Session 3

INNOVATIVE NEW SERVICES AND PRODUCTS AND SUPPORT THE MODEL OF THE FREE INTERNET. BUT CONVERSELY THEY WARNED THE PRACTICE CAN ALSO RAISE THE RISKS TO CONSUMER'S PRIVACY IN CASES WHERE THE DATA IS HALF OR USED FOR INTENDED PURPOSES. THIS AFTERNOON WE'LL SWITCH GEARS A LITTLE BIT. THE FIRST PANEL WILL EXAMINE CONSUMER ATTITUDES ABOUT AND CHOICE WITH RESPECT TO COMPREHENSIVE DATA COLLECTION AND WHAT DATA COLLECTORS NEED TO DO TO INFORM CONSUMERS ABOUT THEIR PRACTICES AND TO PROVIDE MEANINGFUL CHOICE. AND I HOPE THE PANEL WILL ALSO PROVIDE INSIGHTS INTO WHAT CONSUMERS ALREADY KNOW AND WHAT THEY SHOULD BE TOLD ABOUT DATA COLLECTION CHOICES THAT ARE AVAILABLE TO THEM ABOUT DATA COLLECTION AND EXISTENCE OF COMPETITIVE ALTERNATIVES THAT OFFER DIFFERENT DATA COLLECT TOUGH PRACTICES TO THEM. THE LAST PANEL TODAY WILL OFFER A FRAMEWORK HOW POLICY MAKERS SHOULD THINK ABOUT DATA COLLECTION PRACTICES IN AN ENVIRONMENT WHERE COMPANIES ARE INCREASINGLY OFFERING INTEGRATIVE PRODUCTS AND SERVICES. WHAT ARE THE POTENTIAL NEXT STEPS FOR POLICY MAKERS IN

INDUSTRY AND IS THE MARKET WORKING TO PROTECT CONSUMERS OR DOES MORE NEED TO BE DONE THROUGH SELF REGULATION OR ENFORCEMENT LEGISLATION OR OTHER REGULATION.

SO AS YOU ALL KNOW A MAJOR CHIN FOR INDUSTRY AND FOR REGULATORS IN THE AREA IS THE FANTASTIC PACE OF TECHNOLOGICAL CHANGE IT WAS ONLY TWO YEARS AGO THAT APPLE INTRODUCED THE IPAD TABLET.

THAT WAS ONLY TWO YEARS AGO. THAT DEVICE AND OTHERS LIKE IT SERIOUSLY CHANGED HOW CONSUMERS VIEW AND USE THEIR COMPUTERS. SELLS OF TABLETS ARE EXPECTED TO ECLIPSE SALES OF PC'S IN THE VERY NEAR FUTURE.

SMART PHONES, THE PREVALENCE OF SMART PHONES VEX PLODED.

THEY'VE BECOME MORE LIKE PC'S BY INCLUDING INTERNET ACCESS, BROWSERS, MAPS, VIDEO, MUSIC AND ALL KINDS OF OTHER SERVICES, AND INCREASINGLY NEW FORMS OF PAYMENT THROUGH MOBILE SYSTEM.

AND MANY COMPANIES SUCH AS MICROSOFT HAVE SHIFTED THEIR BUSINESS MODEL FROM SELLING SOFTWARES TO ALL TYPES OF COMPUTERS TO ALSO MARKETING DEVICE SUCH AS TABLETS AND SMART PHONE OPERATING SYSTEMS.

INDEED THIS PRODUCTS AND SERVICES MODEL IS SO MUCH THE FORM THAT COMPANIES WHO DON'T ENGAGE IN THIS RISK ARE FALLING BEHIND.

SO OUR TASK TODAY IS TO CONSIDER HOW THESE CHANGES MAY IMPACT COMPREHENSIVE DATA COLLECTION AND WHAT THAT MEANS BOTH POSITIVELY AND NEGATIVELY FOR CONSUMERS.

YESTERDAY THE FUTURE OF PRIVACY FORUM RELEASED AN INTERESTING REPORT ENTITLED IT'S NOT HOW MUCH DATA YOU HAVE BUT HOW YOU USE IT.

IN IT, THE AUTHORS ARGUE THAT THEIR QUEST, THAT IN THEIR QUEST FOR INTEGRATIVE USERS EXPERIENCE QUOTE CONSUMERS ARE UNLIKELY TO OBJECT WHERE THE USE OF PERSONAL DATA IS CONTEXTUALLY CONSISTENT OR WHERE OTHER CIRCUMSTANCES WARRANT DATA USE FOR AN INTEGRATED USER EXPERIENCE, END QUOTE.

THEY OBSERVE THAT CONSUMERS WANT PRODUCTS THAT PROVIDE SMOOTH ENTER OPERABILITY BETWEEN HARDWARE, OPERATING SYSTEMS AND SOFTWARE.

MEETING THIS DEMAND MEANS THAT DATA PROVIDED FOR ONE PURPOSE MAY BE REPALLO VERDE FOR ANOTHER COORDINATED SERVICE.

SO I BELIEVE THAT THE GREATEST CHALLENGE FACING POLICY MAKERS IN THIS ARENA IS HOW TO BALANCE OUR CONSUMER PRIVACY CONCERNS WITH THE IMPORTANT BOWL OF SUPPORTING INNOVATIVE USES FOR TECHNOLOGY AND DATA.

SO THAT CONSUMERS BENEFIT FROM THESE ADVANCES WITHOUT SUFFERING HARM FROM THE MISUSE OF THEIR DATA.

SO IN THE FTC'S PRIVACY REPORT FROM MARCH PROTECTING PRIVACY IN AN ERA OF RAPID CHANGE, THEY EMPHASIZE THE IMPORTANCE OF CONTEXT WITH RESPECT TO THE NEED OF PROVIDING CONSUMERS CHOICE BEFORE COLLECTING DATA.

THE REPORTS STATED THAT IF DATA COLLECTION AND USE PRACTICES ARE CONSISTENT WITH THE CONTEXT OF THE TRANSACTION, CONSISTENT WITH

THE COMPANY'S RELATIONSHIP WITH THE CONSUMER OR SPECIFICALLY REQUIRED OR AUTHORIZED BY LAW OFFERING CONSUMERS CHOICE WASN'T NECESSARY.

IT WASN'T NECESSARY BUT CONVERSELY FOR PRACTICES THAT ARE INCONSISTENT WITH THE CONTEXT OF INTERACTION, COMPANIES SHOULD PROVIDE CONSUMERS WITH CHOICE.

INTERESTINGLY WHEN IT ISSUED THE FINAL REPORT, THE COMMISSION CHANGED FROM ITS EARLIER APPROACH OF LISTING FIVE CATEGORIES OF COMMONLY EXPECTED DATA PRACTICES FOR WHICH COMPANIES WOULD NOT NEED TO PROVIDE CONSUMERS WITH CHOICE.

AND THESE CATEGORIES WERE PRODUCT FULFILLMENT, INTERNAL OPERATIONS, BROAD PREVENTION, LEGAL COMPLIANCE AND PUBLIC PURPOSE AND FIRST PARTY MARKETING.

WHILE I THINK THESE ARE STILL APPROPRIATE-BELIEVE THE SHIFT WAS MORE RECOGNIZING THAT CONTEXT WITH BE QUITE NUANCED AND WE NEED FLEXIBILITY IN EVALUATING CONSUMER-SPECIFIC, CONTEXT SPECIFIC CONSUMER EXPECTATIONS.

SO OVER TIME USES MAY CHANGE, CONSUMER EXPECTATIONS MAY CHANGE SO WE DIDN'T WANT TO BE TOO LOCKED INTO SPECIFIC TYPES OF USE.

THE FUTURE OF PRIVACY FORUM REPORT SUGGESTS THAT THE RELATIONSHIP THAT INVOLVED DATA COLLECTION WILL AND SHOULD CHANGE OVER TIME.

IT'S NOT JUST THE FTC'S REPORT THAT RECOGNIZES THIS WILL BE A DYNAMIC KIND OF RELATIONSHIP

[INDISCERNIBLE] OTHERS HAVE  
RECOGNIZED IT AS WELL.  
AND IT'S COMPANIES THAT EXPAND  
THEIR BRANDS INTO PREVIOUSLY  
UNTAPPED MARKETS.  
THE CONSUMER RELATIONSHIP EXPAND  
TO MEET THE CONSUMER  
RELATIONSHIP.  
THIS IS IN THE FTC'S PRIVACY  
REPORT THE CONTEXT OF  
TRANSACTION OR RELATIONSHIP  
SHAPED BY CONSUMER EXPECTATIONS  
WILL LEGITIMIZE NEW DATA  
PRACTICES.  
THIS APPROACH AS THEY SUGGEST  
APPEARS TO MAKE A GREAT DEAL OF  
SENSE TO ME AND PROVIDES THE  
FLEXIBILITY NECESSARY TO ADDRESS  
THE ONGOING CHALLENGES CREATED  
BY IN IN NO VEYIVE AND FLUID  
INDUSTRY.  
BUT THE FTC IS NOT THE ONLY  
ENTITY INTERESTED IN PRIVACY  
OVERSIGHT.  
OVER THE MOST FEW YEARS THERE  
HAVE BEEN A VARIETY OF PROPOSALS  
IN CONGRESS DEALING WITH PRIVACY  
AND DATA SECURITY.  
SEVERAL MEN'S WHO HAD KEY ROLES  
IN THE PRIVACY DEBATE SUCH AS  
REPRESENTATIVE MARY MAC AND  
CHRIS STERNS IS NOT FOR THE  
113TH CONGRESS.  
AS SOME OF YOU MAY HEARD JUST  
TODAY SENATOR DEMINT ANNOUNCED  
HE WILL BE LEAVING THE SENATE TO  
HEAD UP THE HERITAGE FOUNDATION.  
THERE'S GOING TO BE A WHOLE  
CHANGE IN THE PLAYERS IN THE  
CONGRESSIONAL DEBATE ON THIS  
ISSUE.  
OTHER NEW MEMBERS SUCH AS  
REPRESENTATIVE LEE TERRY WILL  
HAVE LEADERSHIP POSSES ON THE  
RELEVANT COMMITTEES WHO HAVE  
JURISDICTIONS IN THIS AREA.

IN THE LAST CONGRESS WITH DOZENS OF HEARINGS AND BILLS, WE ARE APPROACHING -- YOU MIGHT ASK WHY THIS HAPPENED.

THERE WAS A LOT OF DEBATE AND DISCUSSIONS IN HEARINGS BUT IT'S POSSIBLE THIS PAY REFLECT THE FACT THAT THERE REALLY ISN'T A CLEAR AGREEMENT ON WHAT THE CONTOURS OF WHAT CONSUMER HARM MAY BE OCCURRING IN THE MARKET THAT CURRENT LAW CAN'T REACH. AND WHAT MAY BE AN EFFECTIVE AND PREFERRABLE SOLUTION FOR ANYTHING THAT'S OCCUR.

I LOOK IN ORDER WORKING WITH MY COLLEAGUES AT THE FTC AND ON THE HILL IN THE NEXT TO DISCUSS ANY LEGISLATION IN THE PRIVACY ARENA IN THE FUTURE.

FOR NOW I WANTED TO OFFER A FEW BASIC PRINCIPLES WHICH I BELIEVE ARE IMPORTANT TO KEEP IN MIND WHEN CONSIDERING ANY REGULATORY FRAMEWORK FOR CONSUMER PRIVACY. I BELIEVE ANY PRIVACY REGULATION SHOULD FOCUS ON WHETHER PARTICULAR TYPES OF DATA COLLECTION AND USE MAY HARM CONSUMERS AND VIOLATE THEIR LEGITIMATE PRIVACY INTEREST.

THERE SHOULD BE A FOCUS PROVIDING CONSUMERS MORE TOOLS SUCH AS WEB ICONS OR OPT OUT MECHANISMS AND WAYS TO DELINEATE AND EXPRESS THEIR PREFERENCES.

AND MARKET-BASED APPROACHES PAIRED WITH SELF REGULATORY INITIATIVES SHOULD BE ALLOWED TO CONTINUE TO DEVELOP.

GOVERNMENT PRIVACY REGULATION SHOULDN'T PICK WINNERS AND LOSERS BASED ON TECHNOLOGY OR BUSINESS MODELS, PARTICULARLY IN RAPIDLY EVOLVING EXPANSIVE INTERNET MARKETPLACE.

I BELIEVE THE TECHNOLOGY NEUTRAL APPROACH THAT FOCUSES ON THE IMPACT ON CONSUMERS PRESERVES FLEXIBILITY AND HELPS PROMOTE INNOVATION AND COMPETITION AMONG DIFFERENT TYPES OF ENTITIES. AND I BELIEVE THAT ANY FRAMEWORK SHOULD RECOGNIZE THAT IN TODAY'S DYNAMIC INTERNET ECOSYSTEM, CONSUMER INFORMATION CAN SUPPORT LEGITIMATE AND BENEFICIAL ON-LINE SERVICES AND APPLICATIONS. AND SERVICES OF ALL ACROSS MULTIPLE PLATFORMS, CONSUMER DATA CAN BE USEFUL IN GENERATING NEW BUSINESS MODELS. AND ULTIMATELY INCREASING CONSUMER CHOICE. SO THAT'S THE KIND OF BALANCE THAT WE NEED TO STRIKE BETWEEN CONSUMER HARM, CONSUMER EXPECTATIONS AND ALSO SOME OF THE BENEFITS THAT CONSUMER MAY GET FROM NEW AND INNOVATIVE USES OF DATA. SO HAVING SAID MY PEACE, I'D LIKE TO INTRODUCE MY FIRST PANEL OF THE AFTERNOON TO TALK ABOUT CONSUMER ATTITUDES ABOUT AND CHOICE WITH RESPECT TO COMPREHENSIVE DATA COLLECTION. SO PLEASE WELCOME ALESSANDRO SCQUITITI AT THE CARNEGIE MELLON UNIVERSITY, CHRIS CAL BREEZE, LORRIE CANCER, A PROFESSOR AT CARNEGIE MELLON UNIVERSITY AND MIKE HINTZE ASSOCIATE GENERAL COUNSEL. THANK YOU FOR HAVING ME AND WE'LL LOOK FORWARD TO THE NEXT TIME. [APPLAUSE] >> HI EVERYONE WELCOME TO OUR SECOND PANEL OF THE DAY. MY NAME IS KATIE BRAN AND I'M AN

ATTORNEY HERE AT THE FTC IN THE DIVISION OF IDENTITY PROTECTION. I WILL BE CO-MODERATING TODAY'S PANEL WITH PAUL, WHO IS A LAW PROFESSOR AT THE UNIVERSITY OF COLORADO AND A RENOWN PRIVACY EXPERT.

WE'RE HAPPY TO HAVE HIM HERE DOING A DETAIL WITH OUR OFFICE OF POLICY AND PLANNING.

SO THANK YOU, PAUL, FOR BEING HERE.

THE PURPOSE OF THIS PANEL IS TO TALK ABOUT CHOICE MECHANISMS AND CONSUMER ATTITUDES WHEN IT COMES TO THE TYPE OF BEHAVIOR WE'VE BEEN TALKING ABOUT TODAY, COMPREHENSIVE DATA COLLECTION.

AND WE WILL DISCUSS WHAT CONSUMERS KNOW ABOUT THE KIND OF DATA COLLECTION THAT'S TAKING PLACE BOTH ON THE WEB AND THROUGH MOBILE DEVICES.

AND WE'LL ALSO ADDRESS TOPICS OF TRANSPARENCY AND CONSUMER CHOICE INCLUDING WHEN TRANSPARENCY'S IMPORTANT TO CONSUMERS, WHAT CHOICE MECHANISMS ARE EFFECTIVE IN THIS AREA AND WHAT ARE THE LIMITS OF CHOICE.

AS A REMINDER WE WILL BE ACCEPTING VARIOUS WAYS FROM THOSE WHO ARE HERE, YOU HAVE COMMENT CARDS OR QUESTION CARDS IN YOUR MATERIALS THAT YOU CAN FILL OUT AND HAPPENED TO OUR FTC STAFF.

