RE: Solaia Technology LLC; FTC File No. 0310120

Dear Mr. Niro:

The Federal Trade Commission's Bureau of Competition has been conducting a nonpublic investigation to determine whether Solaia Technology LLC, and others had engaged in unfair methods of competition in connection with the licensing of patents for industrial automation technology and components, in violation of Section 5 of the Federal Trade Commission Act, 15 U.S.C. § 45, as amended, or any other statute enforced by the Commission.

Upon further review of this matter, it now appears that no additional action is warranted by the Commission at this time. Accordingly, pursuant to authority delegated by the Commission, 49 Fed. Reg. 6171 (1984), the investigation has been closed. This action is not to be construed as a determination that a violation may not have occurred, just as the pendency of an investigation should not be construed as a determination that a violation has occurred. The Commission reserves the right to take such further action as the public interest may require.

Sincerely yours,

A handwritten signature in black ink, appearing to read "Kenneth L. Glazer".
