

IN THE MATTER OF

ICON HEALTH AND FITNESS, INC., ET AL.

CONSENT ORDER, ETC., IN REGARD TO ALLEGED VIOLATION OF
SEC. 5 OF THE FEDERAL TRADE COMMISSION ACT

Docket C-3765. Complaint, Sept. 9, 1997--Decision, Sept. 9, 1997

This consent order requires, among other things, the Utah-based advertisers and distributors of Cross Walk Treadmills to substantiate future weight-loss, calorie-burning or fat-burning claims or benefits of any exercise equipment. In addition, the consent order requires that the testimonials in the respondents' advertising either represent the typical experience of users, or include disclosures of the generally expected results.

Appearances

For the Commission: *Laura Fremont* and *Jeffrey Klurfeld*.

For the respondents: *David Seidl, Miles & Stockbridge*,
Baltimore, MD. and *Brad Bearson*, in-house counsel, Logan, UT.

COMPLAINT

The Federal Trade Commission, having reason to believe that Icon Health and Fitness, Inc., IHF Holdings, Inc., and IHF Capital, Inc., corporations ("respondents"), have violated the provisions of the Federal Trade Commission Act, and it appearing to the Commission that this proceeding is in the public interest, alleges:

1. Respondent Icon Health and Fitness, Inc. is a Delaware corporation with its principal office or place of business at 1500 S. 1000 W., Logan, Utah.

2. Respondent IHF Holdings, Inc. is a Delaware corporation with its principal office or place of business at 1500 S. 1000 W., Logan, Utah.

3. Respondent IHF Capital, Inc. is a Delaware corporation with its principal office or place of business at 1500 S. 1000 W., Logan, Utah.

4. Respondents have advertised, labeled, offered for sale, sold, and distributed exercise products to the public, including the "Proform Cross Walk Treadmill," the "Proform Cross Walk Plus," and the "Proform Cross Walk Advantage" ("Cross Walk Treadmill[s]"), which are motorized treadmills.

5. The acts and practices of respondents alleged in this complaint have been in or affecting commerce, as "commerce" is defined in Section 4 of the Federal Trade Commission Act.

6. Respondents have disseminated or have caused to be disseminated advertisements for Cross Walk Treadmills, including but not necessarily limited to the attached Exhibit A. This advertisement contains the following statements and depictions:

SUPER: "Erin Waite Exercises 4 times per week on her CROSSWALK."

Consumer endorser: "From the time I first started using the Crosswalk I have lost almost 30 pounds."

SUPER: "Barbara Veltrie Exercises 5 times per week on her CROSSWALK."

Consumer endorser: "I've taken off over 60 pounds now."

SUPER: "Tim Rose Michelle Rose Exercise 3 times per week on their CROSSWALK."

Consumer endorser (Michelle Rose): "I went from a size 12 down to a size 8."

SUPER: "Erin Waite Exercises 4 times per week on her CROSSWALK."

Consumer endorser: "About the time I got to a size 4, my secretaries at work started asking me, 'What are you doing?' And I told them and both of my secretaries have bought one also."

Narrator: "Work more muscles, burn calories faster, reach your target heart rate more quickly -- all in a low impact workout that burns up to 1,100 calories an hour."

Narrator: "Burn up to 1100 calories per hour!"

(Exhibit A)

7. Through the means described in paragraph six, respondents have represented, expressly or by implication, that users of the Cross Walk Treadmill will burn calories at a rate of up to 1,100 per hour under conditions of ordinary use.

8. Through the means described in paragraph six, respondents have represented, expressly or by implication, that they possessed and relied upon a reasonable basis that substantiated the representation set forth in paragraph seven, at the time the representation was made.

9. In truth and in fact, respondents did not possess and rely upon a reasonable basis that substantiated the representation set forth in paragraph seven, at the time the representation was made. Respondents obtained the 1,100 calorie figure from a study that measured the rate of calorie burn of persons who had exercised to the point of exhaustion. Such "maximal exertion" tests are not appropriate measures of the number of calories people can burn during ordinary exercise because they measure calorie burn at a level

of exercise intensity that is unsustainable for more than an extremely short period of time. Therefore, the representation set forth in paragraph eight was, and is, false or misleading.

10. Through the means described in paragraph six, respondents have represented, expressly or by implication, that testimonials from consumers appearing in advertisements for the Cross Walk Treadmill reflect the typical or ordinary experience of members of the public who use the product.

11. Through the means described in paragraph six, respondents have represented, expressly or by implication, that they possessed and relied upon a reasonable basis that substantiated the representation set forth in paragraph ten, at the time the representation was made.

