Warning Regarding Assisting and Facilitating Illegal Robocalls Related to Coronavirus/COVID-19

Dear Mr. Khan:

Staff at the Federal Trade Commission ("FTC") is investigating companies and individuals that may be involved in illegal robocalls capitalizing on the Coronavirus/COVID-19 pandemic. Many of these robocalls prey upon consumer fear of the pandemic to perpetrate scams or disseminate disinformation. FTC staff have reason to believe that one or more of your customers may be involved in such illegal telemarketing campaigns.

Please review this letter and the attached documents in detail. By March 30, 2020, please send an email to Ian Barlow and James Evans, attorneys in the FTC's Division of Marketing Practices, describing the specific actions you have taken to ensure your company's services are not being used in Coronavirus/COVID-19 robocall schemes. Their email addresses are: <u>ibarlow@ftc.gov</u> and <u>james.evans@ftc.gov</u>.

This letter provides information about FTC laws, regulations, and enforcement actions that may bear upon your business activities. In particular, the FTC has previously brought robocall enforcement actions against companies that provided illegal robocallers with Voice over Internet Protocol ("VoIP") services and access to telephone numbers such as direct inbound dial numbers. The FTC brought these enforcement actions under the Federal Trade Commission Act ("FTC Act"), 15 U.S.C. § 45, and the Telemarketing Sales Rule ("TSR"), 16 C.F.R. Part 310. The FTC Act prohibits unfair or deceptive acts and practices, and the TSR prohibits deceptive and abusive telemarketing practices, including the use of prerecorded messages.

In addition, section 310.3(b) of the TSR prohibits any person from "assisting and facilitating" certain conduct.¹ Under that provision, "it is unlawful for any person or entity to provide substantial assistance or support to a seller or telemarketer when that person or entity knows or consciously avoids knowing that the seller or telemarketer is engaged in any act or practice that violates Sections 310.3(a), (c), or (d), or Section 310.4 of the TSR," which prohibit, among other conduct, the following:

- Making a false or misleading statement to induce any person to pay for goods or services or to induce a charitable contribution (16 C.F.R. § 310.3(a)(4));
- Misrepresenting a seller or telemarketer's affiliation with any government agency (16 C.F.R. § 310.3(a)(2)(vii));
- Transmitting false or deceptive caller ID numbers (16 C.F.R. § 310.4(a)(8));
- Initiating or causing the initiation of calls that deliver prerecorded messages, unless the person called provided the seller express written permission to call (16 C.F.R. § 310.4(b)(v)); and
- Initiating or causing the initiation of telemarketing calls to numbers listed on the National Do Not Call Registry, unless the person called provided express written permission to receive calls from the seller or the seller had an existing business relationship with the person called (16 C.F.R. § 310.4(b)(iii)(B)).

The FTC can obtain civil penalties for TSR violations. Each illegal call is subject to a maximum civil penalty of \$43,280. *See* 16 C.F.R. § 1.98(d). In addition, a violation of the TSR is a violation of Section 5 of the FTC Act. *See* 15 U.S.C. §§ 6102(c), 57a(d)(3), 45(a). Accordingly, the FTC has authority to seek both preliminary and permanent injunctive relief to address violations of the TSR. *See* 15 U.S.C. § 53(b). The FTC may also seek the refund of money or payment of damages to address violations of the TSR. *See* 15 U.S.C. § 57b(b).

Combatting illegal robocalls is a top priority for the FTC,² with a particular focus on robocalls involving Coronavirus/COVID-19. As part of its robocall enforcement efforts, the FTC has brought assisting and facilitating claims against technology companies that knowingly provided software and servers used by illegal robocallers, even though these technology companies did not contract directly with the illegal robocallers. *See FTC v. James B. Christiano*, No. 8:18-cv-00936 (C.D. Cal. filed May 31, 2018).

We also want to bring to your attention that the FTC recently sued a VoIP service provider for allegedly violating the TSR, 16 C.F.R. Part 310. In that case, *FTC v. Educare*, the FTC alleged that defendant Globex Telecom, Inc. assisted and facilitated telemarketers it knew, or consciously avoided knowing, were violating the TSR's prohibitions on calls delivering

¹ A copy of the TSR is attached as Appendix A.

² In fiscal year 2019, the FTC received more than 5.4 million complaints about unwanted calls, including more than 3.7 million robocall complaints. The FTC maintains an interactive Tableau Public web page that publishes details about do not call complaints on a quarterly basis. See public.tableau.com/profile/federal.trade.commission#!/vizhome/DoNotCallComplaints/Maps.

prerecorded messages. *See FTC v. Educare Centre Services, Inc.*, No. 3:19-cv-00196-KC (W.D. Tex. Am. Compl. filed Dec. 3, 2019).³

The FTC has business educational materials that can assist you in complying with the TSR and information about the FTC's efforts to protect consumers from scams involving Coronavirus/COVID-19. *See* <u>ftc.gov/tips-advice/business-center/guidance/complying-telemarketing-sales-rule</u> and <u>ftc.gov/coronavirus</u>.

In addition to understanding FTC regulations and the FTC's December 2019 action against a provider of VoIP services, you should be aware that in January 2020, the United States Department of Justice ("DOJ") brought two civil actions against VoIP companies and their owners. In those cases, DOJ alleged that the defendants were committing and conspiring to commit wire fraud by knowingly transmitting robocalls that impersonated federal government agencies. *See* justice.gov/opa/pr/department-justice-files-actions-stop-telecom-carriers-who-facilitated-hundreds-millions.

Again, it is important to review this letter and the attached documents in detail. We look forward to receiving your email response by March 30, 2020, describing the specific actions you have taken to ensure your company's services are not being used in Coronavirus/COVID-19 robocall schemes. As noted above, please send the email to Ian Barlow and James Evans, attorneys in the FTC's Division of Marketing Practices. You may also contact them with any questions regarding compliance with the FTC Act or the TSR. Their contact information is: Ian Barlow, <u>ibarlow@ftc.gov</u>, 202-326-3120, and James Evans, <u>james.evans@ftc.gov</u>, 202-326-2026.

Sincerely,

/s/Lois C. Greisman

to induce the purchase of goods or services or a charitable contribution, by use of one or more telephones and which involves more than one interstate telephone call. The term does not include the solicitation of sales through the mailing of a catalog which: contains a written description or illustration of the goods or services offered for sale; includes the business address of the seller; includes multiple pages of written material or illustrations; and has been issued not less frequently than once a year, when the person making the solicitation does not solicit customers by telephone but only receives calls initiated by customers in response to the catalog and during those calls takes orders only without further solicitation. For purposes of the previous sentence, the term "further solicitation" does not include providing the customer with information about, or attempting to sell, any other item included in the same catalog which prompted the customer's call or in a substantially similar catalog.

An "internal upsell" is a solicitation made by or on behalf of the same seller as in the initial transaction, regardless of whether the initial transaction and subsequent solicitation are made by the same telemarketer.

(iv) In any prize promotion, the odds of being able to receive the prize, and, if the odds are not calculable in advance, the factors used in calculating the odds; that no purchase or payment is required to win a prize or to participate in a prize promotion and that any purchase or payment will not increase the person's chances of winning; and the no-purchase/no-payment method of participating in the prize promotion with either instructions on how to participate or an address or local or tollfree telephone number to which customers may write or call for information on how to participate;

§310.3

(A) the amount of time necessary to achieve the represented results, and to the extent that the service may include a settlement offer to any of the customer's creditors or debt collectors, the time by which the debt relief service provider will make a bona fide settlement offer to each of them;

(B) to the extent that the service may include a settlement offer to any of the customer's creditors or debt collectors, the amount of money or the percentage of each outstanding debt that the customer must accumulate before the debt relief service provider will make a bona fide settlement offer to each of them;

(C) to the extent that any aspect of the debt relief service relies upon or results in the customer's failure to make timely payments to creditors or debt collectors, that the use of the debt relief service will likely adversely affect the customer's creditworthiness, may result in the customer being subject to collectors, and may increase the amount of money the customer owes due to the accrual of fees and interest; and

(D) to the extent that the debt relief service requests or requires the customer to place funds in an account at an insured financial institution, that the customer owns the funds held in the account, the customer may withdraw from the debt relief service at any time without penalty, and, if the customer withdraws, the customer must receive all funds in the account, other than funds earned by the debt relief service in compliance with \$310.4(a)(5)(i)(A) through (C).

