Re: Revised Proposed Business Opportunity Rule

Dear Sirs:

I am writing regarding the Federal Trade Commission's (FTC) Revised Proposed Business Opportunity Rule, R511993. We very much appreciate the FTC's good faith efforts to consider the views of thousands of direct sellers and agree with your conclusion that revisions to the originally proposed rule were necessary to exempt legitimate direct sellers from coverage.

As a small direct selling company and member of the Direct Selling Association, we recognize and support the FTC's important consumer protection role and share your commitment to protecting the public from unfair and deceptive business practices that undermine consumer confidence in legitimate business enterprises such as our own.

We are in complete agreement with the comments and suggestions submitted to the FTC by the Direct Selling Association, and hope that you will incorporate these recommendations as you work to perfect, clarify, and implement the improved and revised business opportunity rule.

We appreciate your consideration of our views, and if you require additional information, please do not hesitate to contact me.

Sincerely,

Leslie Campbell
