Re: Lancaster Group USA
FTC Matter No. 9423254

Dear Ms. Murphy,

The Commission staff has conducted an investigation into the advertising practices of Lancaster Group USA for its product Skin Therapy Vital Oxygen Supply.

On review of this matter, it appears that no further action is warranted by the Commission at this time. Accordingly, the investigation has been closed. This action is not to be construed as a determination may not have occurred, just as the pendency of an investigation should not be construed as a determination that a violation has occurred. The Commission reserves the right to take such further action as the public interest may require.

Sincerely,

A handwritten signature in cursive script, appearing to read "C. Lee Peeler".