FOR THOSE VIEWING OUR WEBCAST, YOU CAN SUBMIT QUESTIONS THROUGH OUR FACEBOOK PAGE, THROUGH OUR TWITTER FEED HASH TAG POUND FTCPRIV OR BY E-MAIL AT OPA@FTC.GOV.

I WANT TO MENTION PROFESSOR DAN'S PRESENTATION FOR THOSE HAVING PROBLEMS NOT SEEING IT

BEFORE IS ON OUR WEB PAGE.  
YOU MIGHT NEED TO REFRESH YOUR  
BROWSER BUT IT SHOULD BE THERE.  
I WOULD LIKE TO INTRODUCE OUR  
PANELISTS AND THANK THEM FOR  
PARTICIPATING TODAY.  
WE HAVE LORRIE FAITH CANCER  
PROFESSOR AT CARNEGIE MELLON.  
WE HAVE TO INGIS.  
WE HAVE AL IS AN DROA ACQUISITI  
PROFESSOR OF CARNEGIE MELLON AND  
CHRIS CALABRESE -- I WOULD LIKE  
TO LEAD OFF WITH YOU LORRIE.  
YOU'VE DONE A LOT OF RESEARCH IN  
THE RARE YEAH OF CONSUMER  
ATTITUDES ABOUT PRIVACY.  
WHAT DOES YOUR RESEARCH TELL US  
ABOUT WHAT CONSUMERS KNOW AND  
THINK ABOUT THIS TYPE OF  
COMPREHENSIVE DATA COLLECTION  
THAT WE'VE BEEN TALKING ABOUT  
AND DO WE HAVE A SENSE WHAT  
REALLY MATTERS TO CONSUMERS WHEN  
IT COMES TO THEIR INFORMATION  
THAT'S BEING COLLECTED?  
>> SURE.  
SO WE DONE A LOT OF RESEARCH AND  
OTHER PEOPLE HAVE DONE RESEARCH  
AS WELL ON CONSUMER ATTITUDES.  
I DON'T THINK THAT'S BEEN MUCH  
RESEARCH SPECIFICALLY A  
COMPREHENSIVE DATA COLLECTION,  
CERTAINLY NOT COUCHED IN THAT  
PARTICULAR TERM BUT I THINK  
THERE'S A LOT OF USEFUL RESEARCH  
ABOUT OTHER TYPES OF TRACKING  
AND DATA COLLECTION WHICH I  
THINK SHEDS LIGHT ON THIS.  
SO WHEN WE HAVE DONE INTERVIEWS  
WITH CONSUMERS, WE FOUND THAT  
WHEN WE ASKED THEM ABOUT THING  
LIKE ON-LINE BEHAVIORAL  
ADVERTISING, MOST OF THEM HAVE  
VERY LITTLE UNDERSTANDING OF IT.  
THEY HAVE VERY LITTLE  
UNDERSTANDING OF MOST OF THE

TYPES OF DATA COLLECTION THAT TAKE PLACE EXCEPT FOR THE DATA THEY HAVE COLLECTED. THEIR FIRST RESPONSE IS THIS SEEMS VERY CREEPY, VERY SCARY. THEY FEEL LIKE IT'S HAPPENING BEHIND THEIR BACKS. ON THE OTHER HAND, IF YOU EXPLAIN IT TO THEM AND EXPLAIN WHY IT'S DONE, THEN THEY GET KIND OF A MIXED REACTION. YOU DEFINITELY HAVE PEOPLE WHO SEE THERE MAY BE SOME VALUE IN THIS, I CAN SEE HOW I MIGHT ABOUT A GETTING SOME CUSTOMIZED SURVICES I LIKE BUT ON THE OTHER HAND THEY ALSO FEEL LIKE I SEEM TO HAVE JUST GIVEN UP BLANK CHECKS FOR VARIOUS COMPANIES TO COLLECT MY DATA AND DO WHATEVER THEY WANT TO IT. THEY OFTEN HAVE MISCONCEPTIONS ABOUT HOW IT MIGHT BE USED. WE HAD A LOT OF PEOPLE WE TALKED TO ABOUT ON-LINE BAIFERL ADVERTISING WHO TALKED TO US ABOUT IDENTITY THEFT. A LOT OF MISUNDERSTANDING AND LOT SURE WHAT IS GOING TO HAPPEN TO THEIR DATA. WE FIND SOME OF THE EFFORTS THAT HAVE BEEN MADE TO TRY TO INFORM CONSUMERS ABOUT THE DATA COLLECTION ARE THINGS THAT THEY HAVEN'T NOTICED. SO WE SURVEYED OVER 1500 PEOPLE AND ALMOST NONE OF THEM RECOGNIZED THE AD CHOICE ICON SO INFORMS NOT COMMUNICATING TO THEM IN USEFUL. WE ALSO FOUND THAT WHEN WE ASKED CONSUMERS HOW THEY'D LIKE TO MAKE DECISIONS ABOUT THIS DATA AND WE SHOWED THEM SOME OF THE TOOLS AVAILABLE TO THEM, A LOT OF THESE TOOLS ASKED THEM TO

DECIDE BETWEEN DIFFERENT COMPANIES.

AND IT LOOKED TOWN THE LIST OF COMPANIES THAT DO TRACKING, DO ADVERTISING, AND THEY DIDN'T RECOGNIZE THE NAMES OF ANY OF THESE COMPANIES.

AND SO THEY REALLY DIDN'T KNOW HOW TO MAKE A DECISION ABOUT THEM.

EVEN THE COMPANIES THEY DID RECOGNIZE, GOOGLE, MICROSOFT, YAHOO.

THEY DIDN'T ACTUALLY ASSOCIATE WITH ADVERTISING.

SO THEY WERE A LITTLE BIT CONFUSED AS TO WHY THEY WERE ON THE LIST AND WHY THEY NEEDED TO MAKE A DECISION ABOUT THAT.

WE FOUND ONLY SAID USERS WERE VERY CONCERNED ABOUT CONTEXT.

AND USERS WOULD TELL US, WELL WHEN I'M BOOKING MY PLAY TICKETS, SOME USERS WOULD SAY I THINK IT'S GREAT IF SOME COMPANIES KNOW THIS IS WHAT I'M DOING AND THEN THEY CAN TELL ME ABOUT ACTIVITIES I MIGHT WANT TO DO AT THAT LOCATION.

AND OTHER USERS SAID NO THIS IS TERRIBLE BECAUSE THEN PEOPLE WILL KNOW WHEN I'M NOT GOING TO BE HOME AND I'M REALLY CONCERNED ABOUT IT.

SO DIFFERENT CONTEXT, DIFFERENT USERS HAD DIFFERENT OPINIONS ON AND IT WAS REALLY QUITE NUANCE.

>> THANK YOU.

PROFESSOR WALLIC IN OUR FIRST PANEL TALKED ABOUT -- IPS'S OPERATING SYSTEMS, BROWSERS AND SOCIAL PLUG INS AND THE LIKE.

MIKE, YOU AT MICROSOFT IS A LEADER IN THE AREA OF BROWSER AND OPERATING SYSTEMS, BOTH DESKTOP AND IN THE MOBILE

CONTEXT.

WHAT ARE CONSUMERS EXPECTATIONS CONCERNING DATA COLLECTION FOR THOSE VARIOUS TECHNOLOGIES?

>> IT'S IMPORTANT TO POINT OUT THAT THERE'S A BIG GAP

[INDISCERNIBLE]

[INDISCERNIBLE]

[INDISCERNIBLE]

WIN DOZE DOES COLLECT SOME DATA BUT IT'S VERY LIMITED AND IT'S DONE WITH A VERY [INDISCERNIBLE] DECISION ON PRIVACY.

ONE EXAMPLE [INDISCERNIBLE]

WINDOWS CRASHES [INDISCERNIBLE]

YOU GET A LITTLE DIALOGUE SAYING HEY INFORMATION JUST HAPPENED ON THE COMPUTER COULD REALLY HELP IMPROVE THE PRODUCT.

WILL YOU SEND THAT TO MICROSOFT AND YOU HAVE TO OPT IN TO THAT.

IN SOME CASES ACTUALLY A LITTLE BIT MORE [INDISCERNIBLE]

BUT THE POINT IS [INDISCERNIBLE]

REALLY USEFUL FOR US

[INDISCERNIBLE] BUT IN THE

BALANCE BETWEEN WHAT'S USEFUL AND WHAT CAN OPENLY BENEFIT OUR USERS AND WHAT WOULD BE

[INDISCERNIBLE] THAT'S WHERE WE CAME OUT.

WE HAD AN UPDATE TO ACCOMPLISH THAT BENEFICIALLY

[INDISCERNIBLE]

BUT WE DID THAT IN A WAY THAT

DOESN'T EXCEED [INDISCERNIBLE]

AND THAT'S KIND OF HOW WE THINK

ABOUT IT IN ALL THE THING WE DO,

WHETHER IT'S THE OPERATING

SYSTEM [INDISCERNIBLE] WE TRY TO

STRIKE THAT RIGHT BALANCE

BETWEEN HOW DO YOU GET THE DATA

[INDISCERNIBLE] BENEFICIAL TO

THE USERS [INDISCERNIBLE] NOT

CROSS THAT LINE [INDISCERNIBLE]

>> JUST AS A QUICK FOLLOW UP TO

THAT.

HOW DO YOU AT MICROSOFT  
DETERMINE WHAT CONSUMER  
EXPECTATIONS ARE?

AND THEN MAYBE I CAN THROW IT  
OUT TO THE PANEL AND SAY FOR  
THOSE COMPANIES THAT MAY NOT  
CONSIDER CONSUMER EXPECTATIONS  
OR LINK THEIR BEHAVIORS BASED ON  
CONSUMER EXPECTATIONS, WHAT ARE  
THE ALTERNATIVES THERE?

>> THERE ARE A VARIETY OF  
[INDISCERNIBLE]

>> WE'VE GOT A REQUEST TO LEAN  
IN A LITTLE BIT FOR THE WEBCAST.

>> THERE'S A VARIETY OF MEANS  
[INDISCERNIBLE]

THERE'S A VARIETY OF MEANS BY  
WHICH WE DETERMINE CONSUMER  
EXPECTATIONS ARE.

WE DO YOU KNOW SOME OF OUR OWN  
RESEARCH.

WE LOOK AT OTHER PEOPLE'S  
RESEARCH FOR SURE LIKE LORRIE'S  
AND OTHERS.

THERE'S SOME INTERESTING  
RESEARCH THAT CAME OUT OF THE  
RESEARCH RECENTLY THAT TALKED  
ABOUT THAT PEOPLE NOT ONLY SAY  
THEY CARE ABOUT PRIVACY BUT THAT  
THEY'VE ACTUALLY ARE MAKING  
CHOICES BASED ON THAT.

THAT THE RESEARCH JOTTED THIS  
DOWN SHOWED THAT 56% OF USERS  
DECIDED NOT TO COMPLETE AN  
ON-LINE PURCHASE OUT OF PRIVACY  
CONCERNS AND 30% OF USERS HAVE  
UNINSTALLED AN APP FROM THEIR  
SMART PHONE BECAUSE OF PRIVACY  
CONCERNS.

WE SUPPLEMENTED THAT WITH SOME  
OF OUR OWN RESEARCH.

WE RECENTLY DID RESEARCH IN FOUR  
PAGE MARKETS THE U.S., UK,  
FRANCE AND GERMANY TO GAUGE  
USERS' ATTITUDES ABOUT ON-LINE

TRACKING AND WHETHER OR NOT THEY THINK IT GOES TOO FAR.

NOT SURPRISINGLY AN OVERWHELMING NUMBER OF USERS SAID YES, THEY DO THINK THEY'VE GONE TOO FAR AND PEOPLE NEED BETTER EASIER TO USE CONTROLS AROUND THAT.

IN ADDITION TO THAT, WE SORT OF, WE READ THE PAPERS LIKE EVERYBODY ELSE, AND WE KIND OF SEE WHERE CONSUMERS HAVE OBJECTED TO THINK THAT WE TRY TO LEARN FROM THE MISTAKES NOT ONLY OF OURSELVES BUT OF OTHERS.

AND YOU KNOW KIND OF GET A PAGE. IN MANY CASES ES SUBJECTIVE.

IT'S KIND OF A GUT FEEL.

WHAT'S CROSSING THAT CREEP E LINE.

WHY ARE USERS GOING TO REJECT A DATA USE OR DATA COLLECTION THAT MIGHT BE UNDER CONSIDERATION.

IT'S SOMETIMES MORE AN ART THAN A SCIENCE BUT A LOT OF FACTORS GO INTO THIS DECISION.

>> GREAT.

DOES ANYONE WANT TO COMMENT ON THE SECOND PART OF MY QUESTION, IF WE'RE USING KIND OF GUT FEEL OVER AN OVERALL SENSE OF WHAT CONSUMERS EXPECT AS PART OF THE DETERMINATION ABOUT BUSINESS PRACTICES, WHERE DOES THAT LEAVE US FOR OTHER BUSINESSES THAT DON'T.

>> THANKS.

THANKS FOR HAVING ME HERE. YOU KNOW I THINK WHEN I THINK ABOUT THE BEST WAY TO EVALUATE WHAT CONSUMERS WANT AND CONSUMER EXPECTATIONS, I IMMEDIATELY START WITH FREE MARKET. PEOPLE SPENDING DOLLARS EVERY DAY FOR PRODUCTS AND SERVICES THEY WANTED.

WHEN I LOOKED AT THE VARIOUS

STUDIES I FIND THEM INTERESTING,  
IT'S INTERESTING TO HEAR WHEN  
YOU COREDDEN OFF ONE SEGMENT AND  
ASK A QUESTION, IT'S INTERESTING  
TO SEE HOW IT INFLUENCES THINGS.  
BUT THE COMPANIES WE REPRESENT,  
THE MEMBERS OF THE DIGITAL  
ADVERTISING ALLIANCE, THE DNA,  
THEY ACTUALLY MANY OF THEM THE  
INNOVATORS WANT TO ACTUALLY SET  
CONSUMER EXPECTATIONS.  
THEY WANT TO CHANGE THINGS,  
CHANGE THE WORLD.

I WAS JUST THINKING ABOUT ON  
CYBER MONDAY, CYBER MONDAY  
SHOPPING ECLIPSED RETAIL STORE  
SHOPPING ON BLACK FRIDAY I THINK  
FOR THE FIRST TIME THIS YEAR  
WHICH WAS A REMARKABLE NUMBER.  
IF YOU ASKED ALL THE CONSUMERS  
15 YEARS AGO WHERE YOU COULD BUY  
SOMETHING ON THE INTERNET, WHERE  
THEY EXPECTED TO BUY WHAT THE  
CONSUMER EXPECTATION WAS, WHERE  
THEY WERE GOING TO BUY THEIR  
HOLIDAY PRESENT.

THE ANSWER WAS GOING TO BE THEY  
WERE GOING TO GO INTO THE RETAIL  
STORE TOMORROW, THEY WERE GOING  
TO LOOK AT THE CATALOG AND BUY  
THEIR PRESENTS.

THE COMPANIES WE REPRESENT  
DIDN'T SAY OKAY WELL WE BETTER  
NOT DESIGN GREAT PRODUCTS AND  
SERVICES AND OFFERINGS THAT  
WOULD ENTICE PEOPLE TO SHOP  
ON-LINE AND GET COMFORT ON-LINE  
BECAUSE OF THAT OR EVEN BECAUSE  
STUDIES AT THE TIME WITH SIMILAR  
PANELS HAD COME OUT AND SAID  
GEEZ, 78% OF THE PUBLIC IS  
CONCERNED ABOUT SHOPPING  
ON-LINE.

THEY DIDN'T SAY WELL WE BETTER  
NOT DESIGN THESE PRODUCTS, THIS  
HE DESIGNED THEM AND THEY'RE THE

ONES WE ALL LIVE, LOVE EVERY DAY.

>> STU, IF I COULD ASK A FOLLOW UP THEN.

WE HAVE TWO PROPOSITIONS ON THE TABLE.

MIKE SAYS THAT HIS COMPANY DOES ASK CONSUMERS ABOUT PRIVACY. IN ADDITION TO THE KIND OF PRICE SIGNALS THEY'RE GETTING BACK. AND THEN I DON'T THINK YOU WERE SAYING THAT IT'S A MISTAKE FOR COMPANIES LIKE MICROSOFT.

