FEDERAL TRADE COMMISSION**Granting of Request for Early Termination of the Waiting Period Under the Premerger Notification Rules**

Section 7A of the Clayton Act, 15 U.S.C. § 18a, as added by Title II of the Hart-Scott-Rodino Antitrust Improvements Act of 1976, requires persons contemplating certain mergers or acquisitions to give the Federal Trade Commission and the Assistant Attorney General advance notice and to wait designated periods before consummation of such plans. Section

7A(b)(2) of the Act permits the agencies, in individual cases, to terminate this waiting period prior to its expiration and requires that notice of this action be published in the **Federal Register**.

The following transactions were granted early termination of the waiting period provided by law and the premerger notification rules. The grants were made by the Federal Trade Commission and the Assistant Attorney General for the Antitrust Division of the Department of Justice. Neither agency intends to take any action with respect to these proposed acquisitions during the applicable waiting period.

FEDERAL TRADE COMMISSION

[File No. 9623147]

American College for Advancement in Medicine; Reopening the Public Record to Extend the Period for Filing Public Comments on the Proposed Consent Agreement

AGENCY: Federal Trade Commission.

ACTION: Reopening the public record for
filing comments.

SUMMARY: On December 16, 1998, the
Federal Trade Commission ("the
Commission") published a notice of a
proposed consent agreement with the
American College for Advancement in
Medicine. The consent agreement in
this matter settles alleged violations of
federal law prohibiting unfair or
deceptive acts or practices. The
comment period expired on February
16, 1999. In light of significant interest

by the public, the Commission has
reopened the public record in this
matter and extended the comment
period through March 31, 1999.

DATES: Comments must be received on
or before March 31, 1999.

ADDRESSES: Comments should be
directed to: FTC/Office of the Secretary,
Room 159, 600 Pennsylvania Avenue
NW, Washington, DC 20580.

FOR FURTHER INFORMATION CONTACT:
Richard Cleland, FTC/S-4110, 601
Pennsylvania Avenue NW, Washington,
DC 20580. (202) 326-3088.

SUPPLEMENTARY INFORMATION: On
December 16, 1999, the Commission
published its proposed consent
agreement with the American College
for Advancement in Medicine
("ACAM") and invited the public to
submit comments on the agreement
during a sixty day comment period that
ended on February 16, 1999. The
agreement addressed alleged violations
of Section 5 and 12 of the Federal Trade
Commission Act in connection with
ACAM-produced advertising and
promotional materials that promoted the
use of EDTA chelation therapy for the
treatment of atherosclerosis. The
Commission alleged in its
accompanying complaint that some of
the claims contained in ACAM's
materials were false and misleading.
The Commission received
approximately seven hundred and fifty
comments during the public comment
period. In light of the significant public

interest demonstrated by the large
volume of comments received, the
Commission is reopening the public
record for reception of comments to be
filed on or before March 31, 1999.

By the direction of the Commission,
Commissioner Anthony dissenting.

Donald S. Clark,
Secretary.

Dissenting Statement of Commissioner Sheila F. Anthony; American College for Advancement of Medicine, F. 962- 3147

This matter involves public health
and safety, and the advertising at issue
potentially poses grave risk to
individuals who may rely on it.
Therefore, I cannot agree to reopen and
extend the public comment period
through the end of March, 1999, on the
matter *American College for the
Advancement of Medicine*, File No.
962-3147. The sixty-day public
comment period closed on February 16,
1999, after proper notice in the **Federal
Register**, published by the Commission
on December 16, 1998, and the
Commission received over 600
comments within the prescribed period.

The consent agreement between the
Commission and American College for
the Advancement of Medicine
("ACAM"), a California corporation,
settles alleged violations of federal law
prohibiting unfair or deceptive acts or
practices. ACAM has the burden of
substantiating its advertising claims that
