coinfo = I am seeking any and all records including calendars from December 2012 through present pertaining to meetings between any and all Herbalife representatives (both in-house and external) and the following current and former FTC officials: Edith Ramirez, Maureen Ohlhausen, Terrell McSweeney, Julie Brill, Joshua Wright and Jon Leibowitz as well as their attorney advisors. I am also requesting the same information about meetings between Herbalife representatives and Jessica Rich, the director of the Bureau of Consumer Protection. The records I am requesting should be sufficient to show the dates of each meeting, who attended, the subject matter, copies of any power point or other presentations or white papers that were distributed, and how much time was blocked off for the meeting.
