SECRETARY

Just closing the door
on our Celebration of
Memorial Day, Veterans
giving their lives, that we
may live in a free
country, spurs me to
remind Congress to stop
STOP looking the
other way, harming
the lives and Good
of the People.

Sometimes I wonder

how our Congress sleeps
at night. We do the
"spectacular" to celebrate
the lives who gave all -
all wrapped up in the
needless ads "fooling" little
ones as to what is best for
them. Shame on you!!!

PLEASE Support
FTC Project No. P094513
to perpetuate good healthy
lower Health Ins., as a
side benefit. Leave
GREED buried where it
belongs.
