Re: *Texas Oncology P.A. and Central Texas Oncology Associates, P.A., doing business as Southwest Regional Cancer Center, FTC File No. 081 0208*

Dear Mr. Alexander:

The Federal Trade Commission's Western Region - San Francisco Office has been conducting a nonpublic investigation to determine whether the employment by Texas Oncology, P.A., of physicians formerly affiliated with Central Texas Oncology Associates, P.A., doing business as Southwest Regional Cancer Center, may violate Section 7 of the Clayton Act or Section 5 of the Federal Trade Commission Act.

Upon further review of this matter, it now appears that no further action is warranted by the Commission at this time. Accordingly, the investigation has been closed. This action is not to be construed as a determination that a violation may not have occurred, just as the pendency of an investigation should not be construed as a determination that a violation has occurred. The Commission reserves the right to take such further action as the public interest may require.

By direction of the Commission.

Donald S. Clark  
Secretary
