To Whom It May Concern:

A year and a half ago, I was in a financial disaster where my income did not meet the expense, therefore, I was not able to pay my bills. I had to consider the options that's when I called Debt Regret - America's Debt Solution-, the customer service representatives walked me through the process of paying off the debts and become debt free in less than 3 years. It's been a year and a half since I enrolled in the program, and I have paid off half of my debts and will have the rest of them paid off before the 3 year goal. Had I not have the help of the Debt Regret representatives I would have filed a bankruptcy long before today.

Please do not put the company under strict regulations to the point that they are not able to operate, because of their help I am on my way to become debt free and have my life back on track.

Thank you.