(2) Misrepresenting, directly or by implication, in the sale of goods or services any of the following material information:

(x) Any material aspect of any debt relief service, including, but not limited to, the amount of money or the percentage of the debt amount that a customer may save by using such service; the amount of time necessary to achieve the represented results; the amount of money or the percentage of each outstanding debt that the customer must accumulate before the provider of the debt relief service will initiate attempts with the customer's creditors or debt collectors or make a bona fide offer to negotiate, settle, or modify the terms of the customer's debt; the effect of the service on a customer's creditworthiness; the effect of the service on collection efforts of the customer's creditors or debt collectors; the percentage or number of customers who attain the represented results; and whether a debt relief service is offered or provided by a non-profit entity.

(3) Causing billing information to be submitted for payment, or collecting or attempting to collect payment for goods or services or a charitable contribution, directly or indirectly, without the customer's or donor's express verifiable authorization, except when the method of payment used is a credit card subject to protections of the Truth in Lending Act and Regulation Z,⁶⁶¹ or a debit card subject to the protections of the Electronic Fund Transfer Act and Regulation E.662 Such authorization shall be deemed verifiable if any of the following means is emploved:

(i) Express written authorization by the customer or donor, which includes the customer's or donor's signature;⁶⁶³

(ii) Express oral authorization which is audio-recorded and made available upon request to the customer or donor, and the customer's or donor's bank or other billing entity, and which evidences clearly both the customer's or 16 CFR Ch. I (1–1–18 Edition)

donor's authorization of payment for the goods or services or charitable contribution that are the subject of the telemarketing transaction and the customer's or donor's receipt of all of the following information:

(A) An accurate description, clearly and conspicuously stated, of the goods or services or charitable contribution for which payment authorization is sought;

(B) The number of debits, charges, or payments (if more than one);

(G) A telephone number for customer or donor inquiry that is answered during normal business hours; and

(H) The date of the customer's or donor's oral authorization; or

(iii) Written confirmation of the transaction, identified in a clear and conspicuous manner as such on the outside of the envelope, sent to the customer or donor via first class mail prior to the submission for payment of the customer's or donor's billing information, and that includes all of the information contained in §§310.3(a)(3)(ii)(A)-(G) and a clear and conspicuous statement of the procedures by which the customer or donor can obtain a refund from the seller or telemarketer or charitable organization in the event the confirmation is inaccurate; provided, however, that this means of authorization shall not be deemed verifiable in instances in which goods or services are offered in a transaction involving a free-to-pay conversion and preacquired account information.

(4) Making a false or misleading statement to induce any person to pay for goods or services or to induce a charitable contribution.

 $^{^{661}}$ Truth in Lending Act, 15 U.S.C. 1601 et seq., and Regulation Z, 12 CFR part 226.

⁶⁶² Electronic Fund Transfer Act, 15 U.S.C. 1693 *et seq.*, and Regulation E, 12 CFR part 205.

⁶⁶³ For purposes of this Rule, the term "signature" shall include an electronic or digital form of signature, to the extent that such form of signature is recognized as a valid signature under applicable federal law or state contract law.

(b) Assisting and facilitating. It is a deceptive telemarketing act or practice and a violation of this Rule for a person to provide substantial assistance or support to any seller or telemarketer when that person knows or consciously avoids knowing that the seller or telemarketer is engaged in any act or practice that violates §§310.3(a), (c) or (d), or §310.4 of this Rule.

§310.4 Abusive telemarketing acts or practices.

(a) Abusive conduct generally. It is an abusive telemarketing act or practice and a violation of this Rule for any seller or telemarketer to engage in the following conduct:

(1) Threats, intimidation, or the use of profane or obscene language;

(2) Requesting or receiving payment of any fee or consideration for goods or services represented to remove derogatory information from, or improve, a person's credit history, credit record, or credit rating until:

(i) The time frame in which the seller has represented all of the goods or services will be provided to that person has expired; and

(ii) The seller has provided the person with documentation in the form of a consumer report from a consumer reporting agency demonstrating that the promised results have been achieved, such report having been issued more than six months after the results were achieved. Nothing in this Rule should be construed to affect the requirement in the Fair Credit Reporting Act, 15 U.S.C. 1681, that a consumer report may only be obtained for a specified permissible purpose;

(3) Requesting or receiving payment of any fee or consideration from a person for goods or services represented to recover or otherwise assist in the return of money or any other item of value paid for by, or promised to, that person in a previous transaction, until seven (7) business days after such money or other item is delivered to that person. This provision shall not apply to goods or services provided to a person by a licensed attorney;

(4) Requesting or receiving payment of any fee or consideration in advance of obtaining a loan or other extension of credit when the seller or telemarketer has guaranteed or represented a high likelihood of success in obtaining or arranging a loan or other extension of credit for a person;

(5)(i) Requesting or receiving payment of any fee or consideration for any debt relief service until and unless:

(A) The seller or telemarketer has renegotiated, settled, reduced, or otherwise altered the terms of at least one debt pursuant to a settlement agreement, debt management plan, or other such valid contractual agreement executed by the customer;

(B) The customer has made at least one payment pursuant to that settlement agreement, debt management plan, or other valid contractual agreement between the customer and the creditor or debt collector; and

(C) To the extent that debts enrolled in a service are renegotiated, settled, reduced, or otherwise altered individually, the fee or consideration either:

(1) Bears the same proportional relationship to the total fee for renegotiating, settling, reducing, or altering the terms of the entire debt balance as the individual debt amount bears to the entire debt amount. The individual debt amount and the entire debt amount are those owed at the time the debt was enrolled in the service; or

(2) Is a percentage of the amount saved as a result of the renegotiation, settlement, reduction, or alteration. The percentage charged cannot change from one individual debt to another. The amount saved is the difference between the amount owed at the time the debt was enrolled in the service and the amount actually paid to satisfy the debt.

(ii) Nothing in §310.4(a)(5)(i) prohibits requesting or requiring the customer to place funds in an account to be used for the debt relief provider's fees and for payments to creditors or debt collectors in connection with the renegotiation, settlement, reduction, or other alteration of the terms of payment or other terms of a debt, provided that: 16 CFR Ch. I (1–1–18 Edition)

(A) The funds are held in an account at an insured financial institution;

(B) The customer owns the funds held in the account and is paid accrued interest on the account, if any;

(C) The entity administering the account is not owned or controlled by, or in any way affiliated with, the debt relief service;

(D) The entity administering the account does not give or accept any money or other compensation in exchange for referrals of business involving the debt relief service; and

(E) The customer may withdraw from the debt relief service at any time without penalty, and must receive all funds in the account, other than funds earned by the debt relief service in compliance with \$310.4(a)(5)(i)(A)through (C), within seven (7) business days of the customer's request.

(6) Disclosing or receiving, for consideration, unencrypted consumer account numbers for use in telemarketing; provided, however, that this paragraph shall not apply to the disclosure or receipt of a customer's or donor's billing information to process a payment for goods or services or a charitable contribution pursuant to a transaction;

(7) Causing billing information to be submitted for payment, directly or indirectly, without the express informed consent of the customer or donor. In any telemarketing transaction, the seller or telemarketer must obtain the express informed consent of the customer or donor to be charged for the goods or services or charitable contribution and to be charged using the identified account. In anv telemarketing transaction involving preacquired account information, the requirements in paragraphs (a)(7)(i) through (ii) of this section must be met to evidence express informed consent.

(i) In any telemarketing transaction involving preacquired account information and a free-to-pay conversion feature, the seller or telemarketer must:

(A) Obtain from the customer, at a minimum, the last four (4) digits of the account number to be charged;

(B) Obtain from the customer his or her express agreement to be charged for the goods or services and to be

charged using the account number pursuant to paragraph (a)(7)(i)(A) of this section; and,

(C) Make and maintain an audio recording of the entire telemarketing transaction.

