To Whom It May Concern:

I'm writing in regard to the possible closure of the P&C located on 448 N. Keystone Ave. Sayre, Pa. 18840.

First of all, I have shopped at this location for around 40 years. It used to be Acme Market and then P&C took over. Now that Top's has taken over I'm relieved that I can still shop there. If this store is closed it will only make it mandatory that we shop at Top's or go out of town to shop. Top's has always been more expensive than P&C and we have no choice in that matter, but at least we can shop in a store we are used to. If this store is closed the chances of a competitive store coming in are very slim. Before Top's bought the P&C stores the offer was out there for others to jump on and nobody seemed interested enough to buy it. Our fear was that the store would close then but Top's came in and "saved the day". Now suddenly the FTC is worried about a monopoly! It'll be just as bad if the P&C is closed only we will all have to fight to shop at one store for the same prices we pay with a choice of where to go.

Our area is so depressed already; please don't take away more jobs and put more families on welfare or in line at food banks.

Sincerely,

Toni Cary