>> NO.

>> TO ASK THOSE QUESTIONS. SO THEN I THINK YOU WERE SAYING YOU VALUE MORE.

I'M PUTTING WORDS IN YOUR MOUTH.

>> THE PRICE SIGNALS.

>> I THINK YOU WANT TO EVALUATE A BUNCH OF VARIABLES BUT I THINK AT THE END OF THE DAY WE SEE THIS, IF YOU TALK ABOUT NEWSPAPER ARTICLES OR PARTICULAR BUSINESS PRACTICES, THE MARKET REACTS WHEN THEY SEE A BUSINESS PRACTICE THEY DON'T LIKE, THEY STOP BUYING IT, THEY STOP DEALING WITH THE COMPANIES. SO IF YOU LOOK AT SOME OF THE ADVENT OF SOME OF THE BEST DATA INNOVATORS, A LOT OF OUR NUMBERS IN THE LASTAL OF YEARS IN THE COMPANY WE SPEND ALL OF OUR TIME WITH ALL OF US, HOTLINE, WHEREVER WE ARE, THOSE COMPANIES ARE INNOVATING.

THEY ARE DOING GREAT THING WITH DATA, GREAT AND RESPONSIVE.

>> CAN I JUST, I, NOT TO JUST SORT OF PICK OUT ANY PARTICULAR COMPANY BUT IT DOESN'T SEEM TO ME THAT THERE'S A PARTICULAR MARKETPLACE HERE TO COMPETE ON THIS, IN THIS PARTICULAR VECTOR. I AGREE WITH YOU THAT

COMPETITION HAS DRIVEN A LOT OF WONDERFUL THINGS IN THIS COUNTRY.

COMPANIES ARE ABLE TO COMPETE BECAUSE I DON'T SEE AN UNDERLYING LEGAL FRAMEWORK THAT A, PRESENTS THESE ISSUES IN A WAY THAT CONSUMERS CAN MAKE A MEANINGFUL CHOICE AND HAVE A CERTAINTY THAT THOSE CHOICES WILL BE HONORED.

AND I ALSO DON'T THINK CONSUMERS ARE IN FACT AWARE OF HOW MUCH OF THESE PRACTICES.

I THINK LORRIE'S RESEARCH SHOWS THAT.

SO WHILE I APPRECIATE THAT MARKET DOES A LOT OF THINGS WONDERFULLY WELL, WE ALSO KNOW IT ONLY FUNCTIONS IF IT'S GOT, IF THE CONSUMER HAS INFORMATION AND IF THERE'S AN ACTUAL ABILITY TO COMPETE ON THESE PARTICULAR THINGS.

AND I DON'T THINK DATA COLLECTION PRACTICES ARE AN AREA WHERE CONSUMERS REALLY CAN GET FAIR COMPETITION OR ANY KIND OF REAL COMPETITION.

>> JUST TO RESPOND AND THEN I'LL WANT TO MOVE ON.

BUT YOU KNOW I THINK THERE'S SOME VALIDITY TO THE FACT THAT WE'VE GOT TO HAVE TRANSPARENCY IN THE DIALOGUE WITH CONSUMERS BUT I DON'T THINK WE START WITH THAT AS BEING THE DEFINING PREMISE OF HOW THE MARKETPLACE AND CONSUMERS SHOULD EVOLVE.

SO TO THE EXTENT OF TRANSPARENCY AND CHOICE SINCE YOU BOTH REFERENCED LORRIE'S STUDY, I CAN JUST THINK OF TWO DATA POINTS HAVING SAT AND LISTENED TO LORRIE'S STUDIES BEFORE.

THE LAST TIME I WAS IN A ROOM  
AND HEARD A STUDY OF LORRIE'S,  
IT WAS WITH RESPECT TO THE  
FIZZING OPTION ICON.  
IT WAS THAT UNANIMOUSLY THEY HAD  
LOOKED ALL OVER THE WORLD, ALL  
OVER THE WILD I THINK IT WAS A  
MONTH AFTER, THEY FOUND THREE  
ICONS OUT OF 10 MINUTE SITES.  
BUT I DON'T HEAR THE STUDIES,  
THE STUDIES AREN'T REPEATED NOW  
TO SHOW THERE ARE ICONS  
EVERYWHERE.  
THAT ICON IS BEING SEEN NOW MORE  
ON THE INTERNET CROSS WEB THAN  
ANY OTHER SYMBOL PERIOD  
GLOBALLY.  
THAT'S UNBELIEVABLE.  
TALK ABOUT PENETRATION OF iPad  
IN TWO YEARS.  
THIS IS LESS THAN THAT.  
AND THE OTHER NUMBER I SAID  
LORRIE I THINK YOU GAVE A NUMBER  
THAT SAID YOU TALKED TO A  
THOUSAND 80 CONSUMERS AND NONE  
OF THEM KNEW THE iCONS.  
I LISTENED TO A PRESENTATION AND  
THE NUMBER WAS 30% OF PEOPLE  
ACTUALLY RECOGNIZE ICONS.  
THE WE THOUGHT THAT WAS  
FANTASTIC.  
30% IN A YEAR AND-A-HALF.  
EVERY BRAND IN AMERICA, EVERY  
NEW INNOVATIVE START UP COMPANY  
WOULD LOVE THAT KIND OF  
PENETRATION.  
>> I KNOW YOU WANT TO RESPOND  
BUT I WANTED LORRIE BECAUSE  
THERE WAS A DIRECT QUESTION.  
I THINK HE'S OFFERING TO FUND  
YOUR NEXT RESEARCH.  
I'M NOT SURE THAT'S WHAT HE'S  
DOING.  
>> SINCE WE'RE DOING STUDIES ON  
THE ADAPTATION EYE YAWN JUST A  
PHONE CALL HOW IT WORKS WOULD BE

A START.

>> WE HAVE SOME PHONE CALLS WITH YOUR COLLEAGUES AND I WOULD BE HAPPY TO HAVE THEM WITH YOU AS WELL.

WE DID NOT FIND 30%, IT WAS A MUCH LOWER PORRIDGE.

I DON'T KNOW WHERE THEY FOUND THOSE 30% OF PEOPLE.

>> YOU'RE AGREEING SOMEBODY FOUND 30%.

>> I HAD A LOT OF SKEPTICISM ABOUT THEIR STUDY BASED ON OURS. WE ALSO DID A FOLLOW UP ON THE ICON STUDY AS WELL AND WE DID REPORT THERE WAS IMPROVEMENT. IT WAS ABOUT 18 MONTHS LATER THAT WAS CONSIDERABLE IMPROVEMENT BUT STILL NO WHERE NEAR 100%.

FACEBOOK STILL DOESN'T USE THE ICON, THEY REFUSE TO USE IT AND THEY'RE A PRETTY MAJOR COMPANY.

>> FACEBOOK.

SO AS I UNDERSTAND FACEBOOK [INDISCERNIBLE] BUT OUR PROGRAM ACTUALLY DOESN'T REQUIRE AN ICON, IT REQUIRES ENHANCED TRANSPARENCY.

I BELIEVE FACEBOOK ACTUALLY DOES DO THAT QUITE WELL IN THEIR UNIQUE BUSINESS MODEL BUT EVEN THEY ARE TRYING TO FIGURE OUT HOW TO GIVE TRANSPARENCY, ALL THE COMPANIES TRYING TO DO BETTER.

TO SAY IT'S KIND OF NOT OUT THERE, IT'S EVERYWHERE.

>> IF WE'RE HAVING A FREE FLOWING DEBATE, I'LL THROW SOMETHING IN HERE.

I DO FEEL THOUGH THAT PUTTING THE INDUSTRY WHO WANTS TO TRACK YOU IN CHARGE OF OPTING OUT OF TRACKING SEEMS LIKE PUTTING THE FOX IN THE HEN HOUSE.

HOW CAN I AS A CONSUMER TRUST YOU TO OPT ME OUT WHEN YOUR ENTIRE BUSINESS MODEL IS BASED ON TRACKING?

I JUST --

>> I DON'T LOOK AT IT THAT WAY.

I LOOK AT IT ABOUT IT'S THE UNIVERSE OF BUSINESSES THAT WANT TO DELIVER TO YOU EVERY DAY THE FREE E-MAIL SERVICES, THE FREE CONTENT, THE FREE OFFERING, THE UNPRECEDENTED ABILITY TO USE CONTENT, COMMUNICATIONS TOOLS YOU COULD NEVER DREAM OF BEFORE EVERYWHERE, EVERY SINGLE DAY OF THE WORLD.

THE PUBLIC LOVERS IT.

BY ANONYMOUSLY RESPONSIBLY COLLECTING ANNAN MUST COOKIE DATA FOR THE FACT YOU'RE INTERESTED IN CAR ADVERTISEMENT YOU MIGHT BE AN ENTHUSIAST. YOU MAKE IT SOUND LIKE TRACKING STALKING AND MURDER.

THIS IS NINE COOKIES ON YOUR COMPUTER TO SAY GEE THIS GUY SEEMS TO BE SHOPPING FOR CARS AND THERE'S A NEW HONDA IN THE MARKET.

>> HANG ON.

LET'S MAKE THIS A LITTLE LESS FREE FLOWING.

[LAUGHTER]

COME ON.

IT WILL BE FREE FLOWING ENOUGH, TRUST ME.

I KNOW WE HAVE A TENUOUS GRASP ON THIS SO LET'S PRETEND FOR A LITTLE WHILE.

YOU WANTED TO SPEAK FOR A WHILE. WHAT I PROPOSE IS WE KIND OF ALSO SET UP THE PRESENTATION OF YOUR RESEARCH WHICH WE WANT TO DO.

IS THAT OKAY IF I ASK YOU A QUESTION OR DO YOU WANT A QUICK

RESPONSE.

>> I WANT A QUICK RESPONSE  
ALTHOUGH THIS WAS SO MUCH FUN I  
DON'T KNOW IF I WANT TO BRING IT  
BACK TO BORING ACADEMIA.  
THERE IS A QUICK ACADEMIC  
RESPONSE.

SO IN ECONOMICS WE WE TEND TO --  
WE DON'T PAY TOO MUCH ATTENTION  
TO WHAT PEOPLE SAY WE WANT TO  
SEE HOW THEY ACT.

THIS IS A MECHANISM OF WHAT  
PEOPLE REALLY WANT.

THIS WORKS FOR MOST GOODS.  
HOWEVER, IT JUST HAPPENS THAT  
PRIOR SEE AS AN ECONOMIC GOOD IS  
A VERY PECULIAR ANIMAL.

IT SHARES THE CHARACTERISTICS OF  
WHAT THE ECONOMIES CALL AN  
INTERMEDIATE YEAH GOOD, A GOOD  
THAT YOU VALUE ONLY AS A STEP TO  
SOMETHING ELSE SUCH AS YOU  
ENROLL IN A COURSE AND YOU PAY  
FOR THE COURSE AND CERTIFICATE  
TO GET A JOB.

AND A FINAL GOOD, A GOOD THAT  
YOU VALUE YOURSELF SUCH AS GOING  
OUT FOR DINNER IN A NICE  
RESTAURANT.

AND DEPENDING ON WHICH ELEMENT  
OR SIDE WE FOCUS ON, CONSUMERS  
MAY ACT VERY DIFFERENTLY.

AS A FINAL GOOD, DEPENDING ON  
YOUR SUBJECTIVE PREFERENCES YOU  
MAY NOT CARE FOR PRIVACY AND  
LIVE YOUR LIFE AS AN OPEN BOOK  
OR CARE A LOT.

THE PROBLEM IS THAT EVEN IF YOU  
SAY THAT YOU DON'T CARE, YOU  
OFTEN OR YOU SAY YOU CARE, YOU  
OFTEN ARE IN A POSITION OF  
INFORMATION SYMMETRY IN TERMS OF  
WHAT IS REALLY HAPPENING TO YOUR  
DATA MUCH AS AN INTERMEDIA GOOD,  
SO PRIVILY AS A MEANS TO  
SOMETHING ELSE.

PRIVACY'S A PROTECTION FROM  
POTENTIAL COSTS DOWN THE ROAD  
WHICH MAY HAPPEN IF YOUR DATA IS  
ABUSED.

IDENTITY THEFT, DISCRIMINATION,  
HEALTHCARE DISCRIMINATION,  
PRICES DISCRIMINATION, SERVICES  
DISCRIMINATION.

THESE COSTS ARE NOT BORNE  
IMMEDIATELY.

WHEN YOU SHARE INFORMATION YOU  
GET IMMEDIATE BENEFIT OF THE  
LIKE, THE DISCOUNT, THE GIFT.

THE COST IS DOWN THE ROAD.

SOMETIMES IT'S NOT THERE BUT IT  
ARRIVES SOMETIMES IT'S WEEKS,  
MONTHS OR YEARS.

AND THIS MAKES IT VERY  
PROBLEMATIC TO RELY COMPLETELY  
ON SO-CALLED DBL PREFERENCES TO  
ASSESS WHAT SOMEONE WANTS.

>> DOES SOMEONE WANT QUICK  
RESPONSE BEFORE I GIVE IT BACK  
TO ALESSANDRO.

I REALLY ENJOYED THE FIRST PANEL  
I THOUGHT THEY DID A WONDERFUL  
JOB.

THERE ARE ONLY CRITIQUES I WOULD  
LODGE WHICH I LIKE SELF  
REFLECTION.

ONE I BELIEVE THERE ARE WOMEN  
WHO CAN SPEAK ABOUT THESE TOPICS  
AND I THINK WE SHOULD HAVE DONE  
A BETTER JOB PUTTING MORE ON THE  
PANEL.

[APPLAUSE]

TWO THESE THAT AWKWARD MOMENT  
WHERE WHAT THEIR ATTITUDES ARE  
AND HOW WE MEASURE THAT.

ALESSANDRO YOUR WORK IS MORE  
ABOUT NOTICE CONTROL  
TRANSPARENCY AND SO WE WERE  
HOPING YOU COULD PRESENT SOME OF  
THE FINDINGS WE FOUND.

IF YOU HAVE A POWER POINT,  
PLEASE GO AHEAD.

MAYBE.

>> FOR THE PANELISTS WE PRINTED OUT COPIES, THEY'RE IN FRONT OF YOU IF YOU WANT TO FOLLOW ALONG.

>> THANKS SO MUCH FOR ALLOWING ME TO PRODUCE THE SLIDES.

I'M NOT VERY GOOD EXPRESSING MYSELF SO I NEED THESE VISUAL AIDS.

ALSO BECAUSE MOST OF THE WORK WE DO IS EMPIRICAL, EXPERIMENTAL. WE TRY TO DO EXPERIMENTS TRYING TO UNDERSTAND WHAT CONSUMERS DO, WHAT THEY WANT.

AS A CAVEAT I WILL ADD THE PARTICULAR EXPERIMENTS WE'RE ABOUT TO SHOW ARE AGNOSTIC IN TERMS OF WHAT IS THE VALUE OF PRIVACY OR WHETHER PRIVACY SHOULD BE PROTECTED OR NOT. OR WHETHER CONSUMERS SHOULD PROTECT THEIR PRIVACY OR NOT. WE COMPLETELY STAY AWAY FROM THE QUESTION.

IT'S CRUCIAL, VERY IMPORTANT QUESTION.

WE STAY AWAY FROM IT.

WE SIMPLY FOCUS ON WHETHER CONSUMERS CAN, IF THEY WANT TO PROTECT THEIR PRIVACY CAN PROTECT IT UNDER CAUTIOUS APPROACHES.

IN PARTICULAR WE' FOCUS IN THESE TWO EXAMPLES I'M GOING TO SHOW YOU ON THE PROBLEM OF CONTROL AND TRANSPARENCY.

BECAUSE WE ARE FOCUSING ON TRANSPARENCY NOT AS A CONSENT, CONTROL IS MEANS OF ALLOWING, EMPOWERING USERS TO NAVIGATE AND WE WANTED TO SEE WHETHER THEY ARE MOST SYSTEMIC UNIVERSAL CHALLENGES AT THE CORE OF CONTROL AND TRANSPARENCY REGIMES.