(ii) In any other telemarketing transaction involving preacquired account information not described in paragraph (a)(7)(i) of this section, the seller or telemarketer must:

(A) At a minimum, identify the account to be charged with sufficient specificity for the customer or donor to understand what account will be charged; and

(B) Obtain from the customer or donor his or her express agreement to be charged for the goods or services and to be charged using the account number identified pursuant to paragraph (a)(7)(ii)(A) of this section;

(8) Failing to transmit or cause to be transmitted the telephone number. and, when made available by the telemarketer's carrier, the name of the telemarketer, to any caller identification service in use by a recipient of a telemarketing call; provided that it shall not be a violation to substitute (for the name and phone number used in, or billed for, making the call) the name of the seller or charitable organization on behalf of which a telemarketing call is placed, and the seller's or charitable organization's customer or donor service telephone number, which is answered during regular business hours;

(9) Creating or causing to be created, directly or indirectly, a remotely created payment order as payment for goods or services offered or sold through telemarketing or as a charitable contribution solicited or sought through telemarketing; or

(10) Accepting from a customer or donor, directly or indirectly, a cash-tocash money transfer or cash reload mechanism as payment for goods or services offered or sold through telemarketing or as a charitable contribution solicited or sought through telemarketing.

(b) *Pattern of calls.* (1) It is an abusive telemarketing act or practice and a violation of this Rule for a telemarketer to engage in, or for a seller

to cause a telemarketer to engage in, the following conduct:

(i) Causing any telephone to ring, or engaging any person in telephone conversation, repeatedly or continuously with intent to annoy, abuse, or harass any person at the called number;

(ii) Denying or interfering in any way, directly or indirectly, with a person's right to be placed on any registry of names and/or telephone numbers of persons who do not wish to receive outbound telephone calls established to comply with paragraph (b)(1)(iii)(A) of this section, including, but not limited to, harassing any person who makes such a request; hanging up on that person; failing to honor the request; requiring the person to listen to a sales pitch before accepting the request; assessing a charge or fee for honoring the request; requiring a person to call a different number to submit the request; and requiring the person to identify the seller making the call or on whose behalf the call is made;

(iii) Initiating any outbound telephone call to a person when:

(A) That person previously has stated that he or she does not wish to receive an outbound telephone call made by or on behalf of the seller whose goods or services are being offered or made on behalf of the charitable organization for which a charitable contribution is being solicited; or

(B) That person's telephone number is on the "do-not-call" registry, maintained by the Commission, of persons who do not wish to receive outbound telephone calls to induce the purchase of goods or services unless the seller or telemarketer:

(1) Can demonstrate that the seller has obtained the express agreement, in writing, of such person to place calls to that person. Such written agreement shall clearly evidence such person's authorization that calls made by or on behalf of a specific party may be placed to that person, and shall include the telephone number to which the calls may be placed and the signature ⁶⁶⁴ of that person; or

(2) Can demonstrate that the seller has an established business relationship with such person, and that person has not stated that he or she does not wish to receive outbound telephone calls under paragraph (b)(1)(iii)(A) of this section; or

(iv) Abandoning any outbound telephone call. An outbound telephone call is "abandoned" under this section if a person answers it and the telemarketer does not connect the call to a sales representative within two (2) seconds of the person's completed greeting.

(v) Initiating any outbound telephone call that delivers a prerecorded message, other than a prerecorded message permitted for compliance with the call abandonment safe harbor in §310.4(b)(4)(iii), unless:

(A) In any such call to induce the purchase of any good or service, the seller has obtained from the recipient of the call an express agreement, in writing, that:

(i) The seller obtained only after a clear and conspicuous disclosure that the purpose of the agreement is to authorize the seller to place prerecorded calls to such person;

(ii) The seller obtained without requiring, directly or indirectly, that the agreement be executed as a condition of purchasing any good or service;

(iii) Evidences the willingness of the recipient of the call to receive calls that deliver prerecorded messages by or on behalf of a specific seller; and

(iv) Includes such person's telephone number and signature; 665 and

(B) In any such call to induce the purchase of any good or service, or to induce a charitable contribution from a member of, or previous donor to, a non-profit charitable organization on whose behalf the call is made, the seller or telemarketer:

(i) Allows the telephone to ring for at least fifteen (15) seconds or four (4) rings before disconnecting an unanswered call; and (ii) Within two (2) seconds after the completed greeting of the person called, plays a prerecorded message that promptly provides the disclosures required by \$310.4(d) or (e), followed immediately by a disclosure of one or both of the following:

(A) In the case of a call that could be answered in person by a consumer, that the person called can use an automated interactive voice and/or keypress-activated opt-out mechanism to assert a Do Not Call request pursuant to §310.4(b)(1)(iii)(A) at any time during the message. The mechanism must:

(1) Automatically add the number called to the seller's entity-specific Do Not Call list;

(2) Once invoked, immediately disconnect the call; and

(3) Be available for use at any time during the message; and

(B) In the case of a call that could be answered by an answering machine or voicemail service, that the person called can use a toll-free telephone number to assert a Do Not Call request pursuant to §310.4(b)(1)(iii)(A). The number provided must connect directly to an automated interactive voice or keypress-activated opt-out mechanism that:

(1) Automatically adds the number called to the seller's entity-specific Do Not Call list;

(2) Immediately thereafter disconnects the call; and

(3) Is accessible at any time throughout the duration of the telemarketing campaign; and

(iii) Complies with all other requirements of this part and other applicable federal and state laws.

(C) Any call that complies with all applicable requirements of this paragraph (v) shall not be deemed to violate \$310.4(b)(1)(iv) of this part.

(D) This paragraph (v) shall not apply to any outbound telephone call that delivers a prerecorded healthcare message made by, or on behalf of, a covered entity or its business associate, as those terms are defined in the HIPAA Privacy Rule, 45 CFR 160.103.

(2) It is an abusive telemarketing act or practice and a violation of this Rule for any person to sell, rent, lease, purchase, or use any list established to comply with \$310.4(b)(1)(iii)(A), or

valid signature under applicable federal law or state contract law. $% \left({{{\mathbf{x}}_{i}}} \right)$

maintained by the Commission pursuant to \$310.4(b)(1)(iii)(B), for any purpose except compliance with the provisions of this Rule or otherwise to prevent telephone calls to telephone numbers on such lists.

(3) A seller or telemarketer will not be liable for violating \$310.4(b)(1)(ii)and (iii) if it can demonstrate that, as part of the seller's or telemarketer's routine business practice:

(i) It has established and implemented written procedures to comply with §310.4(b)(1)(ii) and (iii);

(ii) It has trained its personnel, and any entity assisting in its compliance, in the procedures established pursuant to \$310.4(b)(3)(i);

(iii) The seller, or a telemarketer or another person acting on behalf of the seller or charitable organization, has maintained and recorded a list of telephone numbers the seller or charitable organization may not contact, in compliance with §310.4(b)(1)(iii)(A);

(iv) The seller or a telemarketer uses a process to prevent telemarketing to any telephone number on any list established pursuant to §310.4(b)(3)(iii) or 310.4(b)(1)(iii)(B), employing a version of the "do-not-call" registry obtained from the Commission no more than thirty-one (31) days prior to the date any call is made, and maintains records documenting this process;

(v) The seller or a telemarketer or another person acting on behalf of the seller or charitable organization, monitors and enforces compliance with the procedures established pursuant to \$310.4(b)(3)(i); and

(vi) Any subsequent call otherwise violating paragraph (b)(1)(ii) or (iii) of this section is the result of error and not of failure to obtain any information necessary to comply with a request pursuant to paragraph (b)(1)(iii)(A) of this section not to receive further calls by or on behalf of a seller or charitable organization.

(4) A seller or telemarketer will not be liable for violating 310.4(b)(1)(iv) if:

(i) The seller or telemarketer employs technology that ensures abandonment of no more than three (3) percent of all calls answered by a person, measured over the duration of a single calling campaign, if less than 30 days, or separately over each successive 30day period or portion thereof that the campaign continues.

