AUTHORITY FOR MAINTENANCE OF THE SYSTEM:

PURPOSE(S) OF THE SYSTEM:

This system, currently known within the FTC as Matter Management System 2 (MMS2), is used to record and track the status or occurrence of planned or actual actions and events that may arise in investigations, rulemakings, or other Commission matters, and to generate status or history reports on these actions, events, and matters for use by Commission management and staff, in combination, as needed, with matter-related data from other systems (e.g., FTC-II-13, Staff Time and Attendance Reporting (STAR) System–FTC). Specific purposes of this system (FTC-I-5) include: to maintain records of employee work and Commission law enforcement
activities; to make workload and budget determinations and personnel-related evaluations; to assist in investigative and adjudicative proceedings, enforcement actions, civil penalty proceedings, consideration of compliance reports, issuance of cease and desist orders, advisory opinions, and other Commission matters and proceedings; to refer information compiled in system records to experts and consultants when considered appropriate by Commission staff; and to use those records to properly manage Commission resources.

This system includes a subsystem of records (formerly known as the Office of the Secretary Control and Reporting System or OSCAR) to record and keep track of the status of matters pending for a vote or other review or action before the full Commission (i.e., the five Federal Trade Commissioners). The specific purposes of those records include: to process and control assignments made to individual Commissioners; to coordinate the consideration of and votes on appropriate issues; to assist Commissioners and staff in investigative, adjudicative and rulemaking proceedings, enforcement actions, civil penalty proceedings, consideration of compliance reports, issuance of complaints, negotiation of consent orders, issuance of cease and desist orders, advisory opinions, and other matters before the Commission; and to retain records of the matters before the Commission, the Commission’s deliberations and decisions concerning those matters, and related documents.

**CATEGORIES OF INDIVIDUALS COVERED BY THE SYSTEM:**

**CATEGORIES OF RECORDS IN THE SYSTEM:**

For others: records related to investigatory, rulemaking, advisory opinion and other matters or proceedings, including name and associated matter number; matter status; alleged or potential law violation; and goods or services associated with the proceeding. The records also include brief descriptions or summaries of planned or actual actions or events during an FTC investigation, rulemaking, court case, or other FTC matter or proceeding. The system also includes records of assignments, votes, circulations, or other activities or actions of the FTC’s Commissioners on agency proceedings and matters.