WE OFTEN DO EXPERIMENTS WITH

MULTIPLE DIVERSE USERS.  
OF COURSE ONLY SHOW ONE EXAMPLE  
WHICH SET TO EXPERIMENT.  
THERE ARE MANY MORE WHERE IT  
COMES FROM.  
THE FIRST ONE IS THE PAIR  
DAWTION OF CONTROL.  
YOU MAY HAVE HEARD STORIES ABOUT  
WHEN THERE'S [INDISCERNIBLE]  
PEOPLE WEARING SEATBELTS, PEOPLE  
START DRIVING FASTER.  
SO YOU START TAKING A RISK.  
OR YOU FEEL MANY POWERED BY  
SOMETHING YOU START BECOMING  
OVERCONFIDENT.  
WE WANTED TO SEE WHETHER THIS  
APPLIES TO PRIVACY.  
IN OTHER WORDS RATHER THAN WHAT  
WE, WHAT THE CONVENTIONAL WISDOM  
IS MORE CONTROL MEAN MORE  
PRIVACY WHETHER IN FACT MORE  
CONTROL LEADS TO MORE EXPOSURE  
OF SENSITIVE INFORMATION TO MORE  
STRANGERS.  
SO WE DID SOME EXPERIMENTS.  
THE ONE I'M SHOIG WHICH IS A  
REDUCED VERSION OF WHAT WE DID.  
WE ASKED SUBJECTS TO ANSWER  
SENSITIVE QUESTIONS ABOUT  
THEMSELVES.  
AN EXAMPLE OF A SENSITIVE  
QUESTION WAS ARE YOU MARRIED.  
YES OR NO.  
HAVE YOU EVER USED DRUGS,  
COCAINE OR CRACK, YES OR NO.  
ONE GROUP OF SUFNLINGS THESE ARE  
RANDOMIZED EXPERIMENTS.  
WE RANDOMIZED SUBJECTS WITH  
DIFFERENT CONDITIONS.  
THEY BELIEVE THIS SURVEY THEY DO  
NOT KNOW IN REALITY IT'S AN  
EXPERIMENT.  
ONE GROUP OF SUBJECTS WERE TOLD  
HEY YOUR ANSWERS ARE VOLUNTARY.  
YOU'RE NOT COMPELLED TO ANSWER  
ANY OF THESE QUESTIONS HOWEVER

IF YOU DO ANSWER YOU'RE GIVING US PERMISSION TO PUBLISH YOUR ANSWER IN THE RESEARCH BULLETIN THAT WE WILL DO FOR THE RESULTS OF THE RESEARCH.

THE OTHER GROUP OF SUBJECTS SAW EXACTLY THE SAME QUESTIONS. ONLY THAT THEY ALSO SAW A BITS CHECK BOX THAT THEY HAD TO CHECK TO GIVER US EXPLICITLY PERMISSION TO PUBLISH THEIR ANSWER.

SO IN OTHER WORDS, WE MADE THEM FEEL EMPOWERED.

THEY HAD THE SAME LEVEL OF CONTROL AS THE SUBJECT IN THE FIRST GROUP ONLY THAT NOW THE CONTROL WAS MADE EXPLICIT.

NOW WE SUGGEST THAT BECAUSE THERE IS A SMALL [INDISCERNIBLE] CHECK THE BOX, THE SUBJECTS WILL NOT CHECK THE BOX WILL SIMPLY ANSWER THE QUESTION OR NOT, DEPENDING ON THEIR SUBJECT PREFERENCES.

BUT IN FACT OUR PARADOX OF CONTROL HYPOTHESES SUGGESTED THE OPPOSITE THAT PRECISELY BECAUSE WE PUT THE CHECK BOX THE SUBJECTS WILL CHECK IT AND WILL COME MORE LIKELY THAN TO ANSWER THE QUESTIONS.

AND THIS IS EXACTLY WHAT HAPPENED.

SO IN BLUE, WE HAVE THE FIRST PAGE OF ANSWERS OF QUESTIONS ANSWERED BY THE SUBJECTS IN THE SO-CALLED IMPLICIT COME DITION THE FIRST ONE I SHOWED YOU.

IN RED THE QUESTION ANSWERED BY THE GUYS IN THE SECOND EXCLUSIVE CONTROL CONDITION.

SPLITTING THE GROUPS, THE CONDITIONS INTO TWO GROUPS, LESS SENSITIVE OR LESS INTRUSIVE QUESTIONS ON THE RIGHT OF THE

SLIDES AND MORE SENSITIVE QUESTIONS.

SO YOU CAN SEE A STRONG [INDISCERNIBLE] IN THAT GIVING MORE EXPLICIT CONTROL WORKS PARTICULARLY STRONGLY FOR THE MORE SENSITIVE QUESTION, CAN EVEN DOUBLE THE PROPENSITY TO ANSWER THE QUESTIONS AND ALLOW THE PUBLICATION OF ANSWERS.

IN REALITY THERE WAS NO DIFFERENCE BETWEEN THE TWO GROUPS, ONLY THE SECOND THE POWER WAS MADE EXPLICIT. SO THE STORY IS MORE CONTROL CAN LEAD TO ACTUAL MORE DISCLOSURE OF SENSITIVE INFORMATION TO STRANGERS.

HOW ABOUT TRANSPARENCY. WE HAVE BEEN KNOWING FOR A WHILE THERE'S A LOT OF RESEARCH IN THIS AIR RAW THAT A CURRENT APPROACH FOR PRIVACY POLICY DOESN'T WORK AS WELL. THEY ARE NOT READ, THEY ARE LONG AND COMPLEX.

WE ARE TRYING TO BYPASS OR RESOLVE THIS ISSUE WITH A SIMPLER NOTICES SUCH AS [INDISCERNIBLE] BUT WHAT IF THERE IS A FUNDAMENTAL MORE SUSTAINING PROBLEM THAT WE ACTUALLY CANNOT EVEN AVOID [INDISCERNIBLE] WHAT IS THERE'S SOMETHING ABOUT TRANSPARENCY AND THE DECISION MAKING WHICH HAPPENS AFTER WE'RE BEING PROVIDED A NOTICE.

WHAT IF FACT WHAT WE ARE OBSERVING IS A SLATE OF PRIVACY LIKE A MAGICIAN WHICH ASK YOU TO FOCUS ON THE LEFT HAND SO THAT YOU DON'T SEE WHAT'S HAPPENING ON THE RIGHT HAND.

SPECIFICALLY WE DID THE FOLLOWING.

WE DID A NUMBER EXPERIENCE WHICH WE PROVIDED SIMPLIFYING NOTICES TO OUR SUBJECTS.

THIS PARTICULAR ONE WAS WITH STUDENTS, AND WE PROVIDE INFORMATION ABOUT HOW THE ANSWERS TO A SURVEY ABOUT THEM AT SCHOOL AND WE ASKED THEM IN SOME CASES SOME VERY SENSITIVE QUESTIONS.

NOW ONE GROUP WAS TOLD YOUR ANSWERS WILL BE EXAMINED BY A PANEL OF STUDENTS.

ANOTHER GROUP OVER SUBJECTS WE'RE TOLD YOUR ANSWERS WILL BE EXAMINED BY A PANEL OF STUDENTS AND FACULTY.

WE EXPECTED THAT THE SUBJECTS TOLD THAT THEIR ANSWERS WOULD BE ALSO SEEN BY FACULTY WILL BE LESS LIKELY TO ANSWER THE MORE SENSITIVE QUESTION

[INDISCERNIBLE] WHICH WILL MAKE SENSE, RIGHT.

BECAUSE IT INHIBITORS DISCLOSURE.

AFTER PROVIDING NOTICES WE STARTED ASKING THE QUESTION.

SO WHEN WE DO THIS, WE DID IN FACT FIND WHAT WE EXPECTED, WHICH IS THE SUBJECTS IN BLUE WHO WERE TOLD THAT THE ANSWERS WOULD BE AN SO SEEN BY FACULTY ARE LESS LIKELY TO ANSWER THE QUESTIONS.

THE SUBJECTS IN YELLOW WERE TOLD THAT ONLY STUDENTS WOULD SEE THE ANSWER.

WHAT I HAVE ON THE Y AXIS IS THE RESPONSE TO THE DIFFERENT QUESTIONS.

BUT HERE'S THE KEY.

LET'S SAY THAT NOW WE INSERT A DELAY BETWEEN THE TIME WE GIVE THE SIMPLE NOTICE.

THE ICON THAT TELLS YOU FACULTY

WILL READ OR ICON WHICH SAYS ONLY STUDENTS WILL READ. RATHER THAN IMMEDIATELY ASK THEM THE QUESTIONS, WE WAIT.

WHY?

BECAUSE ON-LINE BETWEEN THE TIME YOU READ THE NOTICE OR YOU SEE AN ICON AND YOU THE ACTUALLY HAVE TO DECIDE TO ENGAGE IN A PRIVATE OR SENSITIVE ACTION THERE IS SOME ELAPSE OF TIME. SO HOW LONG DO YOU THINK WE HAD TO WAIT TO NULLIFY THE INHIBITORY EFFECT OF GIVING A NOTICE, WHICH TELLS THE SUBJECT THE FACULTY WILL READ THE ANSWERS.

TEN MINUTES?

FIVE MINUTES?

ONE MINUTE?

HOW ABOUT 15 SECONDS?

SO 15 SECONDS IS ENOUGH TO NULLIFY THE FACT OF THE NOTICE.

OR IF WE ASK ALSO A PRIVACY RELEVANT QUESTION SUCH AS WOULD YOU LIKE TO JOIN A MAILING LIST.

SO IN OTHER WORDS WE REDIRECT ATTENTION AND THESE ALREADY REDUCES THE EFFECT OF THE NOTICE.

I'M NOT MAKING ARGUMENT ABOUT TRANSPARENCY AND CONTROL. ESPECIALLY CONTROL IS IMPORTANT I'M MAKING AN ARGUMENT AGAINST CONTROL USE ALONE, DISJOINTED FROM THE OCD, FIP.

THE PRIVACY PRINCIPLES TOLD US IMPORTANT THINGS SUCH AS SPECIFICATION, LIMITATION, OPENNESS, ACCOUNTABILITY. WE FOUND THOSE ADDITIONAL PRINCIPLES.

THE NOTICE OF CONTROL BECOME SO ALMOST MEANINGLESS.

THEY BECOME WEAK BECAUSE WE KNOW FROM OTHER RESEARCH THAT THE

FULL SETTINGS, FRAMES ARE SO MUCH MORE POWERFUL IN FEBRUARYING HOW PEOPLE BEHAVE. IN THE WORST CASE THEY BECOME EXAMPLE WHAT IN SOCIAL SCIENCE IN POLITICAL SCIENCE NOW IS STARTED TO BE CALLED A PROCESS OF RESPONSIBILITYIZATION WHICH IS A TERRIBLE TERM FOR A PROCESS OF PUSHING RESPONSIBILITY ON OTHER PEOPLE FOR A PROBLEM THAT YOU HAVE HERE.

THANKS.

[APPLAUSE]

>> SO AS A FOLLOW UP AND I WANT EACH OF THE OTHER FOUR PANELISTS TO RESPOND, LET'S BRING THE FOCUS BACK THEN TO COMPREHENSIVE DATA COLLECTION.

I THINK NEITHER ALESSANDRO NOR LORRIE PERPOURED TO DO RESEARCH ON THAT TOPIC.

AND SO I DON'T WANT TO PUT THE CART BEFORE THE HORSE WHEN IT COMES TO NOTICE.

IS NOTICE EVEN THE PROPER QUESTION WE SHOULD BE ASKING. THE FTC OBVIOUSLY IN IT'S REPORT FOR A DECADE HAS PUT A LOT OF FOCUS ON NOTICE AND MEANINGFUL CHOICE.

TO GIVE TEETH TO THIS, I MEAN LET'S TALK ABOUT SPECIFIC EXAMPLES.

SO PICK YOUR FAVORITE TOPIC WE'VE TALKED ABOUT.

IT COULD BE DPI, IT COULD BE THE BROAD SPREAD OF VA, IT COULD BE SPECULATIVE THAT DOESN'T HAPPEN LIKE OPERATING SYSTEM OR THE BROWSER.

NOTICE THE ANSWER.

SHOULD WE TURN TO MORE AND MEANINGFUL NOTICE AS THE WAY TO KIND OF REMEDY THE PRIVACY RISKS VERSUS THE [INDISCERNIBLE]

LORRIE, YOU FIRST.

>> WELL I THINK NOTICE BY ITSELF IS CLEARLY NOT THE ANSWER.

BUT I THINK NOTICE CAN BE PART OF AN ANSWER.

BUT I THINK AT THE VERY MINIMAL THE NOTICE HAS TO GO HAND IN HAND NOT WITH A REALLY MEANINGFUL CHOICE, AND I THINK THERE ALSO NEEDS TO BE A BACK STOP SO THAT YOU CAN'T DO THINGS THAT ARE JUST REALLY UNCONSCIONABLE AND SAY OH I GAVE YOU NOTICE, DID YOU READ IT.

SO I THINK THAT THAT IS IMPORTANT.

AND I THINK IN ADDITION TO THE RESEARCH, WE'VE ALSO DONE HAD THAT THE TIMING OF THE NOTICE IS REASONABLE.

YOU SHOW NOTICE AND PEOPLE ACT ON IT AND OTHER POINTS WHERE NOBODY'S PAYING ATTENTION.

CLEARLY ALSO THE FORMAT AND HOW WELL YOU COMMUNICATE WITH THE NOTICE.

AND THEN ALSO I THINK A BIG PROBLEM IN COMPREHENSIVE DATA COLLECTION IS THAT THE DATA COLLECTION IS HAPPENING ALL OVER THE PLACE AND ALL THE TIME.

I DON'T THINK WE WANT NOTICES ALL OVER THE PLACE AND ALL THE TIME.

AND SO IF NOTICE IS GOING TO BE PART OF THE SOLUTION, WE NEED TO FIND A WAY OF GIVING NOTICE THAT'S TIMELY AND RELEVANT BUT NOT ALL THE TIME OR WE'RE ALL GOING TO IGNORE IT.

>> STU YOU STOLE THE VIRTUES OF ICON PROBLEM.

YOU DECIDED NOTICE ISN'T IMPORTANT.

>> SEVERAL YEARS AGO WE WERE TOLD WE NEEDED TRAPS PARENCEY ALL

THE TIME AND WE'VE DELIVERED  
THAT IN A UBIQUITOUS WAYS.  
WE'RE SEEING GOOD RESULTS,  
TRILLIONS OF ICONS SERVED AND WE  
GOT INTO I THINK IT'S ALMOST TWO  
MILLION OPT OUTS, 20 MILLION  
PEOPLE.

I'M NOT SURE OF THESE NUMBERS  
BUT UNIQUE USERS HAVE GONE TO  
THE CHOICE PAGE AND MOST OF THEM  
ACTUALLY SPEND TIME THERE,  
DECIDE NOT TO EXERCISE THE  
CHOICE.

MAYBE IT'S ACTUALLY ALONG YOUR  
THEORY WHICH IS THEY SEE A  
REPUTABLE PROGRAM AND THIS IS  
GOOD, THESE ARE REPUTABLE BRANDS  
OF CLEARLY A LOT OF  
RESPONSIBILITY GOES INTO THE  
PROGRAM.

AS FAR AS YOU KNOW TO ANSWER THE  
QUESTION IS TRANSPERIENCE SEE  
ENOUGH.

WHEN WE DID THE DAA STANDARD AND  
OF COURSE IT'S ALWAYS EVOLVING  
WITH THAT RECOGNITION I THINK WE  
ACTUALLY DID DRAW A LINE FOR  
COMPREHENSIVE DATA COLLECTION  
WHICH WAS DIFFERENT STANDARD  
THAN WHAT WE HAD HAD FOR  
TRADITIONAL KIND OF AD NETWORKS.  
BUT WE WERE TECHNOLOGICALLY  
NEUTRAL, RIGHT.

SO WHETHER YOU WERE A  
TRADITIONAL ISP OR YOU WERE A  
BROWSER OR YOU WERE A PLUG-IN,  
IN YOU WERE GETTING THAT LEVEL  
OF COMPREHENSIVE DATA, WE HELD  
THINGS TO A HIGHER STANDARD.  
BUT I THINK WHAT YOU REALLY WANT  
IS A NOTICE THAT PEOPLE SEE SO  
THEY CAN GET TO WHATEVER CHOICE  
IT IS THAT YOU CAN, THAT IT'S  
OFFERED.