(ii) The seller or telemarketer, for each telemarketing call placed, allows the telephone to ring for at least fifteen (15) seconds or four (4) rings before disconnecting an unanswered call;

(iii) Whenever a sales representative is not available to speak with the person answering the call within two (2) seconds after the person's completed greeting, the seller or telemarketer promptly plays a recorded message that states the name and telephone number of the seller on whose behalf the call was placed⁶⁶⁶; and

(iv) The seller or telemarketer, in accordance with §310.5(b)-(d), retains records establishing compliance with §310.4(b)(4)(i)-(iii).

(c) Calling time restrictions. Without the prior consent of a person, it is an abusive telemarketing act or practice and a violation of this Rule for a telemarketer to engage in outbound telephone calls to a person's residence at any time other than between 8:00 a.m. and 9:00 p.m. local time at the called person's location.

(d) Required oral disclosures in the sale of goods or services. It is an abusive telemarketing act or practice and a violation of this Rule for a telemarketer in an outbound telephone call or internal or external upsell to induce the purchase of goods or services to fail to disclose truthfully, promptly, and in a clear and conspicuous manner to the person receiving the call, the following information:

(1) The identity of the seller;

(2) That the purpose of the call is to sell goods or services;

(3) The nature of the goods or services; and

(4) That no purchase or payment is necessary to be able to win a prize or participate in a prize promotion if a prize promotion is offered and that any purchase or payment will not increase the person's chances of winning. This disclosure must be made before or in conjunction with the description of the prize to the person called. If requested

⁶⁶⁶ This provision does not affect any seller's or telemarketer's obligation to comply with relevant state and federal laws, including but not limited to the TCPA, 47 U.S.C. 227, and 47 CFR part 64.1200.

by that person, the telemarketer must disclose the no-purchase/no-payment entry method for the prize promotion; provided, however, that, in any internal upsell for the sale of goods or services, the seller or telemarketer must provide the disclosures listed in this section only to the extent that the information in the upsell differs from the disclosures provided in the initial telemarketing transaction.

(e) Required oral disclosures in charitable solicitations. It is an abusive telemarketing act or practice and a violation of this Rule for a telemarketer, in an outbound telephone call to induce a charitable contribution, to fail to disclose truthfully, promptly, and in a clear and conspicuous manner to the person receiving the call, the following information:

(1) The identity of the charitable organization on behalf of which the request is being made; and

(2) That the purpose of the call is to solicit a charitable contribution.

[75 FR 48516, Aug. 10, 2010, as amended at 76 FR 58716, Sept. 22, 2011; 80 FR 77559, Dec. 14, 2015]

§310.5 Recordkeeping requirements.

(a) Any seller or telemarketer shall keep, for a period of 24 months from the date the record is produced, the following records relating to its telemarketing activities:

(1) All substantially different advertising, brochures, telemarketing scripts, and promotional materials;

(2) The name and last known address of each prize recipient and the prize awarded for prizes that are represented, directly or by implication, to have a value of \$25.00 or more;

(3) The name and last known address of each customer, the goods or services purchased, the date such goods or services were shipped or provided, and the amount paid by the customer for the goods or services; 667

(4) The name, any fictitious name used, the last known home address and

16 CFR Ch. I (1–1–18 Edition)

telephone number, and the job title(s) for all current and former employees directly involved in telephone sales or solicitations; provided, however, that if the seller or telemarketer permits fictitious names to be used by employees, each fictitious name must be traceable to only one specific employee; and

(5) All verifiable authorizations or records of express informed consent or express agreement required to be provided or received under this Rule.

(b) A seller or telemarketer may keep the records required by §310.5(a) in any form, and in the same manner, format, or place as they keep such records in the ordinary course of business. Failure to keep all records required by §310.5(a) shall be a violation of this Rule.

(c) The seller and the telemarketer calling on behalf of the seller may, by written agreement, allocate responsibility between themselves for the recordkeeping required by this Section. When a seller and telemarketer have entered into such an agreement, the terms of that agreement shall govern, and the seller or telemarketer, as the case may be, need not keep records that duplicate those of the other. If the agreement is unclear as to who must maintain any required record(s), or if no such agreement exists, the seller shall be responsible for complying with §§310.5(a)(1)-(3) and (5); the telemarketer shall be responsible for complying with \$310.5(a)(4).

(d) In the event of any dissolution or termination of the seller's or telemarketer's business, the principal of that seller or telemarketer shall maintain all records as required under this section. In the event of any sale, assignment, or other change in ownership of the seller's or telemarketer's business, the successor business shall maintain all records required under this section.

§310.6 Exemptions.

(a) Solicitations to induce charitable contributions via outbound telephone calls are not covered by §310.4(b)(1)(iii)(B) of this Rule.

(b) The following acts or practices are exempt from this Rule:

⁶⁶⁷ For offers of consumer credit products subject to the Truth in Lending Act, 15 U.S.C. 1601 *et seq.*, and Regulation Z, 12 CFR 226, compliance with the recordkeeping requirements under the Truth in Lending Act, and Regulation Z, shall constitute compliance with \$310.5(a)(3) of this Rule.

(1) The sale of pay-per-call services subject to the Commission's Rule entitled "Trade Regulation Rule Pursuant to the Telephone Disclosure and Dispute Resolution Act of 1992," 16 CFR part 308, *provided*, however, that this exemption does not apply to the requirements of §§310.4(a)(1), (a)(7), (b), and (c);

(3) Telephone calls in which the sale of goods or services or charitable solicitation is not completed, and payment or authorization of payment is not required, until after a face-to-face sales or donation presentation by the seller or charitable organization, *provided*, however, that this exemption does not apply to the requirements of §§ 310.4(a)(1), (a)(7), (b), and (c);

(4) Telephone calls initiated by a customer or donor that are not the result of any solicitation by a seller, charitable organization, or telemarketer, *provided*, however, that this exemption does not apply to any instances of upselling included in such telephone calls;

(5) Telephone calls initiated by a customer or donor in response to an advertisement through any medium, other than direct mail solicitation, *provided*, however, that this exemption does not apply to:

(i) Calls initiated by a customer or donor in response to an advertisement relating to investment opportunities, debt relief services, business opportunities other than business arrangements covered by the Franchise Rule or Business Opportunity Rule, or advertisements involving offers for goods or services described in §310.3(a)(1)(vi) or §310.4(a)(2) through (4);

(iii) Any instances of upselling included in such telephone calls;

(6) Telephone calls initiated by a customer or donor in response to a direct mail solicitation, including solicita-tions via the U.S. Postal Service, facsimile transmission, electronic mail, and other similar methods of delivery in which a solicitation is directed to specific address(es) or person(s), that clearly, conspicuously, and truthfully discloses all material information listed in §310.3(a)(1), for any goods or services offered in the direct mail solicitation, and that contains no material misrepresentation regarding any item contained in §310.3(d) for any requested charitable contribution; provided, however, that this exemption does not apply to:

(i) Calls initiated by a customer in response to a direct mail solicitation relating to prize promotions, investment opportunities, debt relief services, business opportunities other than business arrangements covered by the Franchise Rule or Business Opportunity Rule, or goods or services described in §310.3(a)(1)(vi) or §310.4(a)(2) through (4);

§310.7 Actions by states and private persons.

(a) Any attorney general or other officer of a state authorized by the state to bring an action under the Telemarketing and Consumer Fraud and Abuse Prevention Act, and any private person who brings an action under that Act, shall serve written notice of its action on the Commission, if feasible, prior to its initiating an action under this Rule. The notice shall be sent to the Office of the Director, Bureau of Consumer Protection, Federal Trade Commission, Washington, DC 20580, and shall include a copy of the state's or private person's complaint and any other pleadings to be filed with the court. If prior notice is not feasible, the state or private person shall serve the Commission with the required notice immediately upon instituting its action.

(b) Nothing contained in this Section shall prohibit any attorney general or other authorized state official from proceeding in state court on the basis of an alleged violation of any civil or criminal statute of such state.

