Re: Section 515 Correction Request

Dear Messrs. Wu and Engelbert:

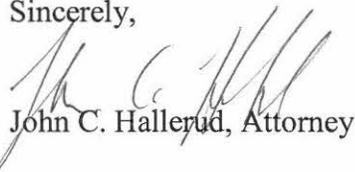

This letter responds to your letter dated May 30, 2017, requesting that the FTC add your company's name to the FTC's list of vehicle history report providers in the Used Car section of the FTC's public website, <https://www.ftc.gov/usedcars>.

The FTC's Office of General Counsel has forwarded your request to the Midwest Region of the FTC, the office that maintains the web page in question. Your request states that you are an official provider of commercial vehicle report providers for the National Motor Title Vehicle Information System (NMVTIS). After visiting the NMVTIS website to verify that your company is on the list of approved providers, and reviewing the list currently posted on the FTC's Used Car page, I have added your company's name to our list of NMVTIS-approved providers.

I trust that this response fully addresses and resolves your request. In accordance with the FTC's administrative mechanism for responding to Section 515 (Data Quality Act) requests, you have 30 days (excluding weekends and Federal holidays) to seek reconsideration of this initial response to your request, in the event you believe that the FTC has not satisfactorily addressed it. Please see <https://www.ftc.gov/data-quality-act/section-515-administrative-mechanism> for details about submitting a request for reconsideration.

In responding to your request, please be aware that the FTC reserves the right to revise, modify or delete content posted on its website at any time, and that adding your company's name to the Used Car page should neither be construed nor represented as implying that the FTC approves or otherwise endorses any goods or services sold or offered by your company. Further information about the FTC's website policies is available at <https://www.ftc.gov/site-information/website-policy>. As explained in the FTC's administrative mechanism for Section 515 requests, and under the FTC's public record rules, your request and this response will be made publicly available on the FTC's Section 515 web page.

Sincerely,

John C. Hallerud, Attorney