IN OUR STANDARDS, WE HAD AGREED  
THAT GEEZ WE NEED TO PULL

PRIVACY OUTSIDE OF A NOTICE.  
WE NEED TO PULL THAT  
TRANSPARENCY OUTSIDE OF A  
NOTICE.

WE DID THAT FOR AD NETWORK AND  
THOSE DISPLAYS AND WHERE YOU SEE  
IT EVERYWHERE.

WITH TRADITIONAL ISP'S OR EVEN  
PLUG-MS. AND OTHERWISE THERE  
WASN'T THE SAME ABILITY  
TECHNOLOGICALLY TO DO THAT.

SO WE HAD A SCENARIO WHERE  
INSTEAD OF GOING TO GET THAT  
UNIFORM CHOICE THAT'S NOW  
AVAILABLE, THERE WAS NO  
TRANSPARENCY TO SHOW HOW YOU  
COULD EVEN GET THERE.

THE STANDARD WE COALESCED AROUND  
WAS A LITTLE BIT OF HEIGHTENED  
STANDARD FROM ENHANCED NOTICE  
WHICH IS A CONSENT BUT IT WASN'T  
EXPRESSED INFORMATIVE OR OPT-IN  
CONSENT.

IT WAS A DEFINED TELLER WHICH  
WAS A FLAVOR HIGHER.

WHETHER THAT'S ULTIMATELY WHERE  
THE WORLD SHOULD GO OVER TIME WE  
DON'T KNOW.

WE'RE SEEING ALL KINDS OF GREAT  
CONCEPTS DISCUSSED WHERE PEOPLE  
THAT TRADITIONALLY PROVIDE  
DIFFERENT SERVICES REALLY CAN  
ADD LOTS OF VALUE TO ENRICH ALL  
OF OUR LIVES.

>> SO CHRIS, I THINK A LOT OF  
STU'S ANSWERS CIRCULATED AROUND  
THE FOLLOW UP I WAS GOING TO ASK  
YOU WHICH IS DOES IT REALLY  
DEPEND ON THE TYPE OF ISP OR  
SORRY PROVIDER THAT WE'RE  
TALKING ABOUT IN TIME ALL DAY  
LONG I THINK EVERY SPEAKER  
THAT'S SPOKEN HAS SAID WE SHOULD  
BE TECH NEUTRAL AND IT SHOULD  
NOT BE IN THE TECHNOLOGY AT ALL.  
WHAT'S YOUR TAKE ON DIFFERENT

FORMS OF COMPREHENSIVE DATA COLLECTION AND THE NEED FOR TRANSPARENCY AND NOTICE, THE POSSIBILITY FOR TRANSPARENCY AND NOTICE DE-- TRANSPARENCY AND NOTICE DEPENDING ON THE TIME.

>> TECHNOLOGY CHANGE SO FAST. I HAVE TO SAY THAT I THINK TRANSPARENCY OR THE LACK THEREOF, AND I WILL SAY I THINK IT'S FAILED UP TO THIS POINT AND NOT THROUGH LACK OF TRYING BY A LOT OF PEOPLE OVER A LONG PERIOD OF TIME.

BUT I DON'T THINK TRANSPARENCY OF ITSELF HAS WORKED VERY WELL. I THINK I OFFER A THEORY AS TO WHY THAT IS THAT WILL PROBABLY BE DISPUTED BY OTHERS ON THIS PANEL.

AND THAT IS PEOPLE DO NOT, WILL NOT LEARN ABOUT THINGS, WILL NOT ACTUALLY ENGAGE IN A PROCESS OF YOU KNOW TRYING TO LEARN ABOUT THINGS AND GET MORE TRANSPARENCY UNLESS THERE ARE OTHER RIGHTS THAT THEY CAN EXERCISE AS A RESULT.

AND UNLESS IT'S MEANINGFUL.

AND SO WHAT I MEAN BY THAT IS I AM NOT GOING TO BOTHER TO LEARN ABOUT A SYSTEM IF IT'S A TAKE IT OR LEAVE IT CHOICE.

I AM NOT GOING TO BOTHER TO LEARN ABOUT A SYSTEM IF I REALIZE THIS IS A SYSTEM RUN BY THE PEOPLE WHO ARE ACTUALLY DOING THE TRACKING, SO I DON'T TRUST THIS SYSTEM, AND SO I'M NOT GOING TO BOTHER TO DO THIS BECAUSE IT'S VERY CUMBERSOME. IT'S A POSITION NOT SHARED BY EVERYBODY BUT I BELIEVE UNTIL WE PROVIDE AN ADDITIONAL MEANINGFUL PARCEL OF RIGHTS AND I BELIEVE THAT HAS TO COME LEGISLATIVELY.

I DON'T BELIEVE SELF REGULATION  
CAN DO THAT.  
THOSE RIGHTS NEED TO BE IMPOSED  
BY LEGISLATION.  
ONCE THAT HAPPENS, CONSUMERS CAN  
ACTUALLY LEARN ABOUT THEIR  
CHOICES AND MAKE PHENOINGFUL  
CHOICES AND THEN I THINK  
TRANSPARENCY WILL HAVE A VERY  
IMPORTANT ROLE TO PLAY IN HOW  
THOUGH RIGHTS ARE EXERCISED ON  
EVERYTHING YOU SAID ON  
TRANSPARENCY AND NOTICE I WANT  
TO ADD ONE THING WHICH IS  
CHANGE.

A COMPANY LIKE MICROSOFT WILL  
HAVE PRACTICES ON DAY ONE,  
DIFFERENT PRAFERS A YEAR LATER.  
WHAT DO YOU FEEL ABOUT WITH  
PARTICULARLY COMPREHENSIVE DATA  
COLLECTION, HOW DOES THAT AFFECT  
YOUR CHOICES AT THE TIME OF  
CHANGE WHEN YOU DECIDE YOU WANT  
TO EMBRACE MORE COLLECTION THAN  
YOU HAVE IN THE PAST.  
THAT IS OUR HEIGHTENED NOTICE OR  
HEIGHTENED OBLIGATIONS, OR DUE  
DILIGENCE ON YOUR PART.  
WHAT HAPPENS.

>> I THINK THERE ARE BUT I WOULD  
PREFACE THAT BY SAYING WHAT I  
THINK OTHER PEOPLE HAVE SAID IS  
THAT TRANSPARENCY CHOICE IS ONE  
VERY DIFFICULT TO DO  
EFFECTIVELY.

PEOPLE CRITICIZE THE ICONS  
BECAUSE THEY'RE UBIQUITOUS AND  
THEREFORE EVERYBODY SEES THEM  
AND YOU IGNORE THEM.

PEOPLE CRITICIZE PRIVACY  
STATEMENTS BECAUSE THEY'RE TOO  
LONG AND MICHELLE OBAMA CAN  
SPEND THAT AMOUNT ONLY TIME TO  
READ ALL THE PRIVACY STATEMENTS  
THEY ENCOUNTER.

YOU KNOW, THERE'S LOTS OF WAYS

TO PROVIDE TRANSPARENCY.  
TRANSPARENCY IS CRITICAL.  
I ACTUALLY WILL DEFEND BOTH OF  
THOSE APPROACHES AND OTHERS.  
I THINK YOU NEED TO APPROACH  
TRANSPARENCY IN MULTIPLE WAYS.  
I THINK THE LONG PRIVACY  
STATEMENTS ARE IMPORTANT.  
WHEN I ASK PEOPLE TO SAY THEY  
SHOULD BE SHORT AND SIMPLIFIED I  
ASKED WHICH FACTS AM I CURRENTLY  
TELLING CONSUMERS WOULD YOU LIKE  
ME TO NOT TELL THEM.  
AND PEOPLE CAN'T POINT TO  
ANYTHING.  
EVEN THOUGH CONSUMERS DON'T READ  
THEM, FOCUS LIKE THE ACLU DO,  
JOURNALISTS DO, ACADEMICS DO AND  
IT PRIZE SOME LEVEL OF  
ACCOUNTABILITY FOR THE WATCH  
DOGS TO HAVE THAT FULL COMPLETE  
INFORMATION OUT THERE.  
THE FTC DOES, I WILL ATTEST TO  
THAT.

[LAUGHTER]

>> RIGHT.

YOU ASKED ABOUT CHANGE.  
SO WHEN PRACTICES CHANGE.  
FIRST OF ALL NOT ALL CHANGES ARE  
BAD ARE RIGHT.  
WE TALK ABOUT IN THIS ERA OF BIG  
DATA THAT SO OF THE REALLY  
BENEFICIAL USES OF DATA, YOU  
DIDN'T ANTICIPATE WHEN THAT DATA  
WAS COLLECTED.

YOU CAN DO SOME REALLY  
INTERESTING THINGS THAT ARE OF  
PUBLIC BENEFIT THAT ARE BENEFITS  
ECONOMICALLY THAT ARE BENEFITS  
TO END USERS.

AND SO CHANGE IS INEVITABLE.

IT'S PART AND PARCEL INNOVATION

[INDISCERNIBLE]

IF YOU HAVE COLLECTED DATA UNDER  
A PROMISE THAT WE WILL NOT DO X  
WITH DATA AND SUDDENLY YOU

DECIDE TO DO X, IN MY VIEW YOU NEED TO GET CONSENT FOR THAT. IF YOU WANT TO CHANGE THE PROGRAM GOING FORWARD AND SAY FROM THIS DAY FORWARD, THIS PRODUCT IS GOING TO WORK THIS WAY AND X IS NOW PART OF IT. YOU NEED TO GIVE A VERY PROMINENT NOTICE TO CURRENT USERS THAT THEY ARE AWARE OF THAT. YOU CAN'T TRICK PEOPLE. THAT'S CLASSIC SECTION 5 DECEPTION IF YOU GO ABOUT IT THE OTHER WAY.

>> YOU'RE BUILDING OFF MIKE'S COMMENTS AND SOME OF THE OTHER PANELISTS COMMENTS ABOUT HOW NOTICE IS TOUGH IN THIS AREA. ARE THERE OTHER PRINCIPLES THAT CAN HELP FACILITATE TRANSPARENCY SUCH AS CONSUMER ACCESS TO DATA? IS THERE A MEANS BY WHICH CONSUMERS SHOULD BE ABLE TO SEE THE INFORMATION THAT IS BEING COLLECTED ABOUT THEM?

>> AND WE'RE OF COURSE TALKING ABOUT OTHER FAIR INFORMATION PRACTICES.

I MEAN ARE THERE OTHER THINGS ON THAT PARTICULAR MENU THAT MIGHT WILL IN SOME OF THE VOID.

>> I THINK THERE IS. I CALL THEM ACTUALLY PROHIBITIONS.

I THINK THEY'RE THE TYPE OF THINGS ALESSANDRO WAS REFERRING TO AS THE HARM DOWN THE ROAD. AND I THINK IT ACTUALLY BACK TO YOUR STUDY, I THINK THAT ICONS AND OTHER SYMBOLS THAT GIVE PEOPLE CONFIDENCE THAT ARE DESIGNED TO GIVE PEOPLE CONFIDENCE FOR RESPONSIBLE PRACTICES ARE REINFORCED BE IT THROUGH LAW OR OTHERWISE. IF YOU REALLY IDENTIFY THE HARM

DOWN THE ROAD WE'RE TALKING ABOUT.

IN THE DAA CONTEXT WE SAID JUST A FLAT OUT PROHIBITION NOT EVEN WITH THE CONTENT.

CAN'T USE DATA FOR HEALTHCARE TREATMENT, FOR INSURANCE, FOR FINANCIAL DECISION-MAKING FOR EMPLOYMENT.

AND THERE PROBABLY ARE OTHERS THAT SHOULD BE ADDED AND WE PROBABLY OVER TIME WILL ADD TO THAT LIST.

BUT I THINK THAT, IF YOU REALLY TAKE OFF SOME OF THOSE HARMS DOWN THE ROAD, WE'RE ALL IN A BETTER PLACE.

>> IF I CANNING OWE THAT BECAUSE OF COURSE THAT'S A HUNDRED PERCENT TRUE.

I THINK ANY TIME WE CAN TAKE, WE CAN CAN FIFTH CONSUMERS ANOTHER MECHANISM TO DEAL WITH HARMS THEY SUFFERED, WE'RE IN A BETTER PLACE AS A SOCIETY.

THESE ARE VERY HARD HARMS HOWEVER TO PUT YOUR FINGER ON SOMETIMES.

I DIFFICULT TO KNOW WHETHER YOU GOT DIFFERENT INSURANCE RATE THAN SOMEONE ELSE FOR EXAMPLE. AND SO TO SAY THAT WE CAN DEAL WITH THE HARMS PERFECTLY I THINK IGNORES THE FACT THAT THE FTC CERTAINLY, MAYBE YOU DO HAVE THE STAFF TO DEAL WITH ALL THOSE POSSIBLE HARMS BUT I SUSPECT NOT.

SO THERE HAS TO BE OTHER INTERMEDIATE RIGHTS THAT ACCRUE. I MEAN ONE THAT I LIKE IS THE DUPE TRACK MECHANISM.

SOMETHING THAT'S ROBUST ENOUGH THAT IF I'M AS A CIVIL LIBERTARIAN AND SOMEBODY WHO CARES ABOUT THE FIRST AMENDMENT,

I CAN HIT A BUTTON AND KNOW THAT  
I CAN RESEARCH A SENSITIVE TOPIC  
OR I CAN RESEARCH RADICAL ISLAM  
WITHOUT WORRYING THAT THAT'S  
GOING TO PUT ME ON A TERRORIST  
WATCH LIST.

>> BUT OF COURSE LEGISLATING  
THAT MAY BE HARD.

>> STUART OR LORRIE.

>> ONE OF THE OCD PRINCIPLE WAS  
ACCOUNTABILITY.

AND WE HAVE HAD THESE PROBLEMS  
DEPENDING DEPENDING ON THE SIDE  
YOU'RE IN BUT COMPANIES HAVE  
VIOLATED THEIR OWN PRIVACY  
POLICIES OR REGULATION.

IN ABSENCE OF ACTUAL PROVEABLE  
ARM ACTUALLY NOT BEING  
CONSIDERED LIABLE.

SO WE ARE RELYING ON A MODEL  
WHERE YOU HAVE TO PROVE ACTUAL  
COSTS THAT TO ME WE'RE, THE  
PROBLEM OF PRIVACY'S GOING IS  
THAT IT'S LESS ABOUT A COST AND  
MORE ABOUT SURPLUS FROM THE DATA  
SUBJECT TO THE DATA OLDER.

IT'S NOT IDENTITY THEFT OR MAY  
BE IDENTITY THEFT BECAUSE WE  
WILL GET BETTER AND BETTER MAYBE  
FROM PROTECTING OURSELVES.

IT'S MORE ABOUT THE PRICE  
DISCRIMINATION SO THAT YOU ARE  
PAYING FOR A GOOD \$.05 MORE THAN  
THE NEXT PERSON.

AND AS CHRIS WAS MENTIONING, YOU  
DO NOT GIVE ENOUGH.

IN A FIELD THAT CURRENTLY WE ARE  
INCAPABLE TO CONSIDER, WHAT WE  
CONSIDER PRIVACY HARM BECAUSE  
UNLESS THERE IS SOME PROVEABLE  
CAUSE, SOME PROVEABLE DAMAGE,  
THERE IS A CAUSE FOR ACTION.

>> IF I COULD JUST PUSH BACK ON  
THAT A LITTLE BIT BECAUSE I'M  
SURE THIS ISN'T MY USUAL MODE  
BUT I'M SURE THERE ARE

ECONOMISTS IN THE AUDIENCE  
SAYING WAIT, ARE YOU SAYING THAT  
ALL PRICE DISCRIMINATION EQUALS  
HARM?

OR EQUALS PRIVACY HARM?  
BECAUSE YOU KNOW ON THE EARLIER  
PANEL THERE WAS A CONVERSATION  
ABOUT PRICE DISCRIMINATION BUT  
IT'S THE GOOD KIND OF  
DISCRIMINATION NOT THE BAD KIND  
OF CONVERSATION.