\$310.8 Fee for access to the National Do Not Call Registry.

(a) It is a violation of this Rule for any seller to initiate, or cause any telemarketer to initiate, an outbound telephone call to any person whose telephone number is within a given area code unless such seller, either directly or through another person, first has paid the annual fee, required by §310.8(c), for access to telephone numbers within that area code that are included in the National Do Not Call Registry maintained by the Commission under §310.4(b)(1)(iii)(B); provided, however, that such payment is not necessary if the seller initiates, or causes a telemarketer to initiate, calls solely persons pursuant to to §§310.4(b)(1)(iii)(B)(i) or (ii), and the seller does not access the National Do Not Call Registry for any other purpose.

(b) It is a violation of this Rule for any telemarketer, on behalf of any seller, to initiate an outbound telephone call to any person whose telephone number is within a given area code unless that seller, either directly or through another person, first has paid the annual fee, required by §310.8(c), for access to the telephone numbers within that area code that are included in the National Do Not Call Registry; provided, however, that such payment is not necessary if the seller initiates, or causes a telemarketer to initiate, calls solely to persons pursuant to §§310.4(b)(1)(iii)(B)(i) or (ii), and the seller does not access the National Do

16 CFR Ch. I (1–1–18 Edition)

Not Call Registry for any other purpose.

(c) The annual fee, which must be paid by any person prior to obtaining access to the National Do Not Call Registry, is \$62 for each area code of data accessed, up to a maximum of \$17,021; provided, however, that there shall be no charge to any person for accessing the first five area codes of data. and *provided further*, that there shall be no charge to any person engaging in or causing others to engage in outbound telephone calls to consumers and who is accessing area codes of data in the National Do Not Call Registry if the person is permitted to access, but is not required to access, the National Do Not Call Registry under this Rule, 47 CFR 64.1200, or any other Federal regulation or law. No person may participate in any arrangement to share the cost of accessing the National Do Not Call Registry, including any arrangement with any telemarketer or service provider to divide the costs to access the registry among various clients of that telemarketer or service provider.

(d) Each person who pays, either directly or through another person, the annual fee set forth in paragraph (c) of this section, each person excepted under paragraph (c) from paying the annual fee, and each person excepted from paying an annual fee under §310.4(b)(1)(iii)(B), will be provided a unique account number that will allow that person to access the registry data for the selected area codes at any time for the twelve month period beginning on the first day of the month in which the person paid the fee ("the annual period"). To obtain access to additional area codes of data during the first six months of the annual period, each person required to pay the fee under paragraph (c) of this section must first pay \$62 for each additional area code of data not initially selected. To obtain access to additional area codes of data during the second six months of the annual period, each person required to pay the fee under paragraph (c) of this section must first pay \$31 for each additional area code of data not initially selected. The payment of the additional fee will permit the person to access the additional area codes of data for the remainder of the annual period.

(e) Access to the National Do Not Call Registry is limited to telemarketers, sellers, others engaged in or causing others to engage in telephone calls to consumers, service providers acting on behalf of such persons, and any government agency that has law enforcement authority. Prior to accessing the National Do Not Call Registry, a person must provide the identifying information required by the operator of the registry to collect the fee, and must certify, under penalty of law, that the person is accessing the registry solely to comply with the provisions of this Rule or to otherwise prevent telephone calls to telephone numbers on the registry. If the person is accessing the registry on behalf of sellers, that person also must identify each of the sellers on whose behalf it is accessing the registry, must provide each seller's unique account number for access to the national registry, and must certify, under penalty of law, that the sellers will be using the information gathered from the registry solely to comply with the provisions of this Rule or otherwise to prevent telephone calls to telephone numbers on the registry.

3	SUMMARY OF THE CASE			
4	5. Since at least February 2016, Sam Madi, Mohammad Souheil (a/k/a			
5	Mohammed Souheil and Mike Souheil) ("Souheil"), Wissam Abedel Jalil (a/k/a Sam Jalil),			
6	Charles Kharouf, Educare Centre Services, Inc. ("Educare"), Tripletel, Inc. ("Tripletel"),			
7	Prolink Vision, S.R.L. ("Prolink"), 9896988 Canada, Inc. ("988") (collectively the "Educare			
8	Defendants"), Globex Telecom, Inc., and 9506276 Canada, Inc. ("276") have engaged in or			
9				
10	assisted and facilitated a deceptive telemarketing scheme that markets a credit card interest			
11	rate reduction service ("CCIRR service") to consumers throughout the United States.			
12	6. The Educare Defendants cold-call consumers, using live calls and			
13	prerecorded messages (commonly known as "robocalls"), promising that, in exchange for a			
14	fee ranging from \$798 to \$1,192, they will obtain substantially lower interest rates on			
15				
16	consumers' credit cards. To help lure consumers to purchase the CCIRR service, the			
17	Educare Defendants promise a 100% "money-back guarantee" if the Educate Defendants			
18	fail to deliver the promised, substantially lower interest rate or the consumers are otherwise			
19	dissatisfied with the service.			
20	7. The Educare Defendants' promises are false or unsubstantiated. For the vast

22	majority of consumers who pay their fee, if not all, the Educare Defendants do not secure			
23	the promised substantial rate reduction. In addition, the Educare Defendants routinely fail			
24	to honor their money-back guarantee.			
25	8. The Educare Defendants collect their service fee from consumers through			
26	remotely created checks or remotely created payment orders (collectively "RCPOs") drawn			
27	against consumers' checking accounts. The TSR expressly prohibits such use of RCPOs in			
28				
	connection with telemarketing sales.			

1	9. Madera Merchant Services, LLC, an El Paso, Texas-based company, and		
2	associated companies ("Madera"), which run an unlawful payment processing scheme,		
3	provide the Educare Defendants with the means to collect payments from consumers		
4	through RCPOs. With Madera's support, the Educare Defendants have taken at least \$11.5		
5	million from consumers' bank accounts via RCPOs. The Educare Defendants have taken		
6	money from consumers located in the Western District of Texas. In addition, Madera, on		
7	behalf of the Educare Defendants, deposited money into and withdrew money from banks		
8	located in the Western District of Texas that the Educare Defendants obtained from		
9 10	consumers.		
11			
12	10. Concurrently with this action, the FTC and the State of Ohio filed an action		
13	against Madera and its principals. See FTC n. Madera Merchant Services, LLC (W.D. Tex. filed		
14	Jul. 18, 2019).		
15	11. Globex Telecom, Inc. and 276 have assisted and facilitated the Educare		
16	Defendants' scheme by providing communication services and facilities.		
17	12. The Educare Defendants' deceptive CCIRR service scheme violates the FTC		
18	Act, the TSR, and Ohio's CSPA, and has injured numerous financially distressed consumers		
19	across the United States.		
20	PLAINTIFFS		
21	13. The FTC is an independent agency of the United States Government created

25	a company known as FCS International ("FCS"), which exploited its membership in an		
26	American Expr	ess affiliate program to market and sell CCIRR services to American Express

18	account in the name of Tripletel Inc., a dba of Educare, which received approximately \$2.3		
19	million in deposits from Madera.		
20	70. On numerous occasions co-defendant Madi used Sama Investments and		
21			
22	Trading, Inc., a Dearborn, Michigan money transmitter, to funnel Educare funds to Jalil via		
23	an account in Souheil's name with a Canadian money transmitter, Altaif, Inc. Jalil received		
24	more than \$283,000 from Educare via the Altaif, Inc., account in Jalil's name.

