Re: Experian Investigation

Dear Mr. McLoon:

We are writing at your request to confirm our May 21, 2008 telephone conversation in which we indicated that the staff has determined to close the investigation of Experian that began with the correspondence from FTC attorney Lara Kauffman dated June 15, 2005. The closing of this investigation is not to be construed as a determination that a violation may not have occurred, just as the pendency of an investigation should not be construed as a determination that a violation has occurred. The Commission reserves the right to take such further action as the public interest may require.

In addition, based on your letter of June 5, 2008, we have destroyed the original documents and disks produced in response to the Civil Investigative Demands.

If you have any questions regarding this letter or the closing of our investigation, please contact us at your earliest convenience.

Sincerely,

A handwritten signature in black ink that reads "Anthony Rodriguez".