>> WHAT ABOUT --

>> I WANT TO HEAR ALESSANDRO  
ELABORATE A LITTLE BIT MORE.

>> SO THERE ARE THREE DEGREES OF  
PRICE DISCRIMINATION.

FIRST, SECOND AND THIRD.

AND THE FUNNY THINGS THAT WHEN  
WE START HAVING THESE DEBATES OF  
PRICE DISCRIMINATION, ONE-SIDED  
ARGUMENT IS TALKING ABOUT THE  
SECOND OR THIRD DEGREE.

AND THE OTHER PART OF THE  
ARGUMENT IS TALKING ABOUT THE  
FIRST DEGREE.

THE FIRST DEGREE IS WHEN EACH  
CONSUMER HAS A CERTAIN TYPE  
PREFERENCE HAS TO PAY FOR A GOOD  
AND IN THE EXTREME CASE OF  
[INDISCERNIBLE] IS CHARGED A  
PRICE EXACTLY AT THE LEVEL OF  
THE RESERVATION PRICE.

THAT IS PRICE EFFICIENT ONLY  
THAT ALL THE [INDISCERNIBLE]  
GOES FROM THE SUBJECT TO OLDER  
[INDISCERNIBLE] THE ARGUMENT  
INSTEAD AN ECONOMIST COULD MAKE  
IN DEFENSE OF PROIS

DISCRIMINATION IS OFTEN FOR  
SECOND OR THIRD DEGREE.

WHEN YOU SAY WELL WE ALLOW  
PEOPLE TO SAY VERY LITTLE FOR AN  
ECONOMY SEAT ON A FLIGHT BECAUSE  
WE ARE MAKING THE PROFESSIONALS  
WHO GO BUSINESS PAY VERY MUCH.  
AND THEREFORE IN A WAY THE

PROFESSIONAL ARE SUBSIDIZING THE LOW PRICE FOR THE COACH SEAT. BUT THEY ARE TWO DIFFERENT KINDS OF PRICE DISCRIMINATION. WHAT IS HAPPENING WITH TRACKING IS WE SEE MORE AND MORE FIRST DEGREE PRICE DISCRIMINATION BECAUSE SECOND DEGREE AND THIRD DEGREE CAN BE DONE FOR SELF SELECTION, SELF DEGREE OR FOR SHOWING MEMBERSHIP IN A CERTAIN GROUP, ELDERLY, YOUNG, MILITARY. WE FOUND IDENTIFICATION CASE ON THIS TRACKING BUT PRICING IS ABOUT FIRST DEGREE DISCRIMINATION.

>> I WILL FOLLOW UP ON A FEW POINTS.

SO I ACTUALLY AGREE WITH STUART ABOUT SOMETHING AMAZING, RIGHT. ON THE NEED TO HAVE LIMITATIONS OF CERTAIN TYPES OF USES AND I THINK IT'S GREAT THAT THE INDUSTRY GUIDELINES THAT SAY HEY THERE ARE CERTAIN THINGS YOU'RE NOT ALLOWED TO DO WITH THE DATA. I THINK THAT'S REALLY GOOD. I'M STILL CONCERNED THAT IT'S STILL, IT'S STILL JUST A GUIDELINE AND THERE MAY BE SOME COMPANIES THAT ARE NOT DOING WHAT THE INDUSTRY TELLS THEM THAT THEY SHOULD BE DOING. AND A LOT OF THESE GUIDELINES HAVE NOT BEEN VERY WELL ENFORCED AND IN MANY CASES NOT ENFORCED AT ALL LEGALLY AND IT'S NICE TO HAVE LEGAL WEIGHT BEHIND THESE THINGS AND NOT RELY ON SELF REGULATORY GUIDELINES. I ALSO WANTED TO PICK UP CHRIS MENTIONED ANOTHER SORT OF ALTERNATIVE TO A NOTICE. INSTEAD OF MAKING CONSUMERS LOOK AT NOTICES ALL THE TIME SET UP YOUR BROWSER WITH PREFERENCES

AND LET IT ACT AUTOMATICALLY.  
THAT'S A NICE IDEA.  
THERE'S A WHOLE CONVERSATION  
ABOUT THE TRACK I DON'T WANT TO  
GET INTO RIGHT NOW.  
I THINK ONE PARTICULAR ASPECT OF  
IT WAS THAT WAS VERY SIMPLE.  
I THINK IN THE FUTURE THIS  
COMPREHENSIVE DATA COLLECTION IS  
NOT GOING TO TAKE PLACE JUST  
WITH USERS SITTING IN FRONT OF A  
COMPUTER.  
IT WILL BE TAKING PLACE AS WE  
WALK AROUND THE WORLD  
EVERYWHERE.  
IT'S NOT NECESSARY ME YOU'RE  
GOING TO OWN LIKE ONE COMPUTER  
AND ONE BROWSER AND YOU CAN  
PRESS THE BUTTON AND IT MAY BEE  
THAT BILLBOARDS THAT YOU PASS  
AND YOUR SHOPPING CHART AND ALL  
THESE DEVICES YOU INTERACT WITH  
WILL BE TRACKING YOU IN ALL  
SORTS OF PLACES AND ALL SORTS OF  
DIFFERENT DATA.  
AND I THINK --  
>> SOUNDS AWESOME.  
[LAUGHTER]  
>> I THINK WE NEED TO THINK IN  
TERMS OF HOW USERS CAN BASICALLY  
HAVE AGENTS THAT PERHAPS  
REPRESENTS THEM IN THE WORLD AND  
CAN DEAL WITH ALL OF THESE  
NOTICES THAT THEY'RE GOING TO BE  
BOMBARDED WITH ALL THE TIME.  
>> I WANTED TO RESPOND TO THE  
INITIAL QUESTION WHETHER OR NOT  
WE NEED A BROADER RANGE OF FAIR  
INFORMATION PRACTICES.  
AND I THINK MANY PEOPLE HAD  
ALREADY SAID YES AND I JUST  
WANTED TO ADD MY VOICE TO THAT.  
I THINK THAT IN THE SCENARIOS  
THAT LORRIE HAS MENTIONED WHERE  
THERE'S MORE AND MORE UBIQUITOUS  
TRACKING OR DATA COLLECTION

THROUGH MORE AND MORE VEHICLES,  
WHETHER IT'S SENSORS OR VARIOUS  
TYPES OF DATA COLLECTION IN  
SHOPPING MALLS AND ON-LINE AND  
OFF LINE AND ALL OF THAT.

I THINK WE'RE GOING TO GET TO  
THE POINT WHERE, I THINK WE'RE  
PROBABLY AT THE POINT WHERE YOU  
CAN'T HAVE A NOTICE FOR  
EVERYONE.

I'M NOT GOING TO STOP MY CAR ON  
THE BRIDGE [INDISCERNIBLE]  
AND SO WE NEED TO THINK ABOUT A  
BROADER RANGE OF PREFERENCES,  
INCLUDING THE TRADITIONAL ONES  
THAT GO BACK YEARS AND YEARS.

COLLECTION LIMITATION.

YOU SHOULDN'T COLLECT MORE DATA  
THAN YOU REASONABLY NEED TO  
ACCOMPLISH THE PURPOSE FOR WHICH  
YOU'RE COLLECTING IT.

DATA RETENTION LIMITATIONS.

THINKING ABOUT WAYS TO MINIMIZE  
THE PRIVATE SEE IMPACT FROM THE  
BEGINNING THROUGH AWE  
NUMBIZATION.

MALL AND OTHERS HAVE WRITTEN  
ABOUT THAT'S NOT A PERFECT  
SOLUTION EITHER BUT YOU NEED TO  
THINK ABOUT ALL OF THESE THINGS  
AS PART OF THE TOOLKIT, RIGHT.  
AND YOU NEED TO THINK ABOUT USE.  
WE'RE NOT GOING TO STOP DATA  
COLLECTION.

IT'S GOING TO HAPPEN AND THERE'S  
GOING TO BE MORE AND MORE GOING  
FORWARD BUT WHEN YOU THINK ABOUT  
LIMITATIONS ON USE AND I THINK  
CONTEXT IS PART OF THAT AS MANY  
PEOPLE HAVE SAID.

SOME USES ARE JUST SO OBNOXIOUS  
WE SHOULD [INDISCERNIBLE]

>> THANK.

I WANT TO MOVE INTO A MORE  
FOCUSED DISCUSSION ON CHOICE AND  
CONTEXT AS YOU MENTIONED, MIKE.

IN OUR PRIVACY REPORT AS HAS BEEN DISCUSSED NUMEROUS TIMES TODAY, WE THE FTC INCLUDED A DISCUSSION THAT COMPANIES DON'T NEED TO PROVIDE CHOICE BEFORE COLLECTING AND USING CONSUMER DATA FOR PRACTICES THAT ARE CONSISTENT WITH THE CONTEXT, THE TRANSACTION OR THE COMPANY'S RELATIONSHIP WITH THE CONSUMER. THIS BECOMES PARTICULARLY COMPLICATED IN THE AREA OF COMPREHENSIVE DATA COLLECTION BECAUSE AS COMMISSIONER [INDISCERNIBLE] TALKED ABOUT EARLIER TODAY IN HER OPENING REMARKS THAT A LOT OF THIS COLLECTION IS HAPPENING IN THE BACKGROUND RUNNING BEHIND THE SCENES.

SO THERE MIGHT NOT BE A ONE A ONE RELATIONSHIP WITH THE CONSUMER.

SO I'D LIKE THE PANEL TO TALK A LITTLE BIT ABOUT HOW THE PRINCIPLE OUTLINED IN OUR REPORT APPLIES TO THE COMPREHENSIVE COLLECTION DATA MODEL OR DOES IT.

>> I'LL TAKE THE FIRST SHOT AT IT.

MY SENSE IS I THINK THAT [INDISCERNIBLE] PEOPLE MAY HAVE A DIFFERENT VIEW BUT I THINK THAT'S REALLY A USE PRINCIPLE, PERMITTING USE PRINCIPLE FROM THE OTHER [INDISCERNIBLE] I THINK WE'RE LAYING OUT CHOICE AND I DON'T WANT TO DIGRESS AND DO NOT TRACK EITHER BUT I THINK THERE'S A SIMPLICITY OF CHOICE WHERE YOU CAN HAVE ONE BUTTON THAT CAPTURES A WHOLE PRODUCT OF SERVICES.

HE THINK THE COMPONENTS OF THAT TYPE OF SOLUTION AND DO NOT

TRACK FAVOR THAT.  
THERE'S ALSO MUCH MORE GRANULAR CHOICES YOU CAN LOOK AT SOME OF THE SETTINGS BY [INDISCERNIBLE] WHERE YOU CAN CHOOSE HOW, WHAT THE INFERENCE IS ABOUT YOUR [INDISCERNIBLE] AND KIND OF HAVE SOME OF THE FLEXIBILITY.  
IN THE DAA PROGRAM WE FOR MANY YEARS IN THE FTC STAFF AS WE WORKED ON IT ALWAYS SAID DO IT ONE AT A TIME.  
ULTIMATELY THERE WAS A REGULAR ANYTHING.  
IT WAS THE SAME EXACT PRACTICE NOT DRIVING THROUGH A TOLL BOOTH IN THE SAME PRACTICE BY A COMPANY MANY PEOPLE HEARD IT. YOU SHOULD ALLOW BOTH. YOU PICK THE COMPANY AT THE TIME.  
IF YOU SAW A BRAND NAME ON THERE YOU LIKE YOU CAN CHECK IT.  
THERE'S ONE BUTTON WHERE THE CONSUMER CAN GO NOW CHRIS AND DO YOUR FIRST AMED RESEARCH WITH ONE BUTTON AND IT WORKS TODAY FOR ANYONE WHO HAS THAT CONCERN AND IT'S WORKING INTO THE MILLIONS OF PEOPLE.  
SO TO ME YOU CAN HAVE, YOU HAVE PERMITTED USES, YOU HAVE PROHIBITED.  
AND THEN IN BETWEEN YOU HAVE TO HAVE FLAVORS.  
>> I WANT, I WOULD LOVE TO ASK A FOLLOW UP BECAUSE YOU STARTED MAKING IT SOUND LIKE YOU WERE SAYING THE ONE STOP SHOP NATURE OF DO NOT TRACK IS NOT SUFFICIENT AND THEN YOU ENDED IT TOUTING THE BENEFITS OF THE ONE STOP SHOPPING IN THE OPT OUT. THE DIFFERENCE IN DEGREE.  
>> RIGHT THE LET ME CLARIFY A LITTLE BIT.

I THINK IT IS SUFFICIENT ONE  
STOP SHOP.

I THINK YOU HAVE TO HAVE FLAVORS  
BUT IT'S ONE STOP SHOP IN WHAT  
SECTOR, RIGHT.

SO I DON'T THINK ONE STOP SHOP  
FOR CLICK STREAM DATA SHOULD  
ALSO APPLY TO WHETHER YOU DID A  
CATALOG AT HOME OR WHETHER YOUR  
TOLL BOOTH IS CHECKING YOUR  
METER.

THOSE ARE DIFFERENT THINGS,  
RIGHT.

AND SO I DON'T THINK WE'RE  
BENEFITING TODAY BY JUST SAYING  
LET'S HAVE A PARANOIA BUTTON,  
THE ONE BUTTON, THAT'S NOT  
MOVING THINGS FORWARD.

IT'S LIKE WE HAVE TO FIGURE OUT  
WHERE THE AREAS, WHERE ARE  
THINGS SO SIMILAR THAT IT MAKES  
SENSE.

WHERE ARE AREAS THAT ARE  
DIFFERENT THAT YOU NEED  
DIFFERENT FLAVORS.

>> LET ME JUST GET OTHER PEOPLE  
INVOLVED CONSISTENT WITH THE  
CONTEXT CONVERSATION.

THAT'S WHY FTC -- HERE'S MY  
OTHER HAT.

THE PRIVACY REPORT WHICH I THINK  
ACTUALLY IS A MASTERFUL JOB PUTS  
A LOT OF WEIGHT ON THIS QUESTION  
OF CONSISTENT WITH THE CONTEXT.

AND FRANKLY, MY INITIAL  
INCLINATION IS EVERYONE THINKS  
IT'S A GREAT IDEA.

WHEN EVERYONE THINKS IT'S A  
GREAT IDEA I AGAIN TO SUSPECT  
THEY ALL THINK IT MEANS  
DIFFERENT THINGS.

WHAT'S CONSISTENT WITH THE  
CONTEXT WHEN IT COMES TO  
COMPREHENSIVE COLLECTION MEANS  
TO YOU.

IF I CAN BE MORE PROVOCATIVE

BIT, IS CONSISTENT WITH THE  
CONTEXT ADVERTISING SUPPORTED,  
INTERNET SERVICE SUPERVISION IN  
IS THAT CONSISTENT WITH THE  
CONTEXT?

WELL OF COURSE WE'RE GOING TO  
TURN DPI ON BECAUSE THAT'S HOW  
WE'RE GOING TO GIVE YOU A BREAK  
ON YOUR MONTHLY CABLE BILL.

IS THAT CONSISTENT WITH THE  
CONTEXT OF CABLE PROVISION?  
OR HOW DO WE DECIDE?

GIVE US ADVICE NOW THAT WE'VE  
SAID THERE'S AN IMPORTANT PHRASE  
GIVE US ADVICE ON HOW WE  
INTERPRET THAT IMPORTANT PHRASE.

I'M A LAW PROFESSOR SO I'M  
ALLOWED TO CALL ON YOU.

>> QUICKIE, I DON'T ACTUALLY  
AGREE CONSISTENT WITH WITH A THE  
CONTEXT.

I THINK YOUR FIRST QUESTION WAS  
THERE WERE CERTAIN PERMITTED  
USES SO I AGREE WITH THAT.

IT DEPENDS.

THERE'S SOMETIMES WHEN WE DERIVE  
IMMINENCE SOCIETAL VALUE ON  
FIGURING DATA PATTERNS OUT THAT  
HAD NOTHING TO DO WITH WHY THE  
DATA WAS COLLECTED THAT'S  
USEFUL.