2	COMMERCE
3	84. At all times material to this FA Complaint, Defendants have maintained a

5	of the FTC Act, 15 U.S.C. § 44.
6	REMOTELY CREATED PAYMENT ORDERS
7 8	AND REMOTELY CREATED CHECKS
9	85. An RCPO is a check or order of payment that the payee (typically a
10	merchant or its agent) creates electronically, with software, using the payor's (typically a
11	consumer) bank account information.
12	86. Unlike with a conventional check, the payor does not sign the RCPO.
13	Instead, the RCPO usually bears a statement indicating that the account holder (the account
14	from which the money is to be drawn) authorized the check, such as "authorized by account
15	
16	holder" or "signature not required."
17	87. RCPOs can be printed and manually deposited into the check clearing system
18	like a conventional check. An electronic version of an RCPO that looks like a paper check,
19	but never exists in paper form, can also be deposited into the check clearing system using
20	remote deposit capture—a system that allows a depositor to scan checks remotely and
21	transmit the check images to a bank for deposit.
22 23	88. RCPOs are generally subject to less oversight and monitoring than more
23	prevalent methods of consumer payments, such as Automated Clearinghouse ("ACH") and
25	debit and credit card transactions.
26	
27	89. Payments cleared through the ACH network are subject to oversight by
28	NACHA - The Electronic Payments Association ("NACHA"), a self-regulatory trade
	association that enforces a system of rules, monitoring, and penalties for noncompliance.

NACHA monitors the levels at which ACH debits are returned (or rejected) by consumers
 or consumers' banks, among other reasons, because high rates of returned transactions can
 be indicative of unlawful practices by merchants.

90. The credit and debit card networks ("card networks"), such as MasterCard
and Visa, also have rules regarding onboarding and monitoring of merchants, and penalties
for noncompliance. These include heightened monitoring requirements for merchants
designated as high risk, such as telemarketers.

The card networks require network participants - including merchants, 91. 9 10 payment processors and merchant banks - to monitor transactions for unusual activity 11 indicative of fraud or deception. One prominent indicator is a high chargeback rate. 12 Chargebacks occur when customers contact their credit card issuing bank to dispute a charge 13 appearing on their credit card account statement. Merchants with high chargeback rates may 14 be placed in a monitoring program and their sponsoring banks may be subject to fees and 15 fines. 16

17 92. Unlike ACH and debit and credit card transactions, RCPOs are not subject to
18 centralized and systemic monitoring.

Since June 13, 2016, the TSR has prohibited sellers and telemarketers from
 using RCPOs in telemarketing sales. The FTC added this prohibition to the TSR because,
 after an extensive notice and comment process, it found little record of legitimate
 telemarketing business using RCPOs.

DEFENDANT'S' UNLAWFUL BUSINESS PRACTICES

94. Since at least February 2016, the Educare Defendants have engaged in a
telemarketing scheme that markets a CCIRR service to consumers using false or
unsubstantiated claims. The Educare Defendants promise to reduce significantly the interest
rate on consumers' credit cards, and further promise a 100% money back guarantee if the

i < i

1	promised rate reduction does not materialize or the consumer is dissatisfied with the CCIRR			
2	service. As described below, these promises are false or unsubstantiated.			
3	95. The Educare Defendants use RCPOs to collect payments from consumers in			
4	violation of the TSR, which expressly prohibits using RCPOs in connection with			
5	telemarketing sales.			
6	Defendants' Deceptive Telemarketing Campaign			
7				
8	96. Since at least February 2016, the Educare Defendants have engaged in a plan,			
9	program, or campaign to advertise, market, promote, offer for sale, or sell a CCIRR service			
10	through interstate telephone calls to consumers throughout the United States.			
11	97. In numerous instances, the Educare Defendants have initiated, or directed			
12	others, including telemarketers with Prolink, to initiate unsolicited telemarketing calls that			
13	offer consumers an opportunity to lower their credit card interest rates.			
14				
15	98. In numerous instances, the Educare Defendants' telemarketing calls deliver			
16	prerecorded voice messages. These messages offer consumers the opportunity to secure			
17	credit card interest rates that are substantially lower from those consumers were paying, and			
18	instruct consumers to press a button on the telephone keypad to hear more about the			
19	service.			
20	99. Consumers who press a button on their telephone keypad to hear more			
21				
22	about the service are connected to a live telemarketer who continues the deceptive sales			
23	pitch, as described below. Many, if not all, of these telemarketers are associated with			
24	Prolink's call center.			
25	100. In numerous instances, the Educare Defendants' telemarketers fail to			
26	disclose to consumers, truthfully, promptly, and in a clear and conspicuous manner, the			
27	identity of the seller of the CCIRR service. Instead, the Educate Defendants' telemarketers			
28	routinely identify themselves as representatives of "Credit Card Services," "Credit Card			

•

1	Financial Services," or similar Educare dbas that sound like the name of a bank or credit				
2	card company.				
3	101. In many instances, the Educare Defendants' telemarketers know the last four				
4	digits of at least one of the consumer's credit cards. That fact often leads consumers to				
5	assume that they are speaking with a representative or agent of their bank or credit card				
6	company.				
7	102. The Educare Defendants' telemarketers guarantee to consumers that they				
8	can substantially reduce consumers' credit card interest rates.				
9	In Section Provide 2019 ADD Add Strong Transfer (2018) 19 Section (2018) Constraints				
10	103. In numerous instances, the Educare Defendants' telemarketers have told				
11 *	consumers holding credit cards with high double-digit interest rates that the CCIRR service				
12	would reduce the interest rates on the consumers' cards to 0%-10%, or transfer the balance				
13	to credit cards with such substantially lower interest rates.				
14	104. For example, one telemarketer placed a consumer on hold, and returned a				
15	few minutes later stating that the Educare Defendants had permanently lowered the interest				
16 17	rate on one of consumer's credit cards to 3%, and would similarly lower the interest rates on				
18					
19	the consumer's other credit cards if the consumer signed an online agreement.				
	105. Another of the Educare Defendants telemarketers told a consumer paying				
20 21	about 29% on a combined credit balance of nearly \$8,000 that the Educare Defendants				
21	worked with a bank that would give the consumer one new credit card with a 6.9% interest				
23	rate and a credit limit exceeding the consumer's combined balance.				
24	106. In numerous instances, the Educare Defendants' telemarketers tell				
25	consumers that using the CCIRR service will not harm the consumers' credit history. Some				
26	of the Educare Defendants' telemarketers have represented that the CCIRR service will				
27					
28	improve the consumers' credit history because the consumer will be able to pay off his or				
	her credit card debt faster.				

1	107. The Educare Defendants' telemarketers typically instruct consumers to							
2	provide their personal information, such as a social security number, email address, credit							
3	card issuer and number, and bank account and routing numbers.							
4	108. Either before or after the consumers provide this information, the Educare							
5	Defendants' telemarketers tell consumers that they have to pay an up-front fee for the							
6	CCIRR service, which typically ranges from \$798 to \$1,192.							
7	109. In numerous instances, the Educare Defendants' telemarketers have told							
8	consumers that the significant savings the CCIRR service provides to the consumer would							
9								
10	offset the fee payment.							
11	110. The Educare Defendants' telemarketers typically ask if the consumer agrees							
12	to the fee and the CCIRR service, and tell consumers that their responses are being							
13	recorded.							
14	Add THE TELE D. C. Level to have a free tell consumers that they will							
15	111. The Educare Defendants' telemarketers often tell consumers that they will							
16	receive a written agreement describing the CCIRR service in the mail. In numerous, if not							
17	all, instances, the consumers do not receive the promised agreement in the mail.							
18	112. In numerous instances, the Educare Defendants' telemarketers tell							
19	consumers that they will receive a text or email message asking them to confirm that they							
20	want to purchase the CCIRR service. For example, one consumer received the following							
21								
22	text message: "Dear [consumer's name], Please reply YES to this msg to authorize the fee							
23	of \$798 for services rendered by educare split into 5 payments. Thank youl"							
24	113. As in the above instance, the Educare Defendants' telemarketers often do							
25	not disclose the identity of Educare or its dbas up front. Instead, Educare or its dbas appear							
26	for the first time in the confirmation-request email or text.							
27	114. Consumers who respond to the confirmation-request text or email message							
28	gr -							
	typically receive a subsequent text or email message confirming the fee authorization. For							

