DOCKET NO. 9355

**ORDER GRANTING REQUEST TO CERTIFY JOINT MOTION
TO WITHDRAW MATTER FROM ADJUDICATION**

On July 31, 2013, the parties in the above-captioned matter filed a Joint Motion to Withdraw Matter from Adjudication (“Joint Motion”), for a period of thirty days in order to allow consideration of a proposed consent agreement (“Consent Proposal”). The parties request, in the Joint Motion, that the Administrative Law Judge certify the Joint Motion and the Consent Proposal to the Commission for disposition, pursuant to Rule 3.25(c) of the Commission’s Rules of Practice.

The parties represent that the Consent Proposal, which is attached to the Joint Motion, details the agreed upon material terms of a settlement and that there exists a reasonable possibility of settlement.

Rule 3.25 sets forth the procedures for withdrawing a matter from adjudication to pursue settlement. Rule 3.25(b) provides that a proposal to settle a matter in adjudication by consent “shall be submitted by way of a motion to withdraw the matter from adjudication for the purpose of considering a proposed settlement.” 16 C.F.R. § 3.25(b). Where, as here, the matter is pending before an Administrative Law Judge and the consent proposal has not been executed by the parties, Rule 3.25(c) provides that the Administrative Law Judge “shall certify the motion and proposal to the Commission upon a written determination that there is a reasonable possibility of settlement. The certification may be accompanied by a recommendation to the Commission as to the disposition of the motion.” 16 C.F.R. § 3.25(c).

Based upon the parties’ representations in the Joint Motion, a reasonable possibility of settlement exists in this matter. Accordingly, pursuant to Rule 3.25(c), the request to certify the

Joint Motion is GRANTED, and the Joint Motion is hereby CERTIFIED to the Commission.
This certification is without recommendation.