12. In truth and in fact, respondents did not possess and rely upon a reasonable basis that substantiated the representation set forth in paragraph ten, at the time the representation was made. Therefore, the representation set forth in paragraph eleven was, and is, false or misleading.

13. The acts and practices of respondents as alleged in this complaint constitute unfair or deceptive acts or practices in or affecting commerce in violation of Section 5(a) of the Federal Trade Commission Act.

[FADE IN DISCLAIMER:] This program is a paid advertisement presented by Proform Fitness Products, Inc.

{Interior of exhibit hall}

[Indistinct sounds, the rustle of milling bodies, muted voices, the cacophony of musical instruments warming up.]

KELLY: Hold it, hold it. Okay, everyone, let's go again in five.

[HOUSE LIGHTS UP... revealing the interior of a LARGE EXHIBITION HALL, as we realize we're in rehearsal for a much larger show to come.]

KELLY: Joel, if you wanted a part, all you had to do was ask.

JOEL: Sorry Kelly. I just need to borrow this one machine.

KELLY: Not right now you don't. I am still...

JOEL: No. No. No. I'll have it back in plenty of time for the show--

¹ Stage directions from the original transcripts provided by respondents are indicated by squared brackets ([]). Those not crucial to conveying format or presentation of the material have been deleted. Information added by Commission staff, such as superscripts or narrative that are not indicated in respondents' transcripts but do appear on the tape, are indicated by curved brackets ({}). KELLY: Joel ... In less than 24 hours, this building is going to be filled with people and-- call me crazy-- but it seems like it might be a good idea to get through a rehearsal of the real choreography, with real machines!

JOEL: Okay, okay. It's just that Bill thinks we're gonna need another Crosswalk upstairs.

KELLY: I can relate. Hey, I'm still waiting for the extra one I asked for... That's fine. So--how's it going up there in the daylight?

JOEL: Well, we're *only* spreading the incredible new information about walking and unveiling the hottest new equipment since the Original Crosswalk.... Other than that, it's just another ho-hum Fitness Expo.

KELLY: Well, good luck-- But Joel, I still have to have this machine.

{Switch to different set} {SUPER: Peggy Fleming, Olympic Skating Champion}

PEGGY: Hi, I'm Peggy Fleming, with news that will probably surprise you as much as it did me. Did you know that the latest research shows that walking is the most efficient method for burning fat calories and losing weight? It's true. And to take advantage of that fact... plus all the benefits of total body fitness... nothing works like the Proform Crosswalk. In fact, it's been such a phenomenal success, that now Proform has created two new Crosswalk models, which we'll be introducing in just a minute.

{SUPER: BURN MORE FAT} I've seen all the ways the Crosswalk can help you burn more fat...

{SUPER: SHAPE & TONE} shape and tone your body...

{SUPER: REDUCE STRESS} reduce stress...

{SUPER: CARDIOVASCULAR IMPROVEMENT}

and build your cardiovascular system. Not to mention making the most of what little time we have for exercise these days. I wouldn't be here if I didn't believe you can have the same success.

So stay right where you are to learn how to put the news about walking....and all the versatile benefits of Crosswalking... to work for you.

[The VIP room is a convention suite/hospitality room, where a large gathering (10+) of people are mingling. A TV monitor is positioned in one corner.]

[Three Crosswalk machines are positioned strategically around room, draped as if ready for "unveiling." Also in room are Marty Townes, V.P. Marketing for Proform, Bill Hansen, Proform Chief Engineer, and our "cast of interested information-seekers: Sue, a TV reporter; Tom, a fitness writer; Mike, an equipment buyer; and Carrie, a trainer.]

MARTY: Okay, everybody, I think we're just about ready to get started. On behalf of Proform, we'd like to thank everybody for coming here today.

I'm Marty Townes, Proform's Marketing Director...

MARTY: ... and this is Bill Hansen, our Chief Engineer.

MARTY: Now, I know the Fitness Expo doesn't start until tomorrow, but this is going to be a very big year for us.

And we'd like to give you just a sneak preview of what we humbly consider the future of home fitness.

We'd like to share with you some of the thinking behind this new line of Crosswalks.

BILL: With the original Crosswalk, we knew we had something special. We just didn't know how special.

215

Complaint

Now, most people assume that the more you sweat, the more fat you lose.

MIKE: No pain, no gain.

MARTY: Exactly. But, the latest research shows something very different: That a consistent, moderately intense workout is actually the best method for burning fat calories and losing weight.

