## HANDS-ON EXPERIENCE

*"I feel very privileged to have been part of the International Fellows Program, working on health-care and geoscience antitrust investigations. Considering markets much larger than those in my home country enhanced my knowledge of antitrust matters. My experience participating in an 'immediate access' has proved valuable in my current functions."*

*Kiran Nandinee Meetarbhyan, currently Executive Director of the Competition Commission of Mauritius, with then-Chairman Jon Leibowitz.*

*"The Fellows Program is tailored to provide personal and professional growth, with the right mix of duties to enhance investigative and research skills. My six months as a Fellow to a certain extent paved the way for my current position as Executive Director of the Competition Commission of Mauritius."*

*- Kiran Nandinee Meetarbhyan*

*Angelo Grieco, Team Leader for Unfair Commercial Practices at the European Commission's Directorate General for Justice (right) with International Fellows Program manager Michael Shore.*

*"Spending six months in BCP's Division of Advertising Practices has been an extremely enriching experience. I have worked on several investigations from their inception, in various sectors, and become familiar with U.S. law and enforcement practice."*

*"I've reviewed and assessed evidence, drafted legal analysis and civil investigative demands, and generally participated in all substantive aspects of the matters."*

*-Angelo Grieco*
