Re: Chili's Restaurants  
File No. 962-3142

Dear Mr. Simpson:

The Commission has conducted an investigation involving Chili's Restaurant's possible violation of the Federal Trade Commission Act, through alleged use of false and misleading advertising as to nutritional benefits in connection with the sale of Chili's Guiltless Grill items.

Upon further review of this matter, it now appears that no further action is warranted by the Commission at this time. Accordingly, the investigation has been closed. This action is not to be construed as a determination that a violation may not have occurred, just as the pendency of an investigation should not be construed as a determination that a violation has occurred. The Commission reserves the right to take such further action as the public interest may require.

Sincerely,

A handwritten signature in black ink, appearing to read "C. Steven Baker".
