required by section 615(a) to employment applicants whose applications are denied in whole or in part because of information in a credit report. Part I provides that Aldi may not be held liable for the failure to provide such notices if it demonstrates by a preponderance of evidence that it had instituted reasonable procedures to comply with section 615(a).

Part I also requires Aldi to provide the notice required by section 615(a) to all employment applicants, at their last known addresses, who were denied employment because of information in a credit report between January 1, 1994, and the date that the Order is issued, within 90 days after service of the order.

Paragraph II requires Aldi to maintain documents demonstrating its 615(a) compliance for a period of five years from the issuance date of the order and to make the documents available upon request to the FTC for inspection and copying. Paragraph III requires Aldi to deliver copies of the Order, at least once per year for a period of five years from the date of issuance, to all persons responsible for its compliance.

Paragraph IV requires Aldi to notify the Commission within 30 days of changes in corporate structure for the duration of the order. Paragraph V provides for filing of a compliance report with the Commission within 60 days of the issuance date of the order. Finally, Paragraph VI contains a sunset provision, which terminates the order 20 years after issuance.

The purpose of this analysis is to facilitate public comment on the proposed consent order. It is not intended to constitute an official interpretation of the agreement and proposed order or to modify in any way their terms.

Analysis of Proposed Consent Order to Aid Public Comment

The Federal Trade Commission has accepted an agreement, subject to final approval, to a proposed consent order from respondent Bruno’s, Inc.

The proposed consent order has been placed on the public record for sixty (60) days for receipt of comments by interested persons. Comments received during this period will become part of the public record. After sixty (60) days, the Commission will again review the agreement and the comments received and will decide whether it should withdraw from the agreement and take other appropriate action or make final the agreement’s proposed order.

This matter concerns notification requirements under the Fair Credit Reporting Act, 15 U.S.C. § 1681. The statute requires, among other things, that employment applicants, who are denied employment, either in whole or in part, because of information in consumer reports obtained from consumer reporting agencies, be provided with the name and address of the agency making the consumer report. The failure to provide the notice required by the statute lessens consumers’ access to information that may have led to the denial of employment. Proper notice assists consumers in discovering inaccurate or obsolete information in consumer reports that the consumers can subsequently dispute and correct. The use of consumer reports to assist in evaluating employment applications has become increasingly popular in recent years and, consequently, the significance of this notification requirement has heightened.

The Commission’s complaint alleges that Bruno’s Inc., has denied employment applications based, in whole or in part, on information contained in consumer reports, failed to advise such job applicants that the denial was based in whole or in part on information contained in a consumer report, and failed to supply such applicants with the name and address of the agency making the record, required by Section 615(a) of the Fair Credit Reporting Act, 15 U.S.C. § 1681m(a). The complaint also alleges that the failure to advise these job applicants constitutes a violation of Section 615(a) of the Fair Credit Reporting Act, 15 U.S.C. § 1681m(a). The complaint further alleges that, pursuant to Section 621(a) of the Fair Credit Reporting Act, 15 U.S.C. § 1681s, a violation of Section 615(a) constitutes an unfair or deceptive act or practice in violation of Section 5(a)(1) of the Federal Trade Commission Act, 15 U.S.C. § 45(a)(1).

The proposed consent order contains provisions designed to prevent the respondents from engaging in similar acts and practices in the future.

Part I of the consent agreement requires Bruno’s, Inc., to cease and desist failing to provide the notice required by Section 615(a) to employment applicants whose applications were denied in whole or in part because of information in a credit report. Part I provides that Bruno’s, Inc., may not be held liable for the failure to provide such notices if it demonstrates by a preponderance of evidence that it
had instituted reasonable procedures to comply with Section 615(a). Paragraph II requires Bruno’s to maintain documents demonstrating its 615(a) compliance for a period of five years from the issuance date of the order and to make the documents available upon request to the FTC for inspection and copying. Paragraph III requires Bruno’s to deliver copies of the Order, at least once per year for a period of five years from the date of issuance, to all persons responsible for its compliance. Paragraph IV requires Bruno’s to notify the Commission within 30 days of changes in corporate structure for the duration of the order. Paragraph V provides for the filing of a compliance report with the Commission within 60 days of the issuance date of the order. Finally, Paragraph IV contains a sunset provision, which terminates the order 20 years after issuance.

The purpose of this analysis is to facilitate public comment on the proposed consent order. It is not intended to constitute an official interpretation of the agreement and proposed order or to modify in any way their terms.

GENERAL SERVICES ADMINISTRATION

Interagency Committee for Medical Records (ICMR); Automation of Medical Standard Form 558

AGENCY: General Services Administration. ACTION: Guideline on automating medical standard forms.

Background

The Interagency Committee on Medical Records (ICMR) are aware of numerous activities using computer-generated medical forms, many of which are not mirror images of the genuine paper Standard Form. With GSA’s approval the ICMR eliminated the requirement that every electronic version of a medical Standard/Optional form be reviewed and granted an exception. The committee proposes to set data standards and require that activities developing computer-generated versions adhere to the required data elements but not necessarily to the image. The ICMR plans to review medical Standard/Optional forms which are commonly used and/or commonly computer-generated. We will identify those data elements which are required, those (if any) which are optional, and the required format (if necessary). Activities may not add data elements that would change the meaning of the form. This would require written approval from the ICMR. Using the process by which overprints are approved for paper Standard/Optional forms, activities may add other data elements to those required by the committee. With this decision, activities at the local or headquarters level should be able to develop electronic versions which meet the committee’s requirements.

Summary

With GSA’s approval, the Interagency Committee on Medical Records (ICMR) eliminated the requirement that every electronic version of a medical Standard/Optional form be reviewed and granted an exception. The following data elements must appear on the electronic version of the following form:
