

I hope this e-mail reaches the Powers to Be. I am a client who is extremely happy with the results and customer service I received during my journey with Freedom Debt Relief. All of their representatives and consultants were very helpful and pleasant. And one stands out from the rest - Shawn Callahan helped me to complete the last leg of the debt freedom journey. His solid advice and help was very much appreciated. After several phone calls and e-mails and hard work on Shawn's part, the journey was completed. As of January 30, 2009 I am at last debt free!

Thank you,