1	example, one consumer received the following text message: "[Consumer's name]: You have				
2	approved 5 payment of \$159.60 for a total of \$798 to be debited from your Account XXX				
3	Cst Srv: 866-456-1676"				
4	115. In numerous instances, the Educare Defendants' telemarketers and customer				
5	service agents have refused to honor requests to cancel service from consumers who have				
6	become concerned with or suspicious of the CCIRR service, including requests made on the				
7					
8	same day the service was purchased.				
9	116. For example, in 2018, a telemarketer who identified himself as William Silva				
10	and a "financial advisor" for "Card Services," refused a consumer's cancellation request after				
11	the consumer agreed to pay for the CCIRR service but then attempted to back out of the				
12	deal upon realizing during the telephone call that Mr. Silva did not represent his credit card				
13	company.				
14					
15	117. Another Educare Defendants telemarketer told a consumer who requested to				
16	cancel the CCIRR service on the same day of the purchase that it was too late because the				
17	consumer had already agreed to the charges.				
18	118. The Educare Defendants have also threatened consumers who sought to				
19	cancel the CCIRR service with sending the consumers' accounts to collections.				
20	119. For example, a telemarketer who identified himself as Jacob Scott with Care				
21					
22	Value Services told one consumer who requested cancellation of the CCIRR service that the				
23	consumer could not cancel, and that the Educare Defendants were still going to debit the				
24	fees from consumer's checking account, and if the consumer did not pay, the Educate				
25	Defendants would tack on additional fees and sue him in court.				
26	120. In numerous instances, the Educare Defendants have drawn, or caused to be				
27	drawn, payments from accounts of consumers who requested to cancel the CCIRR service				
28	and instructed the Educare Defendants not to draw funds from their accounts.				

1	121. For example, in mid-2018, Educare debited nearly \$800 over a period of 5				
2	months from the checking account of a consumer who told the Educare Defendants'				
3	telemarketers and customer service agents not to charge his account and made repeated				
4	requests to cancel the CCIRR service.				
5	Unlawful RCPOs Drawn Against Consumers' Checking Accounts				
6	122. To collect the fee for the CCIRR service, the Educare Defendants, with the				
7 8	help of payment processor Madera use personal information they solicit from consumers.				
9	including bank account and routing number, to cause the creation of RCPOs drawn against				
10	consumers' bank accounts.				
11	123. Many such RCPOs are returned by the consumers' banks for reasons such as				
12	"stop payment," "forgery," "closed account," and "unable to locate."				
13	124. During the relevant period, several bank accounts opened by Madera under				
14	various dbas of Educare had return rates of 20% or more.				
15					
16	125. Since January 2016, Madera has transferred to Educare at least \$11.5 million				
17	in consumer funds collected through RCPOs. The Educare Defendants and Madera have				
18	collected more than \$7 million of that amount from consumers after June 13, 2016, the date				
19	on which the TSR started banning the use of RCPOs in connection with any telemarketing				
20	sales.				
21					
22	Defendants Fail to Deliver the Promised Substantial Rate-Reduction				
23	126. In some instances, after the consumers authorized the fee payment, the				
24	Educare Defendants' telemarketers initiate three-way telephone calls with the consumers and				
25	the customer service departments of the banks that issued the credit cards to the consumer.				
26	During these three-way calls, the Educare Defendants' telemarketers request, or prompt the				
27	consumers to request, that the bank reduce the interest rate on the consumers' credit cards.				
28	consumers to request, that the same reduce the interest rate on the consumers should cards				

1	127. In some instances, the Educare Defendants' telemarketers have asked					
2	consumers to misrepresent or fabricate personal information to bank representatives.					
3	128. In most instances, the three-way calls that the Educare Defendants'					
4	telemarketers initiate with the consumers and the credit card issuing banks do not lead to the					
5	promised substantial interest rate reduction, if any at all.					
6	129. In numerous instances, the Educare Defendants use the information they					
7						
8	obtain from consumers to apply on behalf of consumers, or advise the consumer to apply,					
9	for new credit cards with low introductory rates (commonly known as "teaser rates") and					
10	transfer their existing credit card balances to those new cards.					
11	130. For example, an Educare Defendants' telemarketer promised a consumer a					
12	new credit card with a 0% APR for 1 year and a 6.99% fixed rate thereafter, but the					
13						
14	consumer actually received a new credit card with a 0% APR for 9 months and over 20%					
15	APR thereafter.					
16	131. In some instances, Educare Defendants' telemarketers apply for new credit					
17	cards with teaser rates on behalf of consumers without consumers' knowledge or consent.					
18	132. For example, the consumer whose unsuccessful efforts to cancel the CCIRR					
19	service are discussed in Paragraph 116 of this Complaint received an email from Experian					
20						
21	Credit Reporting stating that two credit card applications were submitted using his personal information. Soon thereafter, the consumer received a telephone call from a representative					
22						
23	of Chase Bank seeking to verify his application for a credit card, which the consumer had no					
24	prior knowledge of and did not authorize.					
25	133. The Educare Defendants' balance transfer tactic does not typically deliver the					
26						
27	promised substantial rate reduction. Consumers often cannot qualify for the new credit					
28	cards, and in any event, the reduced rates are only temporary and commonly followed by					
	double-digit rates.					

1	134. After securing the consumer's payment and failing to provide the promised				
2	substantial rate reduction, the Educare Defendants often stop returning the consumer's				
3	phone calls and otherwise cease communicating with the consumer.				
4	The Educare Defendants Routinely Refuse to Issue Refunds				
5	135. In their sales pitches, the Educare Defendants' telemarketers routinely tout a				
6	100% money-back guarantee if the Educare Defendants fail to deliver the promised				
7	substantially lower credit card interest rate, or if the consumer is otherwise dissatisfied with				
8	the CCIRR service.				
9	the CONTRECTOR				
10	136. In numerous instances, the Educare Defendants do not honor the refund				
11	promises. Instead, the Educare Defendants routinely make it extremely difficult, if not				
12	impossible, for consumers to reach a representative via telephone to process refund requests.				
13	137. Many consumers have discovered that the contact number the Educare				
14	Defendants' telemarketer provided is no longer in service.				
15	Defendants telemarketer provided is no longer in service.				
16	138. Consumers who have been able to reach a representative of the Educare				
17	Defendants by telephone have reported being strung along with no refund or even partial				
18	refund issued.				
19	139. For example, one consumer made over 20 telephone calls to Educare in an				
20	Control of the second and analy with various tenteentatives				
21	effort to cancel the CCIRR service and get a refund, and spoke with various representatives				
22	who were difficult to understand, evasive, condescending, transferred her to a "manager"				
23	that never answered the phone, or misrepresented that Educare had delivered the promised				
24	interest rate reduction even though it had not done so.				
25	140. In addition, Educare has routinely failed to respond to consumer complaints				
26	and refund requests sent to it by the Better Business Bureau and state attorneys general.				
27

1	The Educare Defendants' Abusive Telemarketing Practices				
2	141. In numerous instances, the Educare Defendants, acting directly or through				
3	one or more intermediaries, have initiated telemarketing calls to consumers throughout the				
4	United States that delivered a prerecorded message promoting the CCIRR service, without				
5	first having obtained the consumer's signed express written agreement to receive such calls				
6	by or on behalf of the Educare Defendants.				
7	142. In marketing the CCIRR service, in numerous instances, the Educare				
8	Defendants, acting directly or through one or more intermediaries, have called telephone				
9 10	numbers listed in various area codes throughout the United States, including telephone				
11					
12	numbers listed on the National Do Not Call Registry maintained by the FTC, without the				
13	Educare Defendants' first paying the annual fee for access to the telephone numbers within				
14	such area codes.				
15	143. In numerous instances, the Educare Defendants have received fees they				
16	caused to be drawn from consumers' bank accounts during or immediately after the				
17	telemarketing call offering the CCIRR service, but before the Educare Defendants had undertaken any efforts to reduce the consumers' credit card interest rates. This is illegal				
18					
19 under the TSR.					
20	144. In numerous instances, the Educare Defendants, acting directly or through				
21	one or more intermediaries, have caused the creation of RCPOs as payment for the CCIRR				
22 23	service offered or sold through telemarketing.				
24	The Globex Defendants Assisted and Facilitated Educare's Telemarketing Scheme				
25	145. The Globex Defendants provided substantial assistance to the Educare				
26					
27	Defendants by providing them with the means to call consumers throughout the United				
28	States via interconnected VoIP communication services and facilities.				
ļ

