rinse option; self-locking door; adjustable leveling legs; and a 1 year warranty. The Haier Ventless Washer / Dryer Combo HWD1000 is an elegant all-in-one solution for the vexing problems of limited space and lack of venting.