IF WE'RE GOING TO RESTRICT THAT  
I THINK WE'RE GOING TO RESTRICT  
SOME OF THE MAGIC IN THE WORLD  
THAT WE'RE FIGURING OUT.

>> WE SHOULD JUST IGNORE THE  
CONTEXT.

>> SOMETIMES IT WORKS BUT  
SOMETIMES IT DOESN'T.

I DON'T THINK IT'S JUST AS CLEAN  
AS A BRIGHT LINE.

>> I THINK CONSISTENT WITH THE  
CONTEXT IS VERY BROAD, AND  
PROBABLY TOO BROAD.

I THINK THAT THE ORIGINAL LIST  
OF FIVE POINTS WAS MUCH MUCH

MORE NARROW.

AND I THINK THERE'S A NOTION OF  
KIND OF ABSOLUTELY REQUIRED FOR  
THE TRANSACTION THAT I'M DOING.

WHICH STILL CAN BE  
MISINTERPRETED OR INTERPRETED IN  
MULTIPLE WAYS.

BUT I THINK THE NOTION THAT WHEN  
I BUY A PRODUCT ON-LINE, CLEARLY  
YOU NEED MY INFORMATION SO YOU  
CAN BILL ME AND SO YOU CAN  
DELIVER IT TO MY HOUSE.

AND I THINK THERE'S PROBABLY  
PRETTY GOOD COME SENSES THAT  
THOSE ARE ESSENTIAL TO THE  
TRANSACTION.

AND THEN YOU SAY OKAY WHAT ABOUT  
SENDING ME A CATALOG SO I WOULD  
WANT TO BUY MORE THINGS.

I COULD SEE A MARKETER SAYING  
WELL YOU'RE OUR CUSTOMER AND YOU  
LIKE OUR PRODUCT SO PART OF THE  
TRANSACTION IS SENDING A NEW  
CATALOG.

I CAN SEE CONSUMERS SAYING NO  
THIS IS A ONE TIME THING.

THE CATALOG WASN'T PART OF THE  
DEAL SO THAT'S NOT PART OF THE  
TRANSACTION.

>> WHAT IF IT'S EVERYBODY WE'VE  
NOTICED A LOT OF PEOPLE BUYING  
DIME TAP OR SOME FLU MEDICATION  
AND WE'VE DISCERNED THAT WHEN  
THAT'S HAPPENING PEOPLE ACTUALLY  
BUY A LOT MORE ORANGE JUICE SO  
WE'RE RUNNING OUT ON THE ORANGE  
JUICE FROM GROCERY STORES.  
SHOULD WE HAVE THAT DATA TO  
DELIVER ORANGE JUICE.

>> THAT'S A GOOD QUESTION.  
I DON'T THINK THE FTC'S  
DEFINITION ALLOWS US TO ANSWER  
THAT.

SO I THINK WHAT THE GUIDANCE  
THAT THE FTC HAS GIVEN IS WAY  
TOO VAGUE FOR ANYBODY TO DO

ANYTHING WITH.

>> I DON'T THINK IT'S WAY TOO VAGUE TO DO ANYTHING WITH IT. I THINK IT'S TOO VAGUE TO BE THE SOLE ANSWER TO DIFFERENT PRIVACY QUESTIONS.

>> THERE ARE LOTS OF OTHER ANNALS -- ANSWERS IN THE REPORT.

>> WHEN I GO BACK TO THE OFFICE AND GET MULTIPLE QUESTIONS A DAY ABOUT SHOULD WE DO THIS OR SHOULD WE DO THAT.

THAT CONTEXT AND CONSUMER EXPECTATIONS IS CERTAINLY A VERY BIG FACTOR THAT GOES INTO THOSE DECISIONS.

IT'S NOT THE ONLY FACTORS, THOUGH.

AND I THINK THAT WHEN I THINK ABOUT THAT CONCEPT, I THINK ABOUT IT QUITE BROADLY.

I THINK ABOUT IT IN TERMS OF DIFFERENT DEGREES.

WE CERTAINLY DON'T WANT TO DO ANYTHING THAT WHEN PEOPLE LEARN ABOUT IT, THEY'RE GOING TO BE FREAKED OUT OR SURPRISED IN A NEGATIVE WAY.

I DON'T THINK THE ORANGE JUICE EXAMPLE WOULD FREAK PEOPLE OUT OR SURPRISE THEM IN A NEGATIVE WAY.

I THINK THAT'S PROBABLY A GOOD USE AND THAT KIND OF USE CAN BE DONE BY THE WAY WITH IDENTIFIED DATA.

YOU DON'T NEED TO KNOW I BOUGHT DIME TAP AND THEREFORE I'M GOING TO BY ORANGE JUICE YOU JUST NEED TO KNOW A LOT OF PEOPLE BOUGHT DIME TAP.

WHEN YOU'RE MAKING PRODUCT DESIGN DECISIONS AND YOU'RE MAKING DECISIONS ABOUT ANY ACTIVITY THAT'S GOING TO IMPACT PRIVACY.

YOU NEED TO TAKE ACCOUNT THE CONTEXT, YOU NEED TO TAKE INTO ACCOUNT WHAT CONSUMER REACTION'S GOING TO BE TO IT AND THERE ARE MANY MANY THINGS YOU CAN DO TO IMPACT THAT.

WHETHER IT'S DONE IN AN IDENTIFIABLE OR IDENTIFIED WAY. WHETHER IT'S DONE USING, YOU KNOW, WHETHER YOU HAVE GIVEN PEOPLE A CHOICE IN SOME CASES. WHAT KIND OF NOTICE DO YOU GIVE THEM.

THERE ARE SO MANY THINGS TO GO INTO IT'S HARD TO BOIL IT DOWN.

>> IF I COULD, SOMETIMES I FEEL LIKE THE DEBATE IN THIS AREA OF BIG DATA GENERALLY TURNS INTO A MORE OF A BOY THIS DATA IS REALLY COOL AND WE CAN DO A LOT WITH IT.

AND THE WE IS NOT GENERALLY THE CONSUMER, IT'S GENERALLY SOMEONE WHO IS APRILING AND WANTED TO DO SOMETHING TO THE CONSUMER.

THE EXAMPLE THAT I THINK OF HERE I THINK THIS COMES FROM A "NEW YORK TIMES" STORY BECAUSE THEY LEARN A LOT ABOUT YOU AND THEY CAN TARGET YOU DIRECTLY.

AND THEY KNOW YOUR INCOME LEVEL FOR EXAMPLE.

THEY CAN LEARN WHETHER I CHRIS CALABRESE CAN BE ENTICED INTO A TARGET WITH A \$10 OR \$20 COUPON BECAUSE THEY KNOW HOW MUCH MONEY I'M MAKING.

IF I'M GETTING THE \$1 COUPON I WILL NEVER HAVE THE CHANCE FOR \$10 COUPON RIGHT BECAUSE THEY KNOW THEY DON'T NEED TO GIVE THAT TO ME.

NOW THAT TO ME IS PRICE DISCRIMINATION.

I BELIEVE IT'S ENORMOUSLY PROBLEMATIC BECAUSE I DO THINK

IT REALLY HARM THE CONSUMERS  
ESPECIALLY IF YOU MAKE LESS  
MONEY.

>> WHAT IF THE PERSON MAKE IS  
LEE MONEY GOT THE \$10 COUPON.

>> BUT THEY DON'T.

>> THEY DO.

ACTUALLY THEY DO.

>> YOU'RE TELLING ME THAT  
TARGET'S GOING TO GIVE --

>> I'M NOT TALKING ABOUT TARGET,  
JUST GENERALLY.

>> WHY?

I MEAN IF I KNOW YOU MAKE  
\$20,000 AND YOU'LL COME SHOP  
WITH IT --

>> BECAUSE IN MANY CASES THEY  
WANT TO MOVE VOLUME AND THEY  
KNOW THAT PEOPLE YOU MAY NOT  
REACH A PRICE POINT THAT SOMEONE  
WILL BUY.

IT'S THE SAME REASON YOU HAVE  
SALES.

IT'S THE SAME PRICES GET LOWERED  
GENERALLY.

OUR ECONOMIST TO SPEAK TO THIS.  
RIGHT?

I MEAN WHY IS IT THAT CERTAIN  
CELL PHONES ARE SOLD AT LOWER  
PRICES.

IT'S BECAUSE AFTER THEY'RE  
STARTED AT HIGH PRICES IT'S  
BECAUSE MORE PEOPLE CAN COME IN  
AND BUY THEM.

>> I WILL BE HAPPY -- JUST IF I  
CAN FINISH ONE THOUGHT.

I DO BELIEVE WHEN YOU COLLECT  
INFORMATION, YOU DON'T OWN IT.  
THE CONSUMER STILL OWNS THE  
INFORMATION WITHOUT ATTACHING  
PROPERTY LEGALISTIC CONCERNS TO  
IT AND YOU ARE A SHEPHERD OF  
THAT INFORMATION.

YOU SHOULD USE IT IN THE MINIMUM  
AMOUNT POSSIBLE.

YOU SHOULD ANONYMIZE IT AS MUCH

AS POSSIBLE.

YOU SHOULD KEEP IT AS LITTLE AS POSSIBLE.

AND YOU SHOULD ESSENTIALLY BE SERVING THE CONSUMER WHEN YOU ARE OWNING YOUR DATA.

SO TO THE HE CAN TENT DE-- EXTENT DECISIONS ARE MADE THAT DON'T DO THAT I BELIEVE YOU'RE WRONG.

I BELIEVE INFORMATION ASYMMETRY DOES NOT SERVE THE CONSUMER I THINK IT SERVE THE SELLER.

>> ON THE NOTION OF YOU SHOULD SERVE THE CONSUMER, I AGREE. AND I AWE SO THINK YOUR BROADER POINT IS YES DATA COULD BE MISUSED.

I DON'T KNOW WHETHER YOUR EXAMPLE I THINK PEOPLE PROBABLY COME OUT IN DIFFERENT PLACES ON IT AND I THINK PART OF THE CHALLENGE IS JUST FIGURING OUT WHAT'S A MISUSE, WHAT'S A BENEFIT.

IT'S COMPLEX.

>> PROBABLY SHOULD LET THE CONSUMER FIGURE IT OUT.

>> I THINK ALESSANDRO'S BEEN WAITING TO COMMENT.

THEN I HAVE A QUESTION FROM THE AUDIENCE.

>> TWO COMMENTS.

ONE ABOUT THE PRICE DISCRIMINATION AGAIN.

TO ME IT SEEMS LIKE IT'S CLEAR AND PERHAPS INEVITABLE.

WE ARE TRACKING WILL BE USED MORE AND MORE JUST FOR ADVERTISING BUT THEY NEED IT FOR PRICE DISCRIMINATION.

THE TYPE OF PRICE DISCRIMINATION THAT WE WILL SEE INCREASINGLY IN THE MARKET PRICE ARE FIRST DEGREE PLIES DISCRIMINATION.

WHICH MEAN EACH CONSUMER HAS A

CERTAIN RESERVATION PRICE FOR A SPECIFIC GOOD AND WILL BECOME BETTER AND BETTER AT PINPOINTING THE BEST RESERVATION PRICE. THE SECOND POINT IS A MORE ABOUT PAUL WHAT YOU'RE MENTIONING IN TERMS OF WHEN YOU HEAR EVERYONE AGREE ON THE TERM OF BEING CONCERNED.

YOU MADE ME THINK ABOUT THE KIPLING POEM, THERE'S THIS BEAUTIFUL LINE, IF YOU CAN KEEP YOUR HEAD WHEN ALL ABOUT YOU ARE LOSING THEIRS, YOU'RE A MAN MY SON.

I DON'T KNOW IF YOU EVER SEEN THE MURPHY'S LAW VERSION, WHICH IS IF YOU CAN KEEP YOUR HEAD WHEN ALL ABOUT YOU ARE LOSING THEIRS, IT MEANS YOU DIDN'T GET THE PROBLEM.

AND SO IT'S THE PRIVACY.

IF YOU BELIEVE THAT ONE TERM, ONE CONCEPT CAN ALL ALL THE CONFLICT PRIVACY PROBLEMS, MAYBE WE DIDN'T GET THE PROBLEM.

>> RIGHT, THANKS.

I'M GOING TO MOVE ON TO A QUESTION FROM THE AUDIENCE. TALKING ABOUT THE FIRST VERSUS THIRD PARTY DISTINCTION.

IT'S BEEN TALKED QUITE A BIT IN THE LITERATURE.

DOES THAT HOLD UP WHEN APPLIED TO LARGE DIVERSIFIED SUCH AS GOOGLE WITH ITS AD NETWORK SEARCH TV ETCETERA.

DO CONSUMERS REALLY UNDERSTAND THIS?

AND HOW DOES THAT AFFECT THEIR UNDERSTANDING OF THEIR RELATIONSHIP WITH THE ENTITY?

>> YES.

I THINK CONSUMERS ARE FAIRLY CONFUSED ABOUT THIS POINT. ONE OF THE THINGS THAT WE FOUND

IN OUR INTERVIEWS WITH CONSUMERS IS WHEN WE TALKED TO THEM ABOUT WHO WAS TRACKING THEM AND HOW, THEY SAID WELL WHEN I GO TO GOOGLE AND I'M ON THEIR SEARCH ENGINE SITE AND I SEARCH FOR SOMETHING, I UNDERSTAND THAT THE ADS I'M GOING TO SEE ARE DIRECTLY RELATED TO MY SEARCH.

I UNDERSTAND WHEN I GO TO FACEBOOK AND TELL THEM MY AGE AND JERNLD AND WHERE I LIVE THAT THE ADS I SEE ARE GOING TO BE RELATED TO THAT.

WHEN WE SAY WELL WHAT ABOUT ON OTHER SITES.

HOW DO YOU THINK YOU GET GOOGLE ADS OR GOOGLE ADS OR WHATEVER ON OTHER SITES.

THEY HAD NO IDEA AND THEY HAD NO CONCEPT TO THE ACTIVITIES THEY DID ON ONE SITE WAS GOING TO FOLLOW THEM AROUND TO OTHER SITES.

AND THEY WEREN'T ASSOCIATING GOOGLE ACTING AS A THIRD PARTY ON THESE OTHER SITES.

>> I THINK MANY CONSUMERS DO UNDERSTAND IT.

BUT TO THE EXTENT SOME DON'T, I DON'T THINK IT'S NECESSARILY THE RIGHT QUESTION.

I MEAN IT'S PART OF THE QUESTION.

THE QUESTION IS DO CONSUMERS BENEFIT FROM THAT SHARING OF DATA.

IN MY LIFE AND WHAT I DO AS A CONSUMER, CATEGORICALLY YES, TREMENDOUS BENEFIT.

THAT'S WHY THERE'S THIS CONTINUED OFFERING OF SERVICES. AND THEN EVEN WITHIN ONE COMPANY LIKE IF YOU LOOK AT THE DAA STANDARD FOR EXAMPLE, THE EXTENT DIFFERENT COMPANIES ARE ACTING

IN DIFFERENT CAPACITIES EITHER AS A SERVICE PRIORITY, IF THEY COMBINED THEM THEY WIND UP BEING TREATED TO BE MORE RESTRICTIVE STRARD.

IT'S NOT ALL THIS GEEZ IT'S JUST BENEFITING THE COMPANIES IF YOU FIND DATAS IN DIFFERENT CONTEXT. THERE ARE FURTHER RESTRICTIONS.

>> LET ME ADD UP TO THAT.

I'M NOT GOING TO ARGUE THAT WHAT YOU SAID IS INCORRECT.

I'M GOING TO ARGUE THAT WE CANNOT REALLY KNOW WHETHER THE STATEMENT IS CORRECT OR INCORRECT.

WHAT I MEAN IS THE FOLLOWING.

YOU HAVE AN ADVERTISEMENT.

IS IN ECONOMIC TERMS ESSENTIALLY REDUCTION OF A TRANSACTION COST.

YOU ARE ALREADY SPENDING 30 MINUTE LOOKING FOR A PRODUCT.

YOU HAVE THIS PRODUCT APPEARING TO YOU WHICH MAGICALLY HAPPENS TO MEET EXACTLY THE CRITERIA OF SOMETHING YOU ARE LOOKING FOR AT LEAST THIS IS WHAT WE BELIEVE.

