To whom it may concern,

In your request for public comment on the application filed by the Divestiture Trustee to divest one store pursuant to the Commission's March 5, 2009 order, which is now requesting FTC approval to sell the Whole Foods store at 87 Marginal Way, Portland, Maine, to Trader Joe's East, Inc, I wish to add my strong support for approval of this request.

Trader Joe's will only add additional and fair competition to a marketplace dominated by Whole Foods.

Kindest regards,