MIKE: You mean you don't have to kill yourself to lose weight.

[Bill moves to TV monitor]

BILL: Well, that's right. But even more important to us than scientific findings, is that there's proof right here that real people are getting real results with the Crosswalk. Now, here are some interviews with actual Crosswalk owners.

[CUT to Monitor, where Bill has cued up consumer testimonials.]

[DISSOLVE to full screen consumer testimonials.]

{SUPER: Erin Waite Exercises 4 times per week on her CROSSWALK.}

ERIN WAITE: From the time I first started using the Crosswalk I have lost almost 30 pounds.

SUPER: Pat Herman

Exercises 3 times per week on her CROSSWALK.

PAT HERMAN: This is the first piece of equipment we've ever had that has really motivated me.

SUPER: Barbara Veltrie

Exercises 5 times per week on her CROSSWALK.

BARBARA VELTRIE: I've taken off over 60 pounds now.

SUPER: Elaine Williams

Exercises 10 times per week on her CROSSWALK.

ELAINE WILLIAMS: When you get to 71 like I am and your doctor asks you to exercise or walk mainly. And in the wintertime it's very difficult sometimes on account of the snow and the rain and you don't feel like you want to do that. You get on the CrossWalk for 30 minutes. Oh and you feel like... Well, I probably feel like I am about 40.

SUPER: Tim Rose

Michelle Rose Exercise 3 times per week on their CROSSWALK.

MICHELLE ROSE I went from a size 12 down to a size 8.

SUPER: Erin Waite Exercises 4 times per week on her CROSSWALK.

ERIN WAITE: About the time I got to a size 4, my secretaries at work started asking me, What are you doing? And I told them and both of my secretaries have bought one also.

SUPER: Pat Herman

Exercises 3 times per week on her CROSSWALK.

PAT HERMAN: That's why everyone should have one. I'm serious.

{Switch back to "VIP" room set}

BILL: It's very clear that the Crosswalk phenomenon is growing. Fast. We need to stay one step in front of the momentum. And that's what led to Crosswalk...the Next Generation.

BILL: ...the Proform Crosswalk Plus... additional features and convenience in a sleek, streamlined design ...

MARTY: ...and our top of the line... the Crosswalk Advantage... precision engineering and the latest technology...

BILL: ...two new models to join our best-selling original Crosswalk ...in a complete Crosswalk line.

SUE [TV REPORTER, aside to Mike]: So...they're like a sidewalk that never ends

MIKE: [aside to Sue] Or gets rained on....

SUE: These are all motorized treadmills. Correct?

MARTY: That is such an important question and the answer is yes, because only a motorized treadmill will keep you at a consistent pace, within a comfortable fat burning zone. In fact, the Crosswalk burns over 20% more fat calories than a manual treadmill.

BILL: Unlike regular walking, or regular treadmills, the Crosswalk gives you quicker results, and overall better muscle toning, because the resistance arms involve your upper body, as well.

MARTY: Listen. I'm sure you'll have lots of other questions after you've seen the machines in action. So go ahead and spend some time with them now... Bill and I will be ready with answers.

BILL: Joel. Joel. How we doing on getting another machine up here?

JOEL: I'm... working on it.

BILL: Good, good. We need to get it up here. I've a few more people than I expected ...

JOEL: I'll get right on it. Thanks.

[CUT to Marty approaching Sue, who is watching a model working out on the Crosswalk Advantage.]

MARTY: Hi. We haven't met yet. I'm Marty Townes.

[Sue shakes her hand. CUTAWAYS to close-up, model demonstrating Crosswalk Advantage]

SUE: Hi, Marty. Sue Meyers, Cable Fit Network.

MARTY: Hi, Sue.

SUE: So -- a whole line of Crosswalks, huh? You really think there's going to be that kind of demand?

MARTY: Oh, not going to be. There already is. Do you know that we've sold nearly half a million of the original Crosswalks to date. But what's really very exciting to us is that our customers are telling us it's making a huge impact...not only in their fitness, but in their lives. So it seemed natural to just expand out the line and offer more options.

SUE: So you feel all the recent news about walking and fat burning is just going to fuel the fire?

MARTY: Exactly. In fact, I'd like to show you something ...

[They head toward TV monitor] [CUT to Bill showing Mike the Crosswalk Plus.]

BILL: So what do you think, Mike?

MIKE: It's beautiful. I hope you didn't change everything.