1	Ohio's Telephone Solicitor's Registration Requirement			
2	148. Ohio's Telephone Solicitation Sales Act, O.R.C. 4719.01 et seq., generally			
3	requires telephone solicitors that make telephone solicitations to individuals in Ohio to			
4	register with and file a copy of a surety bond with the Ohio Attorney General.			
5	149. Defendants Educare and Prolink have been solicitors that make telephone			
6	solicitations to individuals in Ohio. Nevertheless, they have neither registered as telephone			
 solicitors with, nor provided a copy of a surety bond to, the Ohio Attorney General. 				
8	150. Based on the facts and violations of law alleged in this Complaint, Plaintiffs			
9	have reason to believe that the Educare Defendants and the Globex Defendants are violating			
10				
11 12	or are about to violate laws enforced by the Commission and the Ohio Attorney General.			
12	VIOLATIONS OF THE FTC ACT			
14	151. Section 5(a) of the FTC Act, 15 U.S.C. § 45(a), prohibits "unfair or deceptive			
15	acts or practices in or affecting commerce."			
16	152. Misrepresentations or deceptive omissions of material fact constitute			
17	deceptive acts or practices prohibited by Section 5(a) of the FTC Act. 15 U.S.C. § 45(a).			
18	COUNT ONE (EDUCARE DEFENDANTS)			
19	False or Unsubstantiated Credit Card Interest Rate Reduction and Refund Claims			
20	153. In numerous instances, in connection with the advertising, marketing,			
21				
22	promotion, offering for sale, or sale of a debt relief service, the Educare Defendants have			
23	represented, directly or indirectly, expressly or by implication, that:			
24	A. Consumers who purchase the CCIRR service would have their credit			
25	card interest rates reduced substantially; and/or			
26	B. Consumers who purchase the CCIRR service would be entitled to a			
27 28	full refund if Defendants could not obtain a lower interest rate or if			
20	the consumer was not completely satisfied with the CCIRR service.			

1	154.	In truth and in fact, in numerous instances in which the Educare Defendants		
2	have made the representations set forth in Paragraph 153 of this Complaint:			
3	12	A. Consumers who purchase the CCIRR service do not have their credit		
4		card interest rates reduced substantially; and/or		
5	2 2	B. Consumers who purchase the CCIRR service and do not obtain a		
6		lower interest rate or are not completely satisfied with the CCIRR		
7	16	service do not provided a full refund.		
8		•		
9	155.	Therefore, the Educare Defendants' representations as set forth in Paragraph		
10	153 of this Complaint are false or misleading and constitute a deceptive act or practice in			
11	violation of Sec	ction 5(a) of the FTC Act, 15 U.S.C. § 45(a).		
12		THE TELEMARKETING SALES RULE		
13	156.	In 1994, Congress directed the FTC to prescribe rules prohibiting abusive		
14	and descention of	elementation ante or presentations pursuant to the Telemerketing Act 15.USC		
15	and deceptive telemarketing acts or practices pursuant to the Telemarketing Act, 15 U.S.C. §§			
16	6101-6108. The FTC adopted the original TSR in 1995, extensively amended it in 2003, and			
17	amended certain sections thereafter.			
18	157.	Defendants are all "sellers" or "telemarketers" engaged in "telemarketing" as		
19	defined by the TSR, 16 C.F.R. § 310.2(dd), (ff), and (gg). For purposes of the TSR, a "seller"			
20	is any person who, in connection with a telemarketing transaction, provides, offers to			
21				
22	provide, or arra	nges for others to provide goods or services to a customer in exchange for		
23	consideration.	16 C.F.R. § 310.2(dd). A "telemarketer" means any person who, in		
24	connection with	n telemarketing, initiates or receives telephone calls to or from a customer or		
25	donor. 16 C.F.R	. § 310.2(ff).		
26	. 158.	"Telemarketing" means a plan, program, or campaign which is conducted to		
27		hase of goods or services or a charitable contribution, by use of one or more		
28	mance the pure	hase of goods of services of a chantenine contribution, by use of one of more		

telephones and which involves more than one interstate telephone call. 16 C.F.R. § 1 310.2(gg). 2 159. The Educare Defendants are sellers or telemarketers of "debt relief services" 3 4 as defined by the TSR, 16 C.F.R. § 310.2(o). Under the TSR, a "debt relief service" is any 5 program or service represented, directly or by implication, to renegotiate, settle, or in any 6 way alter the terms of payment or other terms of the debt between a person and one or 7 more unsecured creditors, including, but not limited to, a reduction in the balance, interest 8 rate, or fees owed by a person to an unsecured creditor or debt collector. 16 C.F.R. § 9 10 310.2(o). 11 The TSR prohibits sellers and telemarketers from misrepresenting, directly or 160. 12 by implication, any material aspect of any debt-relief service, including but not limited to, 13 the amount of money or the percentage of the debt amount that a customer may save by 14 using the service. 16 C.F.R. § 310.3(a)(2)(x). 15 The TSR prohibits sellers and telemarketers from requesting or receiving 161. 16 payment of any fee or consideration for any debt relief service until and unless: 17 18 A. The seller or telemarketer has renegotiated, settled, reduced, or otherwise 19 altered the terms of at least one debt pursuant to a settlement agreement, 20 debt management plan, or other such valid contractual agreement 21 executed by the customer; 22 B. The customer has made at least one payment pursuant to that settlement 23 agreement, debt management plan, or other valid contractual agreement 24 25 between the customer and the creditor or debt collector; and 26 C. To the extent that debts enrolled in a service are renegotiated, settled, 27 reduced, or otherwise altered individually, the fee or consideration either: 28

τ.

1	i. Bears the same proportional relationship to the total fee for					
2	renegotiating, settling, reducing, or altering the terms of the					
3	entire debt balance as the individual debt amount bears to the					
4	entire debt amount. The individual debt amount and the entire					
5	debt amount are those owed at the time the debt was enrolled in					
6	the service; or					
7	ii. Is a percentage of the amount saved as a result of the					
8 9	renegotiation, settlement, reduction, or alteration. The percentage					
10	charged cannot change from one individual debt to another. The					
11	amount saved is the difference between the amount owed at the					
12	time the debt was enrolled in the service and the amount actually					
13	paid to satisfy the debt. 16 C.F.R. § 310.4(a)(5)(i).					
14						
15	162. The TSR prohibits sellers and telemarketers from creating or causing to be					
16	created, directly or indirectly, a remotely created payment order as payment for goods or					
17	services offered or sold through telemarketing. 16 C.F.R. § 310.4(a)(9). A remotely created					
18	payment order includes a remotely created check.16 C.F.R. § 310.2(cc).					
19	163. The 2003 amendments to the TSR established the National Do Not Call					
20	Registry, maintained by the FTC, of consumers who do not wish to receive certain types of					
21						
22	telemarketing calls. Consumers can register their telephone numbers on the Registry without					
23	charge either through a toll-free telephone call or over the Internet at www.donotcall.gov.					
24	164. The FTC allows sellers, telemarketers, and other permitted organizations to					
25	access the Registry over the Internet at www.telemarketing.donotcall.gov, to pay any required					
26	fee(s), and to download the numbers not to call.					
27	165. The TSR prohibits sellers and telemarketers from calling any telephone					
28	number within a given area code unless the seller on whose behalf the call is made has paid					

1	the annual fee for access to the telephone numbers within that area code included in the		
2	Registry. 16 C.F.R. § 310.8.		
3	166. The TSR prohibits sellers and telemarketers from initiating an outbound		
4	telephone call to telephone numbers on the Registry. 16 C.F.R. § 310.4(b)(1)(iii)(B).		
5	167. The TSR prohibits initiating a telephone call that delivers a prerecorded		
6	message to induce the purchase of any good or service unless the seller has obtained from
