

Privacy Settings

Control Privacy When You Post

You can manage the privacy of your status updates, photos and information using the inline audience selector — when you share or afterwards. Remember: the people you share with can always share your information with others, including apps. Try editing your profile to see how it works or learn more.

What's on your mind?

San Francisco Friends Post

Control Your Default Privacy

This setting will apply to status updates and photos you post to your profile from a Facebook app that doesn't have the inline audience selector, like Facebook for BlackBerry.

Public Friends Custom

How You Connect

Control how you connect with people you know. Edit Settings

How Tags Work

Control when friends tag you or your content. Edit Settings