THE COUNTERPART IS THAT WE DON'T KNOW WHETHER THE CUSTOMER, HOW LONG SHE WILL HAVE SPENT TO FINDING A SIMILAR PRODUCT OR PERHAPS AN EVEN BETTER PRODUCT OR PERHAPS A BETTER AND CHEAPER PRODUCT.

WE DON'T HAVE THE [INDISCERNIBLE] AND THEREFORE WE CANNOT REALLY CONCLUDE RIGHT NOW HOW GOOD FOR CONSUMERS BEHAVIORAL TARGETING IS.

>> WE DO KNOW FOO A FACT AND ECONOMIC STUDIES SHOW IF CONSUMER AREN'T AWARE OF A PRODUCT WHEN THEY'RE MAKING THEIR CHOICES THAT THEY ARE NOT WELL SERVED.

AND SO OFTEN WHEN THERE'S

BEHAVIORAL ADVERTISING DONE,  
YOU'RE TELLING PEOPLE ABOUT A  
PRODUCT OR SERVICE THEY WANT AT  
THE TIME THEY'RE INTERESTED IN  
THAT THEY MAY NEVER HAVE HEARD  
ABOUT BEFORE.

AND THE ADVENT OF THIS  
TECHNOLOGY HAS SOLVED THAT  
PROBLEM ECONOMICALLY IN MORE  
WAYS.

>> MAYBE MY MOMENT WASN'T CLEAR.  
WHAT WE HAVE IS A REDUCTION OF  
TRANSACTION COSTS.

I APOLOGIZE.

SEARCH COSTS.

YOU SPEND LAST TIME SEARCHING.  
ON THE OTHER SIDE THEY SHOW UP  
FOR THE CONSUMER.

MAYBE THE CONSUMER SPENT FIVE  
MINUTES MORE MAYBE ONE HOUR MORE  
WHICH IS A COST BUT FOUND  
SOMETHING WHICH EVEN BETTER FIT  
THE CONSUMER NEED.

MAYBE EVEN A LOWER PRICE.

THIS IS THE VERY DIFFICULT  
QUESTION TO TREAT ECONOMICALLY.

IT'S INCREDIBLY DIFFICULT.

THE ECONOMISTS ARE THERE TRYING  
TO QUANTIFY THAT BECAUSE IT'S  
COMPLICATED.

BUT I THINK IT'S A CRUCIAL  
QUESTION.

>> COULD YOU LIST THE UNSERIOUS  
ECONOMISTS.

>> BUT I MEAN I THINK THE OTHER  
PART OF THE QUESTION IS THE  
SUGGESTION SEEMS TO BE ON THE  
TABLE THAT WERE IT NOT FOR  
BEHAVIORAL ADVERTISING THE  
ENTIRE INTERNET WOULD BECOME  
LIKE A WASTELAND.

WE WOULD BE RUNNING AROUND WITH  
OUR MICE.

SO THE QUESTION IS --

>> I THINK ALESSANDROMENTS ALESSANDROMENTS --  
ALESSANDRO'S POINT.

STUDY THIS MORE.  
LIKE THE COMPANIES THAT HAVE  
OTHER DATA SHARE IT WITH US OR  
STUDY IT YOURSELF AND RELEASE  
THE STUDY RESULTS AND ALESSANDRO  
I'M SURE AGAIN WILL TAKE  
FUNDING.

I DON'T KNOW WHY I'M PLAYING  
MATCH MAKER WITH THE GRANTS.  
ANYONE ELSE ON THIS POINT?

>> I WANTED TO JUST TAKE ANOTHER  
QUESTION FROM THE AUDIENCE THAT  
WE WERE TALKING ABOUT CHOICE AND  
WHETHER OR NOT THERE'S CONSUMER  
HARM WHEN IT COMES TO LACK OF  
CHOICE.

THIS QUESTION IS ABOUT THE DAA'S  
PRINCIPLE.

IT SAYS IF AS UNDER THE DAA'S  
PRINCIPLES AN ENTITY COLLECTING  
ALL OR ALMOST ALL CONSUMER DATA  
MUST GET MEANINGFUL CONCEPT TO  
THIS COLLECTION, WHAT IS THE  
HARM OR OBJECTION?

>> WHAT'S THE HARM OR OBJECTION.

>> YOU DON'T MEAN THE HARM TO  
THE COLLECTION YOU MEAN THE  
HOLLER TO THE CONSENT?

AYE.

ANSWER EITHER ONE.

>> I'M NOT SURE THERE'S A HARM  
ACTUALLY AT ALL.

IN FACT I'M NOT AWARE OF ANY  
PRACTICES THAT WOULD CAUSE A  
HARM.

THE WAY WE APPROACHED IT AND  
KIND OF COMING UP WITH THAT IS  
WE WERE TRYING TO PROVIDE A WAY  
TO ENSURE TRANSPARENCY.

AND PEOPLE IN THAT FUNCTIONALITY  
DIDN'T HAVE A DIRECT  
RELATIONSHIP IN THAT CONTEXT  
WITH EITHER THE CONSUMER IN THAT  
CONTEXT THEY DO IN OTHER CONTEXT  
AND PROVIDE THEM WITH THE  
UNDERLYING SERVICE, FOR EXAMPLE.

OR THEY DIDN'T HAVE A DIRECT RELATIONSHIP OR WERE NOT IN PRIVY IN ANY WAY, INDIRECTLY BUT IN PRIVY WITH THE PUBLISHER. WE'RE TRYING TO FIND THE MEANS OF HIGH LIGHTING THE TRANSPARENCY.

I DON'T BELIEVE THERE WOULD BE A HARM AND I COULD HIGHLIGHT A LOT OF POTENTIAL BENEFITS.

>> I'M NOT SURE I UNDERSTAND [INDISCERNIBLE] I'M NOT SURE I CAN PROVIDE THE BEST ANSWER, BUT IF THE QUESTION IS IF YOU PROVIDE MEANINGFUL CONSENT BEFORE DOING ALL COLLECTION, THERE IS NO HARM?

OR I MEAN IS THAT ESSENTIALLY THE QUESTION WE'RE ASKING THAT YOU CAN'T DO HOLLER IN YOU GOT MEANINGFUL CONSENT.

>> I THINK THAT'S THE QUESTION, YES.

IF THE USER GIVES CONSENT, THEN

...

>> OKAY.

I THINK THE ANSWER TO THAT IS OF COURSE THEY CAN.

SOMEONE CAN ALWAYS HARM YOU WITH THAT INFORMATION AND PERHAPS WE BELIEVE THOUGH THAT THOSE PRACTICES SHOULD BE ILLEGAL.

I MEAN SOMEONE COULD STILL DISCRIMINATE UPON YOU BASED ON INFORMATION THAT YOU PROVIDED IN A WAY THAT YOU THINK IS INAPPROPRIATE.

SO I THINK THE ANSWER IN THAT CONTEXT IS OBVIOUSLY YES.

I THINK THERE ARE SORT OF CONSUMER HARM QUESTIONS.

THERE'S A WHOLE OBVIOUSLY GRAY AREA WE SPEND A LOT OF TIME COVERING WHERE IT'S NOT CLEAR THAT THERE'S THAT KIND OF DIRECT HARM.

AND OF COURSE I BELIEVE IN THAT  
CONTEXT THAT A CONSUMER HAVING  
GIVEN MEANINGFUL CONSENT  
OBVIOUSLY DESERVES THE BENEFIT  
OF THE DOUBT, DESERVE TO HAVE  
THEIR INFORMATION USED ROBUSTLY  
AND TRY TO BENEFIT FROM THESE  
SERVICES THAT ARE BEING PROVIDED  
AND POTENTIALLY NEW THINGS THAT  
COME FROM THESE DATA.

SO YOU KNOW, I WOULD SAY WE WANT  
TO TRUST THE CONSUMER HERE.

I THINK MEANINGFUL CONCEPT  
OBVIOUSLY CAN BE A CONCEPT THAT  
CAN BE SOMEWHAT DIFFICULT TO  
QUANTIFY.

BUT I THINK THAT'S --

>> WE DID TALK ABOUT THE BACK  
STOP OF -- POSSIBLE REGULATIONS  
AND THINGS LIKE THAT AS KIND OF  
A MEANS FOR CONTROLLING EXACTLY  
WHAT YOU'RE TALKING ABOUT.

>> JUST TO GO BACK TO THE  
DECISION MADE EARLIER BETWEEN  
PRIVACY IS A FINAL GOOD AND  
PRIVACY AS AN INTERMEDIATE YEAH  
GOOD.

SOMEVELY ONE PERSON MAY NOT CARE  
AND ANOTHER PERSON MAY CARE.

AND THAT'S TOTALLY FINE.

THAT'S THE PREFERENCES.

PRIVACY IS AN INTERMEDIATE YEAH  
GOOD LEADING TO SPECIFIC  
BENEFITS SUCH AS REDUCTION IN  
THE COST NEEDED TO FIND A  
PRODUCT.

OR SPECIFIC COSTS SUCH AS CRISES  
INTERNATIONAL WHERE  
[INDISCERNIBLE] THESE BENEFITS  
AND COSTS ARE COMPLETELY  
INDEPENDENT OF YOUR SUBJECTIVE  
PREFERENCES.

WHAT I'M TRYING TO SAY WHEN YOU  
CONSENT YOU PROBABLY CONSENT  
BASED ON YOUR SUBJECTIVE  
PREFERENCES FOR I DON'T CARE

BEING TRACKED OR I VERY MUCH  
RESENT SOMEONE KNOWING  
EVERYTHING I GO ON-LINE.  
REGARDLESS OF THE PREFERENCES  
WHETHER THEN YOU WERE IN DEED  
SUBJECT TO CERTAIN COSTS AND  
BENEFITS.  
THESE TRADEOFFS ARE INDEPENDENT  
OF YOUR SUBJECTIVE PREFERENCES.  
UP TO A POINT.  
>> SO WE HAVE ABOUT A MINUTE,  
WHICH MEANS LET'S TAKE THREE  
MINUTES TO FINISH UP.  
SO I'M GOING TO ASK A QUESTION  
BUT I'M GOING TO ALSO GIVE YOU  
ONE LAST OPPORTUNITY TO OPINE ON  
ANYTHING THAT'S BEEN SAID AS  
WELL.  
WE'RE NOT GOING TO GIVE YOU A  
SECOND ROUND AFTER THIS.  
BUT THE QUESTION IS THIS.  
THE QUESTION IS, SHOULD THE  
AGENCY AS IT THINKS ABOUT  
COMPREHENSIVE DATA COLLECTION  
THINK ABOUT THE COMPETITIVE  
LANDSCAPE?  
RIGHT.  
SO SHOULD OUR ASSESSMENT OF ANY  
PARTICULAR PRACTICE TURN ON  
COMPETITIVE ALTERNATIVES,  
LOCK-IN, NETWORK EFFECTS.  
I'M GUESSING MOST OF YOU WILL  
SAY YES BUT ELABORATE ON THAT.  
TO WHAT DEGREE SHOULD THAT  
MATTER.  
COMMISSIONER [INDISCERNIBLE]  
TALKED ABOUT WE SHOULD HAVE A  
LEVEL PLAYING FIELD, WE  
SHOULDN'T BE PICKING WINNERS AND  
LOSER.  
SO WHAT'S THE ANSWER.  
DOES COMPETITION OR THE LACK  
THEIR MATTER AS WE THINK ABOUT  
THIS AND THEN ALSO ANYTHING ELSE  
YOU WANT TO ADD, THIS IS YOUR  
LAST CHANCE.

I'LL START WITH YOU AGAIN.

>> WELL, I THINK WE FOUND THAT COMPETITION IN THE PRIVACY SPACE HASN'T REALLY WORKED VERY WELL BECAUSE IT'S SO DIFFICULT FOR USERS TO UNDERSTAND THE PRIVACY TRADEOFFS.

SO I DON'T THINK WE SHOULD RELY ON COMPETITION AS THE ANSWER IN THIS SPACE OR PROBABLY ANY SPACE WHEN WE DEAL WITH PRIVACY.

>> I THINK WE SHOULD MAKE SURE THAT THE MARKETPLACE KIND OF PICKS WINNERS OR LOSERS ON PRODUCTS, EVEN TIED TO DATA FLOWS AND THAT WE SHOULD BE CAREFUL NOT TO PICK A TECHNOLOGY OR SOME MEANS OF DATA COLLECTION OR WHOEVER COLLECTING THE DATA TO SAY GEEZ YOU SHOULDN'T DO IT BECAUSE YOU'RE IN THAT PARTICULAR ROLE, MORE OF THE NEUTRALITY SINCE WE DO GET A CHANCE TO SAY SOMETHING ELSE. THE ONE THING I HAVEN'T MENTIONED YOU HEARD A TIDBIT OF BENEFIT HERE BUT ONE OF THE THINGS I THINK WE NEED AS A BUSINESS COMMUNITY AND INTENDING TO DO IS DO A BETTER JOB. WE HEARD A LOT ABOUT HARMS BUT DO A BETTER JOB EXPLAINING ALL THE BENEFITS.

ONE OF THE INITIATIVES AND HOPEFULLY IN FUTURE PANELS THEY HAVE AN INITIATIVE CALLED THE DATA DRIVING MARKETING INSTITUTE TO CATEGORIZE SOME OF THE BENEFITS.

SOME OF WHAT'S MISSING IN THE DEBATE IS WE'VE IDENTIFIED SOME HARMS.

WE'VE GOT SOME ANECDOTAL BENEFITS BUT WE NEED MORE DETAILS IF THERE'S GOING TO BE POLICY DECISIONS BEING MADE.

>> WELL, COMPETITION AND FREE MARKET DO NOT IMPLY THE ABSENCE OF LEGISLATION.

LEGISLATION IS WHAT SETS THE RULES, FRAMEWORK LIKE THE REFEREE WHICH KEEPS THE PLAYERS HONEST.

WE NEED BOTH COMPETITION AND RULES.

>> CHRIS.

>> HE STOLE MINE.

WE HAVEN'T MENTIONED APPS.

I THINK THEY'RE AN INTERESTING MARKETPLACE WHERE YOU MAY HAVE A POTENTIAL AREA TO COMPETE BECAUSE PEOPLE ARE LITERALLY CHOPPING FOR A TYPE OF SOFTWARE AND DOWN LOADING IT ONE TIME AND MAY BE ABLE TO CHOOSE BETWEEN THINGS.

IF YOU CAN PROVIDE THEM MEANINGFUL CLARITY YOU MAY ALLLY BE ABLE TO COMPETE ON SOMETHING LIKE PRIVACY.

I WILL SAY ALL OF THIS NEEDS TO BE UNDER PINNED BY LEGAL PROTECTIONS.

YOU SEE THE AREAS WHERE WE AGREE EXAMINE PASS SOME GENERAL LEGAL PROBASICS I THINK THAT ESTABLISHES TRUST IN THE MARKETPLACE AND I THINK THAT BENEFITS CONSUMERS.

>> AND FOR THE LAST.

>> I THINK COMPETITION CLEARLY HAS A ROLE.

IN MANY CASES WE TRIED TO COMPETE WITH PRIVACY, RUN ADS ON PRIVACY TO MAKE THAT A COMPETITIVE ISSUE.

AT THE SAME TIME, THERE ARE AREAS OR SITUATIONS WHERE THERE'S A LACK OF COMPETITION.

I THINK THAT DOES GO INTO THE WHOLE CONTEXT QUESTION AND WHAT CONSUMERS EXPECT.

I THINK CONSUMERS WITH PROBABLY  
FEEL MORE UNCOMFORTABLE WITH A  
COMPANY BEING AGGRESSIVE ON DATA  
COLLECTION [INDISCERNIBLE] SO I  
THINK IT'S IMPORTANT ISSUE LIKE  
EVERYTHING HERE [INDISCERNIBLE]  
>> SO WITH THAT, I THINK WE HAVE  
ANOTHER BREAK UNTIL 3:15.  
BUT BEFORE WE LET YOU GO TO  
THAT, PLEASE JOIN KATIE AND ME  
IN THANKING THE PANELISTS.  
[APPLAUSE]  
[RECESS]