BILL: Actually, the new Crosswalks keep all the important features of the original... like the Pro-Tech key for safety, so no can start or stop the machine accidentally... ..also, the dual action resistance arms for a total body workout and better muscle toning electronic feedback, which tracks your progress... and, of course, our quality construction, with our limited ten-year warranty...

MIKE: It wouldn't be a Crosswalk without that...

BILL: Oh. But, here's a new design feature for this year. You see this? It's a speed control. It's built right into the handle.

MIKE: Hey, that's great--you don't have to stop and adjust it

BILL : and it gives you safe, smooth acceleration. For those tall athletes or runners with a long stride, we also eliminated the hood on the front of the tread, so

215

they can really stretch out. But overall, this machine takes up less space. In fact, we streamlined the whole frame. [Bill adjusts the power incline.] We've also added a power incline, which you can adjust without ever getting off the machine... So you can boost the intensity of your workout, and strengthen those legs.

MIKE: Yeah, I can't believe you could get all those features on a machine at this price point.

MIKE: My customers are going to love this.

[CUT TO Marty and Sue at TV monitor. Dr. Upton is on monitor.]

MARTY: This is Dr. David Upton.

SUE: Oh. Hey, we quoted this guy in one of our stories about walking. Isn't he an expert on wellness?

MARTY: Uh, huh. And an author. Here, listen for yourself ...

[CUT TO MONITOR]

[Dr. Upton testimonial. DISSOLVE to full screen testimonial]

{SUPER: Dr. David Upton Exercise Physiologist/Wellness Consultant}

{If your goal is to lose weight, you have to do more than just diet. While dieting does reduce your caloric intake, it also lowers your metabolism. And it's been proven that a low metabolism won't burn off your excess fat. So to achieve that desired high fat burning metabolism, I recommend regular, brisk exercise at a constant pace, a pace that raises your heart rate, or pulse, up to your target heart rate zone, for optimum fat burning. Recent studies have shown that walking is one of the best ways to accomplish this. However, you must walk a steady rate. One way to do that is to walk on a motorized treadmill. This keeps you walking at a constant pace which gives you the most benefit from your exercise.}

{Switch back to "VIP Room" set}

SUE: Great stuff. Y'know, I also have a few technical questions, if you don't mind...

MARTY: No I don't mind...But actually...Bill would probably be better to answer those...

SUE: Hi, I'm Sue Meyers.

BILL: How do you do?

SUE: Oh, I just have a few questions about the design of the Crosswalk Advantage.

BILL: Great. Why don't you come over with me and maybe I can answer them for you.

KELLY: Oh, great. Just set it up right there.

PROP ASSISTANT: Okay..... so..... how are we supposed to put it together?

[With an amused look, Kelly walks over to the Crosswalk and in one simple move, turns the handle, and pulls the handlebars up into place. Without saying a word, she smugly looks over at him, and goes back to what she was doing.]

1. PROP ASSISTANT: You're kidding, right?..... That's all there is to it...?

{Switch to "VIP Room" set}

BILL: Really, it's that simple

[PULL BACK to reveal he is showing the same easy handling feature on the Crosswalk Plus to TOM (the writer), only Bill is folding it back down, to show easy storage.]

TOM: Wow! You know, this is a great idea, having a preview of the new Crosswalks before the Fitness Expo starts tomorrow, 'cause its going to be crazy.

BILL: We wanted to make sure you guys knew what the real news was this year. And I don't see how the competition can top this.

TOM: Speaking of which, I heard you say something earlier about the Crosswalks being better than manual treadmills, because the Crosswalk is motorized. I'll tell you, there's a lot of people out there pushing manuals.

BILL: "Pushing" is exactly the right word. Because if you've ever tried to use one that's what you're doing. And they're cheaper to build. And if they were effective we'd build one ourselves. But, let me show you something.

[He moves over to TV monitor, finds tape, and puts it in. We see close-up action of manual treadmill. DISSOLVE to full screen manual treadmill demo.]

BILL [voiceover]: Okay, here we go. Most manual treadmills are set at a 12% incline. That's pretty steep. But manuals have to be set that way because they depend on your body weight and on gravity to work. When they're level, you just can't get them to go.

{Depiction of chart showing target heart rate zone during 20 minute workout using a manual treadmill}

That means you have to over-exert... and you get tired and slow down, the manual tread slows down, too.

{Depiction of chart showing target heart rate zone during 20 minute workout using a manual treadmill and using a CrossWalk}

Between pushing too hard... and not hard enough... you're not maintaining that consistency to stay within your fat burning zone.

