

**09/24/09**

**FTC,**

**I had some very unexpected family issues that forced me to over extend myself financially. Debt Regret has helped me with my credit issues and get back on track with my life when I thought the situation was hopeless. Debt Regret has helped me settle with 2 of my creditors and I should be able to settle 2 more accounts with in the next year. Without the help of Debt Regret I am not sure if I could have cleared this matter up.**

**Sincerely,  
David Davis
