

## The Only Sustainable and Transparent, Thermal Comfort, Indoor Air Quality (IAQ) and Energy Efficiency Company!

### Answers Corporate Citizenship Green Issues and Challenges

**REJUVINAIR®** has set the new standard (CHEMICAL FREE) for Thermal Comfort, "Indoor Air Quality (IAQ)" and Energy Efficiency for commercial buildings specializing in the lodging and health care industries. **REJUVINAIR®** is the proven leader and their competitive edge is its unique ability to provide environmentally safe Indoor Air Quality (IAQ) with Energy Efficiency.

The **SUSTAINABLE GREEN** competitive edge developed over the last eleven years and \$3 (Million) in R&D delivers and provides the cleanest, purest, healthiest and environmentally safe indoor air humanly possible. The exclusive green process destroys, removes and retards the re-growth of mold, toxic mold, mildew, bacteria, viruses, algae, fungi and mycotoxins found in air handling equipment and uses NO Chemicals, anti-microbials or Poisons of any kind!

#### Operations Results:

Eleven years of testing and a Progress Energy study have proven, confirmed and documented a reduction in demand of 10.4% KW and a 21.73% reduction in total KWH usage.

Progress Energy is now issuing rebates for energy conservation using **REJUVINAIR®** and our **SUSTAINABLE GREEN** system as the "Sole Source Provider."

The savings benefits to our clients exceed the cost of the services provided and we offer this simple guarantee:

**"If You Don't Save –You Don't Pay!"**

#### Market Growth:

The **Green Movement** has exploded in the last 12 months with 2008 being declared the **GREEN YEAR!** In addition; a new ANSI 180 Standard for every commercial building's air handling equipment will be published and released on or about 4-2-08 to set a new disruptive standard for Thermal Comfort, Indoor Air Quality (IAQ) and Energy Efficiency.

The liability issues for bad indoor air and mold are not covered by insurance. This new ANSI Standard will unleash an extreme liability response from the public and the legal community. (Just like asbestos)

#### The First Mover:

**REJUVINAIR®** is perfectly positioned and recognized as the only known provider of environmentally safe and sustainable "Indoor Air Quality (IAQ)" integrated with Energy Efficiency.

**REJUVINAIR®** increases profits and peace of mind by providing the cleanest, purest, healthiest and environmentally safe indoor air humanly possible no cost to their customers.