And remember, the key to successful weight loss is consistent, moderate exercise within your fat burning zone. Now, that's why the Crosswalk's motorized tread is so much more efficient. You can set a pace, and maintain it. In fact, a recent university study showed you can lose over 20% more fat calories on the Crosswalk than working out on a manual treadmill.

[CUT back to Bill and Tom. Sue has joined them.]

SUE: Okay, I understand why motorized treadmills are better than manuals. My question is, why are the Crosswalks so much better than stair steppers and bikes?

BILL: Well, anyone that's used a stationary bike or a stair stepper knows they're fine for the lower extremities... {SUPER: 65% of all muscles are above the waist} But 65% of our muscles are above the waist. Those kinds of machines just don't give you a total body workout. And the same can be said for most manual treadmills.

TOM: How about ski machines?

BILL: We're constantly being told how difficult ski machines are to use, especially by people that are just starting out. And remember, ski machines aren't motorized, so you're not motivated to keep up a pace that you need, to stay within your fat burning zone.

BILL: Here, why don't I let some consumers tell you about their own experiences.

MARTY: 54 inches. And a full 18 inches wide. There's plenty of room on the Crosswalk Advantage. Another feature we've added is a Soft Stride suspension deck for extra cushioning. It helps protect your ankle, knee and hip joints.

CARRIE: That's a great feature.

CARRIE: Right.

MARTY: Then you should appreciate the two and a half horsepower motor. Solid, steady power at a range of speeds, right up to 10 mph on the Crosswalk Advantage.

CARRIE: You know, my clients need something that can keep challenging them as they improve... so they can really push their workout when they want to.

[Mike walks up]

MIKE: So this is the Advantage?

CARRIE: Would you like to try it? [She gets off. Mike gets on.]

MIKE: Thanks. Wow. That's quite a control pad.

MARTY: And it's so easy. See? You can track your speed..... time distance... incline...even heart rate. And, of course, it calculates the calories that you've burned. If you want to concentrate on the lower body only, you don't have to lock the arms in place. Just let go...

MIKE: Oh, that's nice.

MARTY: ...and then pick them back up anytime.

MIKE: How about automatic workouts?

MARTY: The Crosswalk Advantage has 4 pre-set routines, so you can vary your workout according to your goals. It's like having a personal trainer in your home.

MIKE: That'd be nice.

SUE: So this one has all the extras, huh?

{SUPER: This program is a paid advertisement presented by Proform Fitness Products, Inc.}

{SUPER: Peggy Fleming, Olympic Skating Champion}

PEGGY: Walking is something that almost everyone can do--I know I enjoy going
for walks in my neighborhood.

But I also know that I'd never stick with my fitness program if I didn't have my
Crosswalk at home. For one thing, I don't know about your climate, but where I
live the weather is never a sure thing. It's also nice to have the security of staying
at home to exercise. With the Crosswalk, I can walk after dark, or at times when
I might not feel as comfortable going out. I'm a mother, too. And there are lots of
times when leaving the house just isn't practical. {SUPER: BURN FAT}

The Crosswalk is also incredibly versatile. You can burn fat.

{SUPER: TONE MUSCLES} You can tone muscles.

{SUPER: CARDIOVASCULAR IMPROVEMENT} You can get cardiovascular
exercise.

{SUPER: REDUCE STRESS} You can even work off stress. And you can do it
all, without ever leaving your home. Those are just a few of the Crosswalk's
advantages. And there's lots more to come. So stay tuned for the next chapter of the
Crosswalk story. {Switch to exhibit hall set}

KELLY: OK, start stretching out and we'll take it again in 5 with lights.

JOEL: Wow. This is looking really good, Kelly. H-e-e-y.... I see you got that extra
machine

KELLY: 0-o-o-h no you don't. I still have a final rehearsal to go, and I absolutely
cannot in any way, shape or form, no matter what -- have you got there?

KELLY: Hot egg rolls??... You are shameless, How about a big cup of coffee to
go with it?

JOEL: Done.

KELLY: Okay. Two hours. But, as soon as you've finished upstairs, you come
back down here for final rehearsal.

JOEL: It'll be here. Scout's honor.

[CUT to Marty and Bill, over at the original Crosswalk, spotting him, pleased to
have the extra machine.]

MARTY: Alright, Joel... Look, another treadmill...

BILL: I knew making it easy to move would come in handy.

SUE: Excuse me -- Bill, do you think I could get you to run through that new
research on walking and fat loss again? Maybe one of those video tapes with Dr.
Upton?

BILL: Sure. Let's take a look.

[CUT to Sue and Bill at TV monitor. Bill inserts tape.]
